TRY ERE YOU DESPAIR.
HOLLOWAY'S PILLS.

CURE OF ASTHMA.
Extract of a letter from Mr. Benjamin Mackie, a respectable Quaker, dated Creech, near Loughall, Ireland Sept 11th, 1840.
Professor Holloway, — Thy excellent Pills have effected a cure of my Asthma, which afflicted me for three years to such an extent that I was obliged to walk my room at night for air, afraid of being suffocated if I went to bed by cough and phlegm. Besides taking thy Pills I rubbed plenty of thy Ointment into my chest night and morning. (Signed)
BENJAMIN MACKIE.

CURE OF TYPHUS FEVER, WHEN SUPPOSED TO BE AT THE POINT OF DEATH.
A respectable female in the neighbourhood of Loughall, was attacked with Typhus Fever. She lay for five days without having tasted any description of food. She was given over by the Surgeon, and preparations were made for her demise. Mr. Benjamin Mackie, the Quaker, whose case is referred to above, heard of the circumstance, and knowing the immense benefit that he himself had derived from Holloway's Pills, recommended an immediate trial, and eight were given to her, and the same number was continued night and morning for three days, and in a very short time she was completely cured.
N. B.—From advice just received, it appears that Colonel Desr, who is with his Regiment in India, the 21st Fusiliers, cured himself of a very bad attack of Fever by these celebrated Pills. There is no doubt that any Fever, however malignant, may be cured by taking night and morning capsules of this fine medicine. The patient should be induced to drink plentifully of linseed tea, or barley water.

CURE OF DRUPSY IN THE CHEST.
Extract of a letter from J. S. Mundy, Esq., dated Kensington, near Oxford, December 2nd, 1848.

To Professor Holloway,
Sir,—My chest had for some time been afflicted with water on the chest, when I heard of it I immediately advised him to try your Pills, which he did, and was perfectly cured, and is now as well as ever he was in his life. As I myself received so astonishing a cure last year from your Pills and Ointment, it has ever since been my most earnest endeavour to make known their excellent qualities. (Signed)
J. S. MUNDY.

THE EARL OF ALDBOROUGH CURED OF A LIVER AND STOMACH COMPLAINT.
Extract of a letter from his Lordship, dated Villa Messina, Leghorn, 21st February, 1845.

To Professor Holloway,
Sir,—Various circumstances prevented the possibility of my thanking you before this time for your politeness in sending your Pills as you did. I now take this opportunity of sending you an order for the amount, and, at the same time, to add that your Pills have effected a cure of a disorder in my liver and stomach, which all the most eminent of the Faculty at home, and all over the Continent, had not been able to effect; nay! not even the waters of Carls, Bad and Ems. I wish to have another box and a pot of the Ointment, in case any of my family should ever require either.
Your most obliged and obedient servant,
(Signed)
ALDBOROUGH.

CURE OF A DEBILITATED STOMACH.
Mr. Mate, a storekeeper, of Gundaga, New South Wales, had been for some time in a most delicate state of health, his constitution was debilitated that his death was shortly looked upon by himself and friends as certain; but as a forlorn hope, he was induced to try Holloway's Pills, which had an immediate and surprising effect upon his system, and the result was to restore him in a few weeks to perfect health and strength, to the surprise of all who knew him. He considered his case so extraordinary that he, in gratitude, sent it out for publication to the Sydney Morning Herald, in which paper it appeared on the 2nd January, 1845. A few doses of the Pills will quickly rally the energies of both body and mind, when other medicines have failed.

These celebrated Pills are wonderfully efficacious in the following complaints:
Ague Female Irregularities Sore throats
Asthma Bilious Complaints Fevers of all kinds Scrofula or king's evil
Blootches on the skin Fits Stone and Gravel
Bowel Complaint Headaches Secondary Symptoms
Colic Indigestion Tumor Tumor
Constipation of Bowels Jaundice Ulcers
Consumption Liver Complaints Venereal Affections
Debility Lumbago Worms all kinds

CERTIFICATES
Of persons who were suffering from severe attack of Erysipelas, who had tried the many remedies, which are usually prescribed from which they found no relief, but after applying Mrs. BERTAUX'S MEDICINE were effectually cured.

This is to certify, that I have been afflicted with the Erysipelas, or the Salt Rheum, as the Doctors call it, for ten years. My hands were frequently so diseased, that I could make no use of them. I employed several physicians, but to no purpose as my suffering only increased. I applied Mrs. BERTAUX'S MEDICINE for a short time, and was soon cured of every vestige of the disease. The redness which I felt, on the long and painful disease removed, was much more than tongue can express. After three years from the time when I used the Medicine, was threatened with a relapse or return of the disease. I applied the Medicine and the disease disappeared. From that time to the present, I am perfectly free from all symptoms of Erysipelas or Salt Rheum. I therefore heartily recommend it to all who are similarly afflicted, as a speedy and effectual remedy.

ANN S. WHELOCK, Nictaux.
August 5, 1847.
This is to certify that my wife was attacked with Erysipelas in the face. I applied Mrs. BERTAUX'S MEDICINE, and the first application stopped its progress, and continuing to use the medicine, in less than a week my wife was quite well.
ELIAS GRIMES, Wilnot.

May 1st, 1848.
Wilnot, May 15, 1850.
This is to certify that my son was severely afflicted with the Erysipelas in his leg last summer, so badly that he scarcely slept for five successive nights. I then procured some of Mrs. BERTAUX'S MEDICINE, and applied it, and in the course of one week, the boy was well, and I verily believe I had not used the above Medicine, that he could have lost his life.

Sworn before me,
THOMAS C. WHELOCK, Esq.
May 16, 1850.

Annapolis, January 3rd, 1851.
This is to certify that my daughter about a year ago had a very severe attack of Erysipelas in her head and face, so much so that there was little hope of life. Medical aid was called, but the worst was that all was over as the dreadful disease had overspread the brain, and she was raving distracted. In this extremity I had accidentally heard of Mrs. BERTAUX'S MEDICINE. I went and got a small phial, and proceeded to apply it as directed; and almost instantaneously the disease was arrested from further progress, and in a few days, the swelling was gone, and her natural colour returned, and she is now alive and well.

LIFE AND FIRE INSURANCE. The Undersigned has been appointed Agent for the "TRENTON MUTUAL LIFE INSURANCE COMPANY OF TRENTON," United States, and having previously to taking the Agency, received satisfactory proof of the good standing and respectability of the Institution, he begs to inform the public generally that he is now prepared to issue Policies for eligible risks at moderate rates of premium, and to receive proposals for Life Policies, which will be forwarded to the Directors, and if accepted, Policies will be immediately returned. The Capital Stock of the Trenton Mutual is now \$250,000, well secured in good productive Stocks, Mortgage on Real Estate, and Cash in Banks—and is doing a very large and as yet from its commencement in 1847, a very successful business.

In the Life Department they issued the first year, ending 1st October, 1849, 357 Policies—a number which very few Companies of long standing ever reached in the same time. The benefit of the mutual system in Life Insurance is very apparent, and is most favourable to all Policy holders in this Society, inasmuch as they receive a portion of each year's profits yearly, being deducted from the Premiums then payable, which are lower than any of the English Companies and not subject to stamp duty—all the particulars of which are fully set forth in the Pamphlets which the Agent has for distribution, who furnishes all Blanks and every necessary information, together with the Medical Examiner's Certificate gratis. All persons intending to insure are invited to call on the Agent, who will give them every information.

The Unrivalled Summer Medicine
IS WELL KNOWN TO BE
DR. S. TOWNSEND'S EXTRACT OF
SARSAPARILLA.

WHICH assertion is endorsed by the following Testimonial from Rev. James Beattie, Pastor of the Third Presbyterian Church, New Orleans, 15th July, 1850.
Dr. S. P. Townsend—Dear Sir: I feel it to be both a duty and a privilege to say, that for several summers past I have used your preparation of Sarsaparilla in my family with the happiest effects. Yours, etc., JAMES BEATTIE.

Halifax, January 2nd, 1851.

MR. SAMUEL STORY, Junr.

Dear Sir,—I am happy to inform you that I had an opportunity of perceiving the good effect derived from the use of Dr. S. P. Townsend's Sarsaparilla, on Mrs. Rebecca Robinson, of Shelburne, who was considered in a decline, having a severe Cough, with symptoms of Asthma. She took large quantities of COD LIVER OIL, but without any benefit derived from it; at my request she was induced to try your valuable Sarsaparilla, and am happy to say with great success. She has taken five Bottles, and is now able to go about her house as usual, before taking it she was confined to her bed and not expected to live.

Your obedient servant, JOSEPH WAITERS.

Opinions of the Press.
Mr. Toque is a "Newfoundland" and knows more of us Yankees than most of us know of ourselves. His book is quite remarkable, it is full of information, and the very information needed to afford a just estimate of the country. Its statistics are abundant, but they are woven into sketches, personal and general, in such a manner as to relieve them of dullness. It treats of our manufactures, shipping, navy, public men, slavery, religion, and we know not what it omits. It ought to be a reliable volume.—Boston, Zions Herald, May 20th.
"Such is the quaint title of a neat duodecimo volume, which we find upon our table. It is just what it professes to be, a peep at the Massachusetts corner of Uncle Sam's great homestead by a citizen of Newfoundland. Mr. Toque appears to have travelled with his eyes open, and between the covers of his book the reader can find a large amount of valuable and entertaining reading matter."—Worcester Daily Spy, May 20th.
