

Arnold SLEEPING SUITS

Highly favored on account of their Superior Style and Splendid Quality.

THERE are many ways to make sleeping suits, but in this full-fashioned garment we believe we have provided a garment that is better. It is shaped to fit the form, and is exceedingly roomy where required. Seams are all covered with a soft tape. Double soles and heels. Necks and all other openings neatly bound with a substantial silk binding. No detail in the construction of these night suits has been omitted. Their reputation for value and satisfactory wearing qualities has made them the standard of sleeping garments.

Winter weight Suits for ages 2 to 6 years at \$2.00 to \$3.00 each.
