Fine Drivers

cannot be made out of horses that are out of condition. Merely to feed plenty of oats is not enough. A horse gets run down the same as a man and needs a general toning up.

Dick's Blood Purifier

is a scientific preparation in the form of a powder. It purifies the blood, strengthens the digestion, turns a rough coat into a smooth and glossy one and puts the animal "in condition." He then has "good life" and feels like holding up his head and lifting his feet.

MILCH COWS are greatly benefited by it. The whole system is toned up. The digestive organs being strengthened, more nutriment is drawn from the food and the flow of milk increased.

Dick's Blood Purifier will pay for itself ten times over.

For sale by druggists, at general stores or sent post paid on receipt of 50 cts.

ADVERTISE IN ADVOCATE**STOCK GOSSIP.**

In writing to advertisers please mention the Farmer's Advocate.

H. Bollert, Cassel, Ont., should have no difficulty in obtaining his desire expressed in his change of advertisement. To feed an inferior animal that gives no return for food consumed is worse than folly. Such females as Mr. Bollert offers should not only return a profit for their keep but produce stock that should sell readily for good prices.

John Miller & Sons, Brougham, Ont., writes:—"We have been too busy to say much lately, but now, having time to speak, can still say that we have not had a person come this season with a view to buying but has purchased from us. We have, during the past four weeks, shipped three full carloads of rams, a lot of one ram and twenty-three ewes to Wisconsin, a lot of one ram and seventeen ewes to P. Q., and a number of small lots to many States and Provinces. We have a number of ram lambs sold but not away. We show at New York, and have several intending purchasers coming the following week."

R. B. McMullin, Goldsmith, Ont., writes:—"I am pretty well sold out of pigs at present. I have a few of August, one of June and two of October farrows still on hand. I am breeding some first-class sows for March farrow, and I intend to import another sow or two this winter, bred for spring litters. I am well pleased with my returns from advertisement in the Advocate. My latest sales of Poland-Chinas are as follows: Sow (bred) to Wm. Allen, Comber, Ont.; boar (imported in dam) to Wm. Allen, Comber, Ont.; sow (imported in dam) to J. A. Hicks, Essex, Ont.; boar (imported in dam) to J. A. Hicks, Essex, Ont.; boar to Joe Mather, Ruscomb River, Ont.; boar to Joe Lalonde, Comber, Ont.; boar to John Dick, Goldsmith, Ont.; boar to Herman Pettit, Comber, Ont."

A. & G. Rice report:—"The demand for Holsteins continues very good, owing, no doubt, to their success in the dairy test. We have sold the fine bull, Marcena's Pet's Baron, to Mr. Adam Greene, Diamond P. O.; he was awarded 1st prize at London. His sire is Siepkie 3rd's Mink Mercedes Baron, a World's Fair prize winner. He is also the sire of prize winners, being the sire of the 1st prize yearling bull and 1st prize three-year-old cow at the big fairs, and has many other good ones to his credit. The dam of the young bull is Marcena's Pet, record 51 lbs. in one day at five years old, and a good stamp of a dairy cow. Another young bull, dam Marcena's Pet Jewel, sire Siepkie 3rd's M. M. Baron, we shipped to Wm. Rice, Wawanessa, Manitoba. Another Bull, Daisy Texal's Malakoff P. O., sent to Mr. Thos. Johnston, Malakoff P. O., Ont. This is a son of Daisy Texal, one of the best matrons in our herd; she won 2nd to Eunice Clay in Toronto milk test, 1894. She has given 13,000 lbs. milk in 11 months, and a regular breeder, three of her daughters winning prizes this fall at the great fairs; one a three-year-old, cow (four years old), one as a three-year-old, and one as a two-year-old. D. T.'s Sir Jewel is full brother to these three young cows, all being sired by "Jewel 3rd's D. Netherland," whose dam (Jewel 3rd) gave 2,378 lbs. milk in 30 days, and granddam, Jewel, one of the greatest cows of the breed, victorious wherever shown in the States, 1885 to 1888; record 100 lbs. milk in one day, 31 lbs. butter in seven days. We have also sold Catholine 5th's Sir Anggie Clothilde to Mr. Thos. Davidson, to head his fine herd. It will be remembered, Mr. Davidson bred Carmen Sylvia, that won so much honor for herself, her owner and her breeder, in the dairy test. The dam of this young bull, Catholine 5th, is a milker of the highest order, having given us 51 lbs. in one day, 200 lbs. in four days at three years old; and the sire's dam has a record of 82 lbs. 4 oz. milk in one day, and 21 lbs. 8 oz. butter in seven days. The purchasers of such bulls as these are bound to succeed. P. S.—We have sold two sow pig (Poland-Chinas) to Mr. Truesdale, Spring Valley, Ont."

MEADOWBROOK HERD OF JERSEYS.

Meadowbrook Farm is situated but a short walk from Shedden, Ont., and comprises some two hundred acres. Its proprietor, Mr. Edgar Silcox, is an enterprising and affable gentleman, and the visitor may be assured of a cordial welcome. On looking over the Jersey herd we found them in prime shape, a vigorous good constitution, and well marked lot, good handlers, and, from appearances, fine milkers. The Jerseys are kept for their utility as butter producers. Some sixteen cows are kept milking and a cream separator is used. The butter is neatly done up in one pound prints and shipped to Toronto, where the top prices are realized. Mr. Silcox claims his Jerseys bring him in from \$50 to \$60 a year each with butter besides raising the calves. Among the cows we would mention Rose of Oak Grove 5352, A. J. C. C., a nicely marked cow (bred by Samuel Smoke, of Canning, Ont.), a grand matron in many respects, with a rich, mellow skin, a fine silky udder and well-lined milk veins. She is by King Hugo of St. Lambert 16396, by Orloff's Stoke Pogis 11157. Dam of Rose of Oak Grove is Daisy of Maple Lane 44540, daughter of Mammie of Maple Lane. Rose of Oak Grove traces back to Stoke Pogis 3rd, Miller & Sibley's great bull for which they refused \$15,000.00. A good four-year-old is Lady May Stoke Pogis 75430, by Oak Grove Stoke Pogis 2295, dam Champion Zippie 50093. A fine two-year-old heifer from the same dam was seen in Lady Edna Hugo 86601, by King Hugo of St. Anne's, 81 per cent. same blood as Mary Ann of St. Lambert. A very promising heifer is the yearling May Butter Queen, by Robin of Meadowbrook 31905, and from Lady May Stoke Pogis 75430. This heifer is of fine conformation and a good handler. We also saw a beautiful heifer calf from same dam as the yearling and by Ida's Romeo. In another stall we saw Rose's Roter, a beautiful four-year-old son of Robin of Meadowside, and from Rose of Oak Grove, winner of a diploma at London in the past. Rose's Roter won first wherever shown this year, and, well handled, is the making of a grand bull. He has a beautiful head, a stylish appearance, a good skin, and shows quality all through. This bull is now for sale, as will be seen in Mr. Silcox's advertisement, and also a good nine-month-old calf from Lady Edna Hugo and also to Polina of Meadowside.
