

The Campus Roundup

by Windy O'Neill

In regard to student admissions to the Tiger's games, this corner interviewed Russ McKinney, the president of the Students' Council, and Russ assured us that the council is going to consider the matter immediately and he thinks there is no reason why the students shouldn't get into the games for, at least, half the going rate. About 99% of the student body think so too! We can start making money out of Canadian Football when the new field is ready—right now the council should be concerned about the students' pocketbook, or rather, change-purse. They pay to equip the team and they should have some return. We hope that there will be quick action on this matter. However, the council is to be congratulated on their unprecedented action of arranging a game with McGill. This shows our university at its true height

An orchid should be thrown to the university authorities for their prompt co-operation in repairing the field. It is said, unofficially, that the budgeted figure for the repairs is well over-passed and such a fine job has been done that, when ready, Dalhousie will have a playing surface unsurpassed anywhere in Canada. It is all the Canadian and English football players can do, to restrain themselves from going out and joyfully thumping their battered bodies up and down on the lush green sward. If we have a long autumn and a good-growing summer, the field should be ready for games next fall.

It was a great Dalhousie opening, last Saturday, in spite of the inclement weather. The Tigers showed, by thumping the bigger and vastly improved Wanderers, that the powerful Navy team will have a real tussle this year for the Purdy Cup. Bob MacDonald scored the first touchdown of the season (as he did last year) and both he and Bobby Wilson turned in standout performances. One of the pleasures of the afternoon was the performance of little Donny Harrison, playing his first game of Canadian Football. It didn't take him any time at all to adjust himself to the new rules and made some bobbing, weaving runs that had the fans goggle-eyed, which goes to prove that a good football player can play either game. Pete MacDonald and Paul Lee showed some tackling, the like of which had not been seen around Dal in years. The line, the big question mark at the beginning of the season, played a sturdy game. Bert Cull, Pete Mingo and a newcomer named Gerry Brown seemed to be in on every play.

The game was broadcast, for the first time, by some character named Riley, a disk-jockey by trade (disk jockey=professional wise-guy), who forgot the game in his intense ornithological interest in a flock of pigeons playing around his COVERED broadcasting booth. Arrangements are being made to de-roof the place.

We don't blame the guy for trying to enhance his reputation by being funny broadcasting a football game if the league will allow him to do it. Here we have the Halifax Canadian Football League and its executive, being so preposterous as to allow a fellow to broadcast to prospective fans, a game he has never even seen before. The HCFL gained the reputation as being very efficiently run, last season—what's happening this year? Let's have some action, boys!

NOTES: Roy "Earl Carroll" ATWOOD has made some very pleasing changes in the campus BOOK STORE this year, be sure to go in and drool over a cup of his steaming brew. A vote of thanks to the WANDERERS for offering us the use of their field for practise—relations this year are as they should be. HUGH NOBLE did a perfect job of refereeing last Sat.—shouldn't be a complaint from either side, but he could speed up the game by making substitutions run on and off the field. There was a turnout of 26 English footballers among whom are DON KERR, BLISS LESLIE, MAC COCHRANE of last year's team—chances look good for a repeat championship. Wonder who's going to take DON WARNER'S place, it's a shame to let the band die—some fellow like ALF COWARD should step into the breach. All VETERANS should be sure to read JACK MACCORMICK'S description of his ISS trip to Europe, starting in next week's issue. It will be accompanied by a nostalgic picture of popular Jack slinking out of a PLACE PIGALLE BAR.

Tennis Team Travels To U.N.B.; To Defend Title

Early Wednesday morning the Dalhousie Tennis Team left for The University of New Brunswick, in order to defend their intercollegiate championship on Thursday or Friday of this week. They have won the title for the past two years and are looking forward to a third.

This time they leave without the services of last year's stalwarts, Bill Pope and Bill Moreside. Sid Bartlett, last year's singles champion will again be with the team. The three new members are Ken Reardon, of Halifax, as the second singles player; Dave Gange from Saint Johns, one doubles player and Ron McCollough, from Montreal the other.

The girls team will consist of Nancy Jones from Halifax; Yvonne LeBrocq from Bedford; Janet Robertson from Bridgewater; and Barbara Quigley from Halifax. Betty

Petrie, their manager also went with them.

The trials for the team were held earlier in the week at the Cathedral Tennis Courts, with about twenty turning out. They travelled by train due to the impossibility of obtaining cars, and are expected back sometime Saturday, but if the tournament is delayed because of the weather, they will remain an extra day. The meet will be a Round Robin affair, without the mixed doubles matches.

after the First World War, in which he served as a commissioned officer in the Field Artillery, He was appointed Dean of Dalhousie Law School, a post he retained until 1929, when he accepted a legal position in Ottawa.

Tigers Meet McGill Redmen Tomorrow

Bengals Ready For Feature Game of The Year

Tomorrow will be the greatest test of ability that the Dal Tigers have encountered since their initiation to Canadian Football last year. At 2.30 p.m., the team will take to the Wanderers Grounds against a strong aggregation of McGill Redmen, flown down here from Montreal. From first glance at the line-ups, the game will prove to be a rugged one.

Twenty-one men, a manager, trainer and a coach will make the trip from the upper Canadian university. The players, according to a short brief received from their publicity department, were chosen from the eighty-odd potential players on the campus, each one with considerable experience, to form an intermediate B team. The line will average around 187, while the backfield around 170. Otherwise, nothing is known about the calibre of the team.

Dal has yet to see any other university play the Tigers. Being proud of their team, they are anxious to see how it will stand up against a similar team from another campus. This will be their chance to compare it with the upper-Canadian brand of ball. Last year the Tigers were defeated in the city league semi-finals. This year they have played one game

Wilson MacDonald

against the Wanderers which they won 11-1. The game could hardly be called a sufficient test for the squad, because of the deplorable condition of the weather and field.

Backfield

One of the outstanding players of last Saturday's game and one of the best backs on the team, is half-back Bob Wilson. Weighing 175 lbs. he is one of the hardest workers on the field. Running mostly on his elbows he stretches his stock 5 ft. 10 in. to its utmost, and is a sure ground gainer. Bob might only be said to be surpassed in aggressiveness by his running half, Bob MacDonald. Bob hits the

Harrison Feron

scales at 182 and his unending drive makes him vital as a plunging back. The speed of the backfield it centered around two men, Pete Feron and Don Harrison. Pete is the closest thing to a ten second man that we have. No newcomer to the game, he hurls his 160 lbs. down the field with sparkling controls. Don is a convert from the English rugger game. His 135 lbs., 5 ft. 5 in. makes him the smallest man on the squad. Nevertheless he makes up for what he lacks in weight, in speed and shiftability, a very touchy combination to hold on to. Paul Lee, one of the smartest ball handlers around these parts, tips the scales at 160 and is 5 ft., 11 in. of tackling dynamite. Paul will be called upon to fulfill wing-back duties this year as well as part time quarter back. Along with these ball carriers are Andy McKay, 160, who will probably be the starting quarter, Duke Mor-

Rugger Practice Begins

The first practice of Dalhousie Tigers English Rugger team was held last Monday at Gorsebrook. Last year the team captured the Maritime Intermediate Intercollegiate Championship, the first rugger title that the Tigers have won since before the war. This year, again under the superb coaching of Bev Piers, the players are looking forward to another great season.

Though the majority of last years' players will not be back this year, a number of good new prospects are on hand to take their place. Back from last year there will be Don Kerr, Bliss Leslie, Don MacAuley, W. Archibald, Bill Ogilvie, B. Morrow and "Foo" Grant. Also Alex Farquhar, one of the outstanding rugger players in the university for the past few years, is also expected to be back in action after a layoff of one year.

New material has turned out in abundance. Approximately thirty-five men were out for practice on Tuesday and more are expected. Some of the more outstanding newcomers are Monty Seegar, J. Leedham, M. MacLeod, G. MacLean, D. Boswell, L. Nightingale, E. Kinsman, R. Love and F. Laffin.

At a meeting of the Halifax English Rugby League last Tuesday evening a season schedule was drawn up. This year there will be an open league, that is, there will be no separate schedules for senior or intermediate teams, but all teams will play together, the team ending in first place taking the senior trophy while the intermediate title goes to the team in second place. There will be five teams in the league, Acadia, Kings, Tech, Acadia's second team and Dal.
