GOSSIP.

The contract for the additions to the Ontario Winter Fair building at Guelph has been let to W. A. Mahoney, of Guelph. The building is to be completed by November.

Messrs. Dunham, Fletcher & Coleman, Wayne, Du Page Co., Ill., under date of July 15th, announce the safe arrival at their Oaklawn Farm, of their second importation from France the present year, consisting of eighty-one head of Percheron and French Coach stallions and a few choice mares, brought by Mr. W. S. Dunham, who has been in France for some months. Mr. James M. Fletcher, of this firm, its foreign buyer, will sail from France on July 17th, bringing with him about as many more stallions. When these have arrived and are added to their already choice collection, many of which are young and growing home-bred horses, their stables will be filled to repletion for the coming season's trade. It is claimed that their improved facilities in importing, of late years, relieve horses of most of the fatigue incident to the old-time ways, which, in earlier years, left them at the end of their journey in a fatigued condition, which necessitated a long rest for recuperation before they were fit for the sale and their work in the stud. The exceedingly long, deep-draft steamers which now bring horses across the ocean, with greatly improved accommodations, give them, even in rough weather, a comparatively smooth passage. The firm is well pleased with their purchases for this year's importation, and say that the horses are in every respect fully equal to those in their grand collection of last year, with which they won such a sweeping victory at the International Live Stock Exposition at Chicago last December.

Three miles south of Rodney, Ont., on the M. C. and L. E. & D. R. Railroads, in the County of Elgin, lies the beautiful and well-appointed farm of Mr. A. D. McGugan, breeder of Scotch Shorthorn cattle and Lincoln sheep. Mr. McGugan's Shorthorns, of which there are 35 head, are both imported and home-bred. Among the imported ones is the beautifully-modelled cow, Dayspring 6515, by Mansfield, by the great William of Orange; dam Well-spring, by Mariano; he also by William of Orange. This cow is a typical Scotch Shorthorn, of faultless build and full of quality. One of her, and sired by the noted Abbotsford, is an eleven-months-old roan bull that, from his present perfect form, bids fair to eclipse his grand old sire as a show bull. He is for sale. Another of the imported cows is Rosetta 8th, sired by Allan Gwynne, by Star of Morning; dam Rosetta 7th, by John Bull. She is also one of the good kind. Out of her is a two-year-old heifer imported in dam, sired by Scottish Prince; and a one-year-old heifer sired by Abbotsford, both beauties. Her calf this year is a bull, sired by Abbotsford. Then, there is Duchess of Boston, out of Queen of Diamonds, by Chief Captain, by Imp. Indian Chief; dam Boston Queen. She is a big, well-proportioned cow, one of the up-to-date kind. There are two of her heifers, a two- and a three-year-old, sired by Scottish Prince (imp.) and Scottish Chief. The Chief family is represented by two splendid cows, each with a heifer calf at foot. By Abbotsford. The Darlingdon family has a model representative in the imported cow, Darlingdon. There are four cows in the herd descended from her that have calves at foot by Abbotsford. All told, there are fifteen breeding cows in the herd that, as an even, well-balanced lot, are equalled by few. There are nine heifers from six to eighteen months old, and two that are two years old, in calf. These heifers are an ideal lot, smooth to a turn, and are in perfect condition. All of them are for sale. There are also five bull calves coming on, sired by the stock bull, Abbotsford. As just intimated, this herd is headed by the continental-named bull, Abbotsford 19446, a bull too well known to need any description. Although now in his tenth year, he is still as active as a yearling and a sure stock-getter, and retains to a wonderful degree his youthful form and symmetry. Mr. McGugan is offering for sale five choice young cows in calf and also one handsome red cow by Scottish Archer, with heifer calf by her side. They should find a ready sale. Mr. McGugan's Lincolns number 40 head, exclusive of this year's lambs, a majority of which are imported. Last year's importation was bred by Henry McDougall, and a choice lot would be hard to find. They were all in lamb to Dudding's choice stock ram, and the lambs are a big lot. All of the breeding ewes that are not imported are bred directly from imported stock. This season's lambs, other than those that were imported in dam, are sired by the Dudding-bred ram, Challenger, whose sire and dam were also both bred by Dudding. This season's crop of lambs will all be for sale, and at present they are looking grand and growing rapidly.
