

QUICK RELIEF FROM THAT PERSISTENT, HACKING COUGH

We mean the kind of cough it gives one a cold shiver just to hear—the dry, deep-seated hack—hack—hack—that seems as if it were tearing the very vitals. That's the kind of cough that means business.

Fortunately, though, that is also one of the kinds of cough for which Na-Dru-Co Syrup of Licorice, Chlorodyne and Chlorodyne is absolutely free from harmful drugs of any kind, and is safe even for children. It is pleasant to take, and acts quickly, relieving the irritation, loosening the phlegm, promoting expectoration, and so "opping the cough. Thousands declare it to be the best cough syrup they have ever tried.

Your Druggist will gladly recommend it, and will supply you with either a 5c. or 10c. bottle. The National Drug & Chemical Co. of Canada, Limited, 116

THOSE DEAR GIRLS.

Maud—I'm told I get my good looks from my mother.

Ethel—I wouldn't repeat that if I were you.

Maud—Why not?

Ethel—People will think your mother was stingy.

The Oil of the People.—Many oils have come and gone, but Dr. Thomas' Electric Oil continues to maintain its position and increase its sphere of usefulness each year. Its sterling qualities have brought it to the front and kept it there, and it can truly be called the oil of the people. Thousands have benefited by it and would use no other preparation.

A Pill for Brain Workers.—The man who works with his brains is more liable to derangement of the digestive system than the man who works with his hands, because the one calls upon his nervous energy while the other applies only his muscular strength. Brain Rag begets irregularities of the stomach and liver, and the best remedy that can be used is Parmelee's Vegetable Pills. They are specially compounded for such cases and all those who use them can certify to their superior power.

BOON TO WORKING MEN.

German Cities Build Summer Houses on Vacant Land.

A sarcastic foreigner once remarked that the only colonies of any use to Germany were her "Lauben" (arbor colonies). These are collections of summer houses with a few square feet of land attached to them, to be found on the outskirts of practically all large German towns. Taken singly each small hut reminds one of the summer houses run up in American or English gardens by the wholly unskilled householder in his leisure moments, while all together they give the appearance of a vast gypsy encampment. In truth they are an enormous and highly prized boon to the working classes of the cities and towns. Here the worker and his family spend the week end almost the whole year around; the scene on Sundays when thousands of little streamers wave in the wind and every tiny arbor has its group of merry inhabitants presents the appearance of a country fair or monster excursion in full swing, while during the workday week the little summer houses stand silent and deserted. The colonies are of a transitory kind, for they are invariably built on vacant building lots which are only waiting to be sold for the contractor to come along and turn them into streets and squares. The municipality is very often the landlord, the area being let as a whole to the highest bidder and by the latter being rented in parcels to the working classes. If there is a drawback to them it is that in the absence of the colonists they afford a hiding place and headquarters for thieves and fugitives from justice. The expansion of Berlin is rapidly pushing the colonies further and further out, but their value as a hygienic factor in city life is so great that a society has been founded with a view to their permanent preservation.

If Your Baby Sick

Give Baby's Own Tablets

The little ills of babyhood and childhood should be treated promptly, or they may prove serious. An occasional dose of Baby's Own Tablets will regulate the stomach and bowels and keep your little ones well. Or they will promptly restore health if sickness comes unexpectedly. Mrs. Lenora M. Thompson, Oil Springs, Ont., says:—"I have used Baby's Own Tablets for my little girls as occasion required, and have found them always of the greatest help. No mother, in my opinion, should be without the Tablets." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

NEWFOUNDLAND TOO SENDS GOOD NEWS

OF THE GREAT WORK DODD'S KIDNEY PILLS ARE DOING.

J. C. Green, a sufferer from Rheumatism and Lumbago for five years, finds quick relief and complete cure in Dodd's Kidney Pills.

Clam Bank Cove, Bay St. George, Nfld., Dec. 4 (Special).—Newfoundland contributes its share of the splendid cures made by Dodd's Kidney Pills. There is a striking example at this place. Mr. J. C. Green, a well known resident, suffered from Rheumatism and Lumbago for five years. To-day he is a well man, and does not hesitate to give Dodd's Kidney Pills all the credit for the cure.

"My trouble was caused by strain and cold," Mr. Green says, in telling his story. "And for five years I suffered from Rheumatism and Lumbago. My sleep was broken and nervous. My sleep was broken and unrefreshing and the pains of neuralgia added to my distress. "I was in very bad shape indeed when I started to use Dodd's Kidney Pills, but they soon gave me relief. It is because I found a cure in Dodd's Kidney Pills that I recommend them to my friends." Dodd's Kidney Pills always cure Kidney ills no matter where it is found or in what stage it is in.

BOOMS POWDERED MILK.

Antarctic Expedition Will Have Ordered Two Tons.

The announcement that two tons of powdered milk have been ordered for the use of Dr. Mawson's forthcoming Antarctic expedition has helped to bring into prominence an industry which is assuming large proportions in Australasia, especially in New Zealand. The same product was used extensively by Shackleton's expedition, and was the principal food of Professor David's party, which reached the south magnetic pole. New Zealand powdered milk is a serious rival to condensed milk, on account of its nutritive value and especially its keeping qualities. It is said to be much superior to condensed milk for infants' food, as it is thoroughly sterilized, contains no cane or beet sugar, and, in the process of drying the milk, the casein is divided into fine particles, as in human milk. One kind of powdered milk, made entirely from skim milk, is used largely in biscuit factories and in the manufacture of milk chocolate.

The Beauty of a Clear Skin.—The condition of the liver regulates the condition of the blood. A disordered liver causes impurities in the blood and these show themselves in blemishes on the skin. Parmelee's Vegetable Pills in acting upon the liver act upon the blood and a clear, healthy skin will follow intelligent use of this standard medicine. Ladies, who will fully appreciate this prime quality of these pills, can use them with the certainty that the effect will be most gratifying.

A SAFE RULE.

FOOD SPECULATION A CRIME.

French Government Introduces a Drastic Bill.

Following upon the bill for the establishment of municipal bakeries and butchers' shops, designed to prevent illegitimate increase in the cost of necessities, the French Government has introduced a measure for combating "corners" in provisions of any kind of merchandise.

The proposed legislation would punish with imprisonment, ranging from two months to two years, and with a fine ranging from 1,000 francs (\$200), to 20,000 francs (\$4,000), any individual or association of individuals, who, even without employing fraudulent methods but with the intention of illicit speculation, shall have brought about a rise or fall of prices in provisions or merchandise above or below the price which would have been determined by the natural and free competition of commerce.

NEW BREAKFAST FOOD.

The manufacture of banana flour, sliced bananas and other kinds of dried bananas, is growing rapidly in Jamaica, and there is an increasing demand for it in Europe, where the prepared banana is found to be a cheap and nutritious breakfast food. The first factory at Gayle has been followed by two new ones, one at St. Ann's Bay and one at Montego Bay. The St. Ann's plant requiring 2,000 bunches of fruit weekly. The planters hope that this new industry will absorb the bananas during the cheap season, as well as the bunches with less than eight "hands" to the bunch.

THE MAGISTRATE'S STORY.

What He Owes to Zam-Buk.

Mr. C. E. Sanford, of Weston, Kings Co., N.S., a Justice of the Peace for the county, and a deacon of the Baptist Church in Ferwick, says: "I have used Zam-Buk for piles and found it a splendid remedy. It cured me."

Mr. Thomas Pearson, of Prince Albert, Sask., writes: "I must thank you for the benefit I have received from the use of Zam-Buk. Last summer I had a fever, which left me with piles. I started to use Zam-Buk and found it gave me relief, so I continued with it. After using three or four boxes it effected a complete cure."

Zam-Buk will also be found a sure cure for cold sores, chapped hands, frost bite, ulcers, eczema, blood-poison, varicose sores, scalp sores, ringworm, inflamed patches, babies' eruptions and chapped faces, cuts, burns, bruises, and skin injuries generally. All druggists and stores sell at 50c. box, or Zam-Buk Co., Toronto, for price. Refuse substitutes.

Never Fail—Do you think women would improve politics? "Well," replied Mr. Growcher, "after listening to the conversation on the front porch, I'll say this for them: if they ever start an investigation they'll find out something."

Many inherit weak lungs, and as disease usually assails the weakest point, these persons are continually exposed to attacks of cold and pulmonary disturbances. The speedy use of Bickle's Anti-Consumptive Syrup will be found a preventive, strengthening the organs so that they are not so liable to derangement from exposure or abrupt atmospheric changes. Bickle's Syrup is cheap and good.

MAKING UP HIS MIND.

Deliberateness, a quality generally ascribed to the Scots, must reach a kind of quintessence among the Shetlanders, if this story from the Christian World may be held to represent them fairly:

The Rev. James Hamilton, minister of the Church of Scotland, Rodney Street, Liverpool, while on holiday in Shetland, had a narrow escape from drowning. Accompanied by a boy, Mr. Hamilton was fishing for sea-trout, when he slipped on a stone, lost his balance, and being encumbered with heavy wading-boots, had great difficulty in keeping his head above water. Finally he managed to get back to the shore, although in a very exhausted state, and said to the boy:

"I noticed that you never tried to help me."

"Na," was the response, "but I was thinkin' o't!"

INCREASE IN TEA PRICES THE REASONS WHY!

The ever-increasing consumption of tea throughout the world—particularly of British Grown Tea—has created a demand much greater than the supply, which, among other causes, prevents really good tea being sold at former low prices.

Russia and Australia are buying tremendously of British grown teas in place of China teas, and the consumption in Great Britain is larger than ever.

The shutting out of over 15 million pounds of colored China Green Tea by the United States Government, the increased use of tea due to higher prices of coffee, the greater acreage given over to the planting of rubber in Ceylon, the shortage in the Japan crop this year and the labor problem in all tea-growing countries are all factors which account for the much higher primary markets.

The present revolution in China may also mean much smaller crops there next year and present indications are for still higher prices in the future. All these conditions either mean a lower quality at the same prices, or the same quality at higher prices.

Our experience shows that the tea drinking public prefers the latter.
