WAR'S COST IN MONEY AND LIVES.

The cost of the war in money alone was \$197,000,000,000, or \$11,000,000 more than the total property value of all of North America, says Secretary of War Newton D. Baker. "The deaths from wounds in battle numbered 7,300,000 and the total deaths in all the armies reached 9,000,000," he said. Referring to the proposed League of Nations, Secretary Baker said: "Unless such an organization was formed under some name and under some constitution, anarchy bred by disease, hunger and despair would overwhelm the earth. No child born in a civilized nation in the next hundred years will escape paying a considerable portion of the debt this war has brought about."
