

LIVE STORK MARKETS.  
TORONTO.

Receipts of live stock at the City Market were 1106 cattle, 1416 hogs, 85 sheep and 696 calves.

The quality of fat cattle was no better. Not enough of the finished class to supply the demand.

Trade was brisk, with price firm, especially for the best, the market closing strong.

Exporters—Export steers, of which there were few on sale, sold from \$5.50 to \$6; bulls, \$4 to \$5 per cwt.

Butchers — Prime picked butchers' sold at \$5.75 to \$6; loads of good to choice butchers' \$5.50 to \$5.75; medium \$5 to \$5.30; common, \$4.75 to \$4.90; cows \$4.40 to \$4.75 for good, and common to medium cows, \$3.50 to \$4.25; canners, \$2 to \$3 per cwt.

Feeders and Stockers—H. & W. Murby report few of either class on sale today, although there is a good demand at steady prices. Mr. Murby bought two car-loads at following prices: Good steers, 1000 to 1100 lbs each, at \$4.75 to \$5 per cwt; good steers, 900 to 1000 lbs each, at \$4.25 to \$4.75; goods steers, 800 to 900 lbs each, at \$3.90 to \$4.25; good steers, 600 to 800 lbs each, at \$3.25 to \$3.90; light stockers, 400 to 600 lbs each, at \$3 to \$3.25.

Milkers and Springers—The number of good to choice milkers and springers was small. Prices ranged from \$30 to \$55 each.

Veal Calves—Deliveries of calves of all kinds were large, over 700 all told, which caused prices to be easy for the general run. Prices ranged from \$3 to \$5.50 for the bulk, with a few at \$6 per cwt.

Sheep and Lambs—Receipts light and prices firm. Export ewes, \$4.50 to \$5.50; rams, \$4 to \$4.50 per cwt; yearling lambs, \$6.50 to \$7.50; spring lambs at \$3 to \$6.50 each.

Hogs—Receipts of hogs from all sources were 1416, of which Mr. Harris bought about 1200 at 25c per cwt less than last week's quotations. Selects, fed and watered, \$6.15, and lights, \$5.90. Mr. Harris reports the market weak at the decline.

## CORRECTLY NAMED.

Mose, the darky cook of a party of surveyors in Eastern Texas, was greatly annoyed by the razorback hogs that roamed around the camp. One evening, while he was at the spring, a particularly ravenous band of these "rooters" raided the cook tent and ate everything that was edible and some other things that weren't.

For several moments after his return from the spring Mose could find no words to express his feelings.

"Wall," he finally exclaimed, "de good Lawd suhtainly knowed His business when he named hawgs 'hawgs'! Dey sho' is hawgs!"

## THE TWO ALTERNATIVES.

"We get some sad cases," said the attendant at lunatic asylum to the visitor, and opened the door of the first cell.

Inside was a man sitting on a stool and gazing vacantly at the wall.

"Sad story," said the attendant, "he was in love with a girl, but she married another man, and he lost his reason from grief."

They stole out softly, closing the door behind them, and proceeded to the next inmate. This cell was thickly padded, and the man within was stark, staring mad.

"Who is this?" inquired the visitor.

"This," repeated the attendant—"this is the other man."

## POWER THAT LIES IN STEAMS.

In these days of farm-help famine, farmers are beginning to look about them for other means besides mere muscle to help them to carry on their business. Many a man has watched the water in the brook that runs through his farm go by for years without ever a thought that it might be made useful to him. Now he is waking up to the fact that a wheel placed in the stream will produce enough electricity to supply power to do the work of a dozen hired men. For instance:

In Oneda County, New York State, David M. Miner has lived on a farm for 40 years, and he and sons have have by hard blows, wrought out a living.

Three-years ago one of his sons, home from college on his vacation, fell to thinking about the brook that ran thro the farm, and decided to put it to work. Now this little stream runs an electric motor which supplies heat for the house and light as well, not only for the dwelling but for the barns, dairy and poultry house. It runs the separator, saws all the wood, runs the feed cutter, elevates the silage; heats the laundry iron, runs the sewing machine, and in fact does four-fifths of all the work about the farm dwelling and barns that has heretofore been done by hand.

The expense was only a few hundred dollars and the work was all done by the farmer and his son. The harnessing of this little stream and the forcing of its wasted power to do the work of many men has added twenty-five per cent. to the value of the farm in the saving of time and labor.

There are thousands of farms all over this country where equal opportunities are awaiting the intelligent touch of farmers who are progressive enough to see the advantages that lie at their very doors.—Galt Reporter.

## EAT WHAT YOU WANT

BUT FIND THE WAY TO DIGEST WHAT YOU DO EAT.

The first thing to do in the case of indigestion or stomach weakness is to strengthen the muscular walls of the stomach and intestines, so that they will care for the food that is eaten. In no other way can this be done as well as by taking a Mi-o-na tablet before each meal. This restores strength to the stomach muscles and stimulates the pouring out of gastric juices, then the food digests readily and you begin to get the full benefit from what you eat.

Use Mi-o-na whenever you have sick headache, heartburn, bad taste in the mouth, coated tongue, spots before the eyes, sleeplessness and the many other symptoms that are the direct result of indigestion.

Jno. Coates gives with every 50c box of Mi-o-na a guarantee to refund the money unless the remedy cures.

## Amusing Advertising Swindles.

A man who answered advertisements in cheap "story papers" has had some interesting experiences. He learned that by sending one dollar to a Yankee he could get a cure for drunkenness. Sure enough he did. It was "to take the pledge and keep it." Later on he sent fifty two-cent stamps to find out how to raise turnips successfully. He found out—"Just take hold of the tops and pull." Being young he wished to marry, and sent thirty-four one-cent stamps to a Chicago firm for information as to how to make an impression. When the answer came it read, "Sit down on a pan of dough." It was a little rough, but he was a patient man, and thought he would yet succeed. Next advertisement he answered read, "How to double your money in six months." He was told to convert his money into bills, "fold them" and he would see his money doubled. Next he sent for twelve useful household articles and he got "a package of needles." He was slow to learn, so he sent one dollar to find out "How to get rich." "Work like the devil and never spend a cent." And that stopped him, but his brother wrote to find out how to write a letter without pen or ink. He was told to "use a lead pencil." He paid one dollar to learn how to live without work, and was told on a postal card to "fish for suckers as we do."

## "SHOW ME" PROOF.

THAT IS WHAT HYOMEI WILL DO IN ALL FORMS OF CATARRH AND TROUBLES OF THE BREATHING ORGANS.

It's not a question of Hyomei having cured some one else but will it reach your own particular case. If it's cold in the head, Catarrh, Enchitis, Pneumonia, Croup or any affection of the breathing organs J. Coates says yes, and will refund the money if it fails. No other preparation for the same purpose can successfully do this, because the Hyomei system of treatment is different from anything else.

You simply breathe and inhale its medication in dry air form which destroys the germ life that causes oppressed breathing, Nasal Catarrh, Throat Irritation and Lung Troubles. It brings to these suffering organs the balsam laden air they would get in the Pine and Eucalyptus forests. The air that stamps out Bronchial troubles.

The price of entertainers, Marshal P. Wilder says; Hyomei is easy to use and swift to cure. It insures against coughs and colds. It gives you pure air and kills the germ of disease. It helps the voice.

Hyomei complete outfit, \$1.00.

## AN OPTIMIST.

It was not always possible for Mrs. Leahy, from her permanent station at the washtub, to appreciate the silver lining which Mr. Leahy discovered in every cloud and pointed out to her.

"I've lost me job," he said, cheerfully, "but this is the time you'd ought to be thankful I'm not as smart as some."

"Why would I be thankful for that?" inquired Mrs. Leahy, pausing an instant to wipe her glistening forehead with her damp apron.

"Tis aisy seen," and her husband gazed tolerantly at her from his comfortably tipped back chair by the stove. "If I were Terry Dolan, and out of me job, I'd be losin' t'ree dollars a day instead of wan-sivty-five. You think o' that me darlin' an' 'twill put the hear-rt into you same as it has into me."

A suffragette lecturer recently brought down the house with the following argument:

"I have no vote, but my groom has. I have a great respect for that man in the stables, but I am sure if I were to go to him and, 'John, will you exercise the franchise?' he would reply, 'Please, mum, which horse be that?'"

## Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold—you should always heal, soothe, and ease the irritated bronchial tubes. Don't blindly suppress it with a stupefying poison. It's strange how some things finally come about. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now—a little late though—Congress says "Put it on the label, if poisons are in your Cough Mixture." Good! Very good! Hereafter for this very reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison marks there! You can always be on the safe side by demanding
