

## STOCK GOSSIP.

*In writing to advertisers please mention the Farmer's Advocate.*

See J. Lenton's new advertisement in this issue, of Golden and Silver Wyandottes.

Mr. J. C. Lyons, of Lucknow, Ont., in writing us to change his advertisement, says that he has added some new cocks to his flock at long prices. All the birds are in fine condition and eggs are hatching better than ever this season.

The Roadster stallion, Redjacket, by Redmond, advertised in this issue by E. Rothwell, Ottawa, was seen by us at the last Montreal and Ottawa exhibitions, where he captured, at the former, first and sweepstakes, and at the latter, second prize. He is a strong, handsome horse, and an excellent mover.

It will be of important interest to persons desiring an exceptionally fine Hackney mare to go into the stud or before a dog cart, to learn that Mr. H. N. Crossley's Althorpe Duchess, portrayed on the front page of this issue, is to be sold by auction at Grand's Repository, Toronto, on April 18th, which is the last day of the Canadian Horse Show. It will be a matter of surprise to many that Mr. Crossley would consent to part with this mare.

We learn by a letter from Mr. R. E. White, Perth, Ont., that he was among the wise providers of fodder last year, and now has plenty of hay, corn, and roots to carry his Ayrshires in good form until grass comes. His stock bull, Grand Duke, the son of the noted winner, Sir Laughlin, has a grand lot of calves to his credit. The females of the herd are such cows as Brownie of Burnside, Lady Albion, and others, descended from such cows as Jessie of Burnside, winner of first prize as a three-year-old at the World's Fair.

**THE TROTTERING REGISTRY STANDARD.**  
At the annual meeting of the stockholders of the American Trotting Register Association, held in Chicago, April 1st, 1896, the trotting standard for registration was amended by the following resolution:

That the following Standard Rules be and are hereby adopted to control registration, to go into effect May 1st, 1897, subject to the approval of the stockholders of the American Trotting Register Association at the annual meeting to be held April, 1897:

**The Trotting Standard.**  
When an animal meets these requirements and is duly registered, it shall be accepted as a standard bred trotter:

1.—The progeny of a registered standard trotting horse and a registered standard trotting mare.  
2.—A stallion sired by a registered standard trotting horse, provided his dam and granddam were sired by registered standard trotting horses, and he himself has a trotting record of 2.30 and is the sire of three trotters with records of 2.30 from different mares.  
3.—A mare whose sire is a registered standard trotting horse, and whose dam and granddam were sired by registered standard trotting horses, provided she herself has a trotting record of 2.30 or is the dam of one trotter with a record of 2.30.

4.—A mare sired by a registered standard trotting horse, provided she is the dam of two trotters with records of 2.30 by different sires.  
5.—A mare sired by a registered standard trotting horse, provided her first, second and third dams are each sired by a registered standard trotting horse.

**The Pacing Standard.**  
When an animal meets these requirements and is duly registered, it shall be accepted as a standard bred pacer:

1.—The progeny of a registered standard pacing horse and a registered standard pacing mare.  
2.—A stallion sired by a registered standard pacing horse, provided his dam and granddam were sired by registered standard pacing horses, and he himself has a pacing record of 2.25 and is the sire of three pacers with records of 2.25 from different mares.  
3.—A mare whose sire is a registered standard pacing horse and whose dam and granddam were sired by registered standard pacing horses, provided she herself has a pacing record of 2.25 or is the dam of one pacer with a record of 2.25.

4.—A mare sired by a registered standard pacing horse, provided she is the dam of two pacers with records of 2.25 by different sires.  
5.—A mare sired by a registered standard pacing horse, provided her first, second and third dams are each sired by a registered standard pacing horse.

6.—The progeny of a registered standard trotting horse out of a registered standard pacing mare, or of a registered standard pacing horse out of a registered standard trotting mare.

It is further resolved, that on and after May 1st, 1897, the fees charged for registration of all animals over two years of age shall be double the regular fees.

## MAPLE HILL HOLSTEIN-FRIESIANS.

On account of scarcity of feed I will make very low prices on several fine heifers, some of them prize winners and bred to the great bulls Netherland Consul and Sir Pieterje Josephine Mechtild. Remember that at the last Toronto Industrial I won every first on heifers and both silver medals, in hot competition, and under the expert judgment of Mr. C. R. Payne, of New York. G. W. CLEMONS, St. George, Ont.

## HOLSTEINS!

WE now offer young stock that have won prizes, and calves from our show herd, from one month to one year old, whose dams have large records—any age or sex—FOR SALE, at very low prices to quick buyers. Also some Poland-China Pigs, 1 and 6 months old; same quality (the best).

## ULRICH'S Illinois Mammoth Southern Sweet White Dent ENSILAGE

CORN is what you want for ensilage purposes. It stands more dry weather and will produce more ensilage on poor or good soil than any we know of. Ask your seed dealer there for it, and use no other. It is endorsed by some of the best seedsmen throughout Canada. Don't let them press you into using any other, but insist on having your

seed dealer show you our book of testimonials and invoice dated this season. It will pay you. Also ask for our Yellow Dent, which is very choice. Our sales this year have been very heavy.

**E. R. ULRICH & SON,**  
Springfield, Ills.

Tilsburg, Ont., 4-1-96.

Messrs. E. R. ULRICH & SON,  
Springfield, Illinois:

Gentlemen,—In reply to your favor of 27th of March, beg to say that the M. S. S. Seed Corn that we planted last spring, from which we grew such heavy crops of Ensilage, was seed we purchased from you, and I have no objection to your making use of the fact in advertising your corn. I inclose a printed circular. I had so many enquiries asking what seed I planted, and how I cultivated my corn and saved it in silos, I had not time to answer so many letters, and so had some printed. Also one on the silo.

Yours truly,  
(Signed) E. D. TILLSON.
