" A. L. O. E. (Miss C. M. Tucker) may be termed a writer of sanctified fiction, There have been many of these, yet, judging by the hold her stories have had upon the southful mind, she has been queen of them all. Gifted with the genius and possessed of the arts of the popular novelist, she knew how to catch attention and hold it. Her production. were characterized by ingenuity of plot and happiness of diction. But she was not content with endeavor simply to entertain. The spiritual profit of the reader was the prime purpose, and all else was bent to that end. Her work shows that sh acutely comprehended child nature. Some writers tell a story with no inherent instruction, and app nd a moral. The child reads the story, skips the moral, and is nothing profited. Miss Tucker interweaves the two so that they cannot be separated. Every portant truth or enforces some valuable leswon.' - Daily Witness.

HAIR RENEWER

was the first preparation perfectly adapted to cure diseases of the scalp, and the first successful restorer of faded or gray hair to its natural color, growth, and youthful beauty. It has had many imitators, but none have so fully met all the requirements needful for the proper treatment of the hair and scalp. HALL'S HAIR RENEWER has steadily grown in favor, and spread its fame and usefulness to every quarter of the globe. Its unparalleled success can be attributed to but one cause the entire fulfilment of its promises.

The proprietors have often been surprised at the receipt of orders from remote countries, where they had never made an effort for

The use for a short time of HALL'S HAIR RENEWER wonderfully improves the personal appearance. It cleanses the scalp from all impurities, cures all humors, fever, and dryness, and thus prevents baldness. It stimulates the weakened glands, and enables them to push forward a new and vigorous growth. The effects of this article are not transient, like those of alcoholic preparations, but remain a long time, which makes its use a matter of economy.
