When seen by the Sun Mr. Teakle expressed himself as being entirely satisfied with the present indications of a season of bustle said he: The Allan line is quite prepared to handle its share of the winter port business. The service of this year will undoubtedly eclipse that of former seasons despite their uniformly high standard. We intend using the entire fleet of ships including the Tiberian only recently placed in commission. The Havre service will also be prosecuted. In a word we realize the amount of business offering this year and are making due preparations to handle it.

The cheapest tea to use is not the lowest priced. You can buy tea a few cents a pound cheaper that will make a drink, but if you want an absolutely pure, healthful, cleanly brewed tea use "Salada." It is infinitely more delicious and decidedly more economical than other teas, because it goes farther.

The marriage of Seth De Long and Celia Hathburn, both of Queens county, was celebrated last night by Rev. D. Hutchinson at his home in this city. MONDAY

At his home yesterday, just before noon, James Sullivan of Marshfield, and when picked up was dead. Mr. Sullivan was stricken with paralysis some years ago, and ever since has been subject to drowsy spells, which sometimes caused him to fall down. This was the cause of his fall yesterday. Mr. Sullivan was 32 years of age. He is survived by three sons and three daughters. One son, John, is in Fredericton, and another, Richard, in Waterville, Maine. The other children are Daniel, Mrs. Mary Brian is a daughter. The deceased also leaves five sisters and four brothers.

Daniel won easily with 601 votes. The standing of the others was as follows: Bullock 537, Sears 283, White 270. "Domination Day" was the contest as the most popular booth. The committee of management wish to thank all those who so kindly donated to the fair.

Before a large and attentive audience in the Main street Baptist Church last night the pastor, Rev. D. Hutchinson, delivered a very forcible address to the young men of his congregation, taking as his text: "Selling the Birthright." The speaker dwelt for some time on Esau's modern representatives and spoke of the young men who sell their birthright for pleasure, for the gratification of some desire; also for fame or wealth. In closing, the speaker made an earnest appeal to the young men to retain their birthright by becoming followers of the Lord Jesus Christ, and spoke of the happiness and success that was bound to attend such a life.

The Russian steamer Alexander Kamberoff arrived in port Saturday from Blith after a passage of 17 days. The steamer encountered strong head winds and at one time when near the coast was blown off.

The union printers of the Telegraph and Times, who went on strike last March, returned to work last evening as a result of a settlement of their grievance in a manner satisfactory to themselves and the management. The local men whose failure to pay their union dues gave rise to the trouble in the beginning have rejoined the union and squared their delinquency. They will thus remain in the employ of the paper, which will hereafter be run as a union shop. All the non-union men who were engaged in the places of the strikers have been dismissed and the strikers have been reinstated.

TUESDAY

Hon. Wm. Pugsley, Minister of Public Works, arrived in the city yesterday in his private car attached to the Montreal Express. In conversation with the Sun last evening, Dr. Pugsley stated that the plans for the Courtney Bay improvements were being gone over carefully by the engineers of his department and something definite would be announced in a short time. Dr. Pugsley will remain in St. John until the latter part of the week.

The Temple fair which has been a decided success, closed Saturday evening. As soon as possible the prizes will be distributed to the winners. On Saturday evening the attendance was well up to the average. Members of the society have every reason to be proud of the success of their efforts. The fair at the City Hall is working a 24 hour shift and all steel workers in the city are engaged. The residue of the Punjab order for 9000 tons will be finished this week and then a new South Wales order will be commenced. Steamers have been chartered to carry the rails to the south Pacific.

The official staff of the C. P. R. district passenger agents' department, as well as the agents on the Ontario division gave tangible evidence of the esteem in which C. P. R. Foster, the former district passenger agent, was held when they forwarded to him at Vancouver a grandfather's clock having a fine mahogany case and matched silver dial. Mr. Foster, who is now assistant general passenger agent at Vancouver, was unable to come east for the presentation. An address conveying the best wishes of his former office staff and agents accompanied the clock. F. J. Rose, chief clerk, Toronto, and W. Jackson, representative of the company at Clinton, were chairman and secretary, respectively, of the committee which arranged for the presentation.—Toronto Globe.

Coroner D. E. Berryman last night continued the inquiry into the death of Harry Howe, who was found dead on the Courtney Bay flats on the 13th inst. A number of witnesses were examined, and from the evidence it appears that the unfortunate young man had fallen over a fourteen foot embankment, on which he was leaning on the hard sand fractured his skull, and while insensible was drowned.

WEDNESDAY

C. E. Blake Robertson of Ottawa, chief of the immigration department, was in the city yesterday on an annual inspection trip. When asked regarding the outlook for immigrants this winter Mr. Robertson stated that business in his department would likely be dull as they would not accept settlers now unless they were experienced farm help.

A meeting of the executive of the St. John Exhibition Association was held yesterday afternoon. It was decided to open next year's expo, September 11. The closing date is left open.

The committee appointed to interview the Common Council and Board of Trade regarding the grant for the Dominion fair will do so today at 3 o'clock. Prospects for the big grant continue to be bright.

The Empress of Britain will take over on her return one hundred first class passengers, two hundred and fifty second-class, and eleven hundred steerage.

A man named John Dawson, who said belonged to St. John, fell off the N. B. Southern Railway train at Squeamish, crossing about 6:45 o'clock last evening and was badly hurt. The train was coming toward the city at the time and apparently did not know of the accident as the train kept right along.

Last Sunday the summer camps at Ragged Point near Bear's Head, owned by Rev. R. P. McKim, J. Fraser Gregory and John M. Robertson were broken into and considerable damage done. Mr. McKim's camp besides having the doors broken was full of bullet holes. An endeavor will be made to locate the guilty person.

The death took place at the General Public Hospital last night, of Francis Corring, aged 55 years. The lady had been undergoing treatment and arrived in the city about a week ago. The remains will be taken to Dyer's Station, on the N. B. Southern, tomorrow.

THURSDAY

Jon Judd, the recently appointed general manager of the Gold King Mine, reported yesterday afternoon to a meeting of the St. John shareholders his estimate of the worth of the property and its claims as a money making proposition. The meeting was held at the Board of Trade rooms, Prince William street.

The evangelistic meetings at the Paternoster Church have been well sustained both as regards attendance and

Interest. The subject of last night was "The Sympathy of Jesus." Meetings will be held tonight and tomorrow night. At the close of tomorrow night's meeting a number of candidates will offer themselves to the church for baptism.

In the December number of the Red and Gun the first article in the magazine is an interesting article by Dr. King Hagen on the canoe trip which Premier Hagen, accompanied by his daughter, Miss Katie Hagen, and his son, the author of the article, the Hon. C. W. H. Grimmer, his daughter and Arthur Hagen, made to the Yukon in July last at the invitation of the Guides' Association. The article is illustrated with a number of views.

HUNTER-JEWETT.

FLORENCEVILLE, Nov. 23.—On Tuesday, the 17th inst., a very quiet wedding took place at the Methodist parsonage, Andover, when the Rev. J. A. Ives united in marriage Susie Mills, youngest daughter of Jas. E. Jewett of Florenceville, and Harry Dow Hunter of East Florenceville. The wedding march was finely rendered by Mrs. Ives. The bride was prettily dressed in white point d'esprit. The bridegroom wore a suit of dark blue, a gold watch from one of her uncles, Mr. and Mrs. Hunter will reside at home with their friends after Jan. 1st.

## GOLD BROUGHT ON KIDNEY DISEASE

Brantford Lady Suffered Till Cured by Dodd's Kidney Pills

MRS. A. H. THOMSON HAD HEART DISEASE, LUMBAGO AND RHEUMATISM AND TELLS HOW SHE WAS RESTORED TO HEALTH.

H. Thomson, whose home is at 48 Albion street, this city.

## DANOTI BECOMING ALARMINGLY WORSE

A telephone message from Burton last night stated that the Italian Emigree, who is in jail there awaiting trial for the murder of McKay of his appetite was not appear to worry him in the least.

Endine who was also stabbed by Danotti, the Italian in jail at Glasgow, appears to be worried about his fate a great deal more than his brother countryman at Burton, although the charge against him is not nearly as serious.

The Sun was in communication with Getageton yesterday and learned that the prisoner worries the entire time. His appetite has also fallen off and at the time of his trial draws near his condition grows worse.

## WILL ARRIVE THERE TODAY

Tacoma is Now at Guantanamo A SHORT RUN

British and Other Legations Also Apply For Warships

WASHINGTON, Nov. 25.—Captain John Hood, commanding the cruiser Tacoma, now at Guantanamo, has been ordered to proceed with that vessel to Aux Cayes, Haiti, the headquarters of the department of the south, where General Simon started a revolution, with a view to keeping this government informed officially of what is occurring in that section. He should reach there in about 24 hours. Cable advices from Minister Furness have been meagre as to what has happened. This is probably an interruption of telegraphic communication, complaints to that effect having reached the state department from New York business interests.

It is said to be an historic fact that American interests have rarely, if ever, been a result of disturbed conditions in Haiti, evidently efforts being put forth to prevent any such complaints. Hence the dispatch of a vessel to the island has not the protection of American interests in view, but is simply to obtain information through reliable channels. The Dea Moines and Tacoma are at Guantanamo, and the Dubuque is in Honduran waters.

## CELEBRATE THEIR 10TH ANNIVERSARY

St. Peter's Y. M. A. Hosts Last Night ENJOYABLE AFFAIR

Addresses Delivered By Clergymen, Judge Ritchie and Others.

St. Peter's Young Men's Association, North End, celebrated the tenth anniversary of its founding.

A programme of vocal and instrumental music was exceedingly well rendered. Interesting addresses were listened to and the whole was rounded out with a smoker that was voted by all present a huge success.

St. Peter's possesses an orchestra of some twelve pieces, which under the efficient leadership of H. F. Heenan has advanced until it now compares favorably with many organizations of its kind in the city. Last night the orchestra was heard to excellent effect, contributing as it did in large measure to the evening's enjoyment.

The address of the rev. doctor of St. Peter's, a feature of the evening, dealt especially with the aims of the church in promoting all that was good and true in the social, political and religious life of the world.

Mr. Monnet gave names, dates and places. He charged that while en route to America, Prince de Sagan took his mistress with him from England and that after he had rejoined Mme. Gould in France he saw his mistress frequently, and he even went so far as to meet her while proceeding to England to have the marriage ceremony performed. After his marriage, Mr. Monnet declared, these illicit relations continued. When the princess discovered that the prince was deceiving her, the latter got down on his knees and offered to make application to the bishop for admission to a monastery.

The princess' reputation, after she fell under the influence of de Sagan, was likewise assailed in scathing terms by Count Bonnet's counsel. He described her conduct with Prince de Sagan on both sides of the Atlantic and spoke of the worldwide scandal which it had caused. Mr. Monnet offered to bring proof of many of the incidents to which he referred. In all there are 25 different counts the indictments, and such an array of scandal has seldom been witnessed even in a French court. The spectators laughed uproariously at the statement that Prince Helle was anxious to seek a monastery, and their laughter was even louder at times as Mr. Monnet dramatically enacted some of the scenes.

## NOT TO HOLD IT JUST YET

Opium Conference Postponed On Account of Emperor's Death.

OTTAWA, Ont., Nov. 25.—Professor E. B. Petrie, fisheries commissioner of Canada, has been appointed to succeed S. J. Bastedo, as Canadian representative on the international commission to prepare joint regulations to govern fishing in boundary waters. Professor Petrie has already gone to New York, where he met Professor Skover Jordan, who is the American representative on this commission.

The Canadian government's quarantine regulations against cattle and horses from the States of New York, Pennsylvania and New Jersey have been extended to importations from Michigan on account of the discovery of foot and mouth disease in the last named state.

## COUNSEL RAKES DE SAGAN'S PAST

Prince Appeals to the Young Turk Committee to Help Him

CONSTANTINOPLE, Nov. 25.—Prince Mohammed Rehad Effendi, heir to the throne, and Prince Selah-ed-Dine Effendi, sons of the Sultan Mourad, have, according to the Sabah, just informed the Young Turk committee through a friend that spies who have for many years, by orders from Yildiz Kiosk, lived in their palaces, continue to exercise their functions and refuse to quit the prince's residences in spite of orders given to them personally by the prince.

The committee was asked whether the prince is not free as the rest of the people. It is believed that the spies will be discharged immediately. Ghazi Ahmet Mouskhtar Pacha, Imperial High Commissioner of Egypt, has just tendered his resignation. He does not expect to return to the banks of the Nile. It is probable he will be one of the candidates for the office of Grand Vizier when Kiamil Pacha retires, after the opening of Parliament. There is some question of replacing Mouskhtar Pacha at Cairo by General Chevki Pacha, his son-in-law, who at one time was General secretary to the Imperial Commissariat.

The Armenian colony, including clergymen, with flags and music, escorted by Turkish cavalry, today made a manifestation expressing gratitude for the conduct of the elections here.

Kaimil Pacha, the Grand Vizier, surrounded by his ministers and the ambassadors of Great Britain and Persia, who were present by chance, received the demonstration on the steps of the Sublime Porte. He harangued the crowd, thanking it for its approbation.

## ARCHBOLD IS ON THE STAND

NEW YORK, Nov. 25.—Detailed information about the magnitude of the business of the Standard Oil Company was given by John D. Archbold, vice-president of the Standard, on the resumption of his testimony today in the hearing of the federal suit to dissolve the oil combination. Mr. Archbold asserted that it was the Standard which, by eliminating jobbers and retailers, greatly reduced the price of oil to the consumer. The hearings were adjourned today after a brief session until next Monday, when Mr. Archbold will resume his testimony.

That even those closely identified with the Standard in its early days did not realize its future was brought out today when Mr. Archbold said that in the eighties' years were widespread that the supply of crude oil would be depleted and that accordingly he parted with some of his shares at seventy and eighty cents on the dollar. Much of the day was spent in agreeing upon the record figures showing the production and consumption of oil in the period between 1882 and the present time.

Trustee For Sister George Gould, as trustee for his sister's estate, is party to the suit in which it is sought, in addition to securing the custody of the children, to obtain a large annual allowance for their maintenance. Mr. Bonnet asked as much as \$60,000 a year for this purpose, but said that he was willing that the court should fix the amount.

It is evident from today's proceedings that Mr. Bonnet had detectives constantly on the trail of the former wife of his client.

Next week de Sagan's attorney, M. Clemenceau, is expected to retell the story. Count Bonnet's record, nevertheless, the opinion is that today's array of evidence was strong, rendering a decision in favor of the Standard. The Standard's attorney, however, has Count Bonnet's record, and the rev. spiritual director, Fr. Borgmann.
