\$75.00? **Hike Will Go Into Effect In Autumn** 

Gazette News Editor Tuition fees for next year are increasing by \$75.00, to bring Arts and Science tuition to \$600.00, according to a reliable source in the Administration.

The source did not specify if the raise will be "across the board". and the Gazette has not yet learned further details.

It appears the reason for the fee hike is a large and recurring University, operating deficit. If the raise is indeed "acros the board", it would net the University budget approximately \$200.000.

There has not yet been an off-icial announcement of the in-Christmas collected 1650 signacrease, and most of those inter- tures. It was presented to Previewed in the Administration re- sident Hicks last week. # Campus Parking System Survives Birth Pains

### By PETER PLANT Gazette Staff Writer

survived its difficult birth.

Professor Chisholm, Univer- ets, each accompanied by sity Engineer and "Father" of fine, have been awarded. the Parking Organization, told the Gazette that he thought students in general "did not like the idea of buying the \$5.00 parking permit but realized the necessity of having a parking system".

To date, 600 parking permits said. have been sold to pay for 60% of the estimated \$5000 project. is not paid within 48 hours (week-The traffic office reported no begrudging or complaining permitbuyers.

Professor Chisholm continued that he couldn't say what the fee will be next year, "It could be something like \$10.00 or \$8.00 for the year. I just don't know", he said.

The professor said that the percentage increase of students this year (approximately 800 over last year) forced the administration to establish control over parking. When asked if he thought the system was long overdue, he replied that there "had been some mention of it before but no action was taken". He said a meeting of the deans on September 30 appointed a committee to deal with the problem.

The publicity form announcing the plan stated, "No car may be parked on campus by a student or staff member without a permit .Permits will not be issued to students living in Residences (Underlined)."

The clause cutting resident student parking caused an immediate outburst in the Men's Residence. After a heated meeting, three delegates were chosen to see President Hicks. The President telephoned Professor Chisholm and arranged to have a special parking lot built for the residence.

Professor Chisholm commented that "the President of the Men's Residence House Committee approached President Hicks and the decision was reversed, correctly". Mr. Chisholm added that the \$5000 estimation does not include the Residence lot.

Mr. Walsh, the University traffic officer, told the Gazette Professor A. Chisholm's new that so far 235" courtesy tickets" parking system for Dalhousie have been issued. The courtesy staff and students is two weeks tickets require no payment, and old, and seems to have easily only constitute a warning. Approximately six "violation ticets, each accompanied by a \$2.00

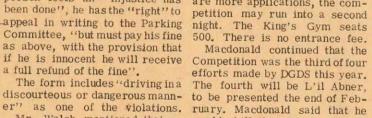

Mr. Walsh could not definitely state the penalty for failing to pay a fine. "Perhaps the violator's parking privileges could be revoked, but it is hoped that the students will cooperate", he
