

### Much Ill Health Due to Bad Blood

If the Blood is Kept Rich and Red  
YOU Will Enjoy Health

More disturbances to health is caused by weak, watery, blood than most people have any idea of. When your blood is impoverished, the nerves suffer from lack of nourishment and you may be troubled with insomnia, neuritis, neuralgia or sciatica. Muscles subject to strain are under-nourished and you may have muscular rheumatism or lumbago. If your blood is thin and you begin to show symptoms of any of these disorders try building up the blood with Dr. Williams' Pink Pills. These pills have a special action on the blood and as it becomes enriched your health improves. The value of Dr. Williams' Pink Pills in cases of this kind is proved by the experience of Mr. D. J. MacDonald, North Bridge River, N. S. who says: "For some years I suffered severely with headaches, pains in the back and a run-down condition. At times the pain in my back would be so bad that I would sit up in bed all night. From time to time doctors were treating me, but did not give me more than temporary relief. And then one day when I was suffering terribly a neighbor came to see me, and urged me to try Dr. Williams' Pink Pills. After taking two boxes I felt relief. I got five boxes more and before they were all gone I felt as though they were giving me new life, as in every way they built up and improved my health and strength. I am now working as a barker in a pulp mill, ten hours a day and feeling none the worse after my day's work. I say with pleasure that this condition is due to Dr. Williams' Pink Pills."

You can get Dr. Williams' Pink Pills from any medicine dealer or by mail at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

#### THE SPIRIT IF NOT THE LETTER

(From the Pittsburg Chronicle-Typograph)

An Englishman signed the pledge after much persuasion on the part of a clergyman, but the minister saw the man's daughter hastening homeward with a pail of beer. He stopped and said:—"My dear child, where are you taking that beer?"

"Home—to father."

"But surely your father doesn't drink beer after signing the pledge?"

"Oh, no, sir," said the girl. "He doesn't drink it. He only soaks his bread in it."

#### ISN'T THAT FUNNY?

Two women were married to musicians. The one, a bride of a year, was pushing a baby carriage in which were three fine babies—triplets, all girls. The other woman had been in the bonds of matrimony a couple of weeks.

"What beautiful children!" exclaimed the newly married one.

"Yes," replied the proud mother; "let me tell you the funniest coincidence. At our wedding supper the boys who played with my husband in the orchestra serenaded him and they played 'Three Little Maids' from 'The Mikado.' Isn't that funny?"

At this the other bride turned pale. "Mercy!" she gasped. "At our wedding supper Tom's friends serenaded him, too, and they rendered 'The Sextet' from 'Lucia.'"

Ask for Minard's and take no other.

#### WHAT BABY WANTED

It was washing day and John had been kept from school to look after the baby. Mother sent them into the garden to play, but it was not long before cries disturbed her.

"John, what is the matter with baby now?" she inquired from the washtub.

"I don't know what to do with him, mother," replied John. "He's dug a hole and wants to bring it into the house."

#### UNCLE EBEN

"A man dat keeps talkin' 'bout his self," said Uncle Eben, "sometimes surprises you de way he manages to make a purty good speech on a mighty slim subject."

The emerald is the most precious of gems.

A gentle zephyr wafted the following resolutions into our sanctum:

Resolved to let people mind their own business.

To assist everybody in every way possible.

To forgive our enemies, especially those who are bigger.

To strive to be in love and charity with thy neighbor.

To subscribe for this paper.

To patronize home industries.

To avoid past errors and mistakes.

To speak kind words often, harsh ones very seldom.

To attempt something with a purpose and persevere.

The girls wore so little keeping warm all winter, that we do not see how they are going to take anything more off in order to keep cool this summer.
