Back Ache.

Backache is caused by sick kidneys. Dackache is caused by sick kidneys. Dodd's Kidnay Pills will remove it. By their peculiar action on the kidneys, they impart activity and benefit the system by purifying the blood. You cannot have pure blood with disordered kidneys; health's existence depends upon their natural condition; they are the governors of the system; continual disorder results in kidney; consumption, which is Bright's disease.

URL: Sr. Ioxace, Mich., July 6, ...Just as the morning express on the Duluth, South Shore & Atlantic Railway pulled into the station yesterday morning a sad and pathotic scene occurred in one of the onaches. A father leaned over the seat and tenderly stroked the head of a pale head girl, who was reclining on an im-provised cot made up of two seats. A lady walked from the forward part of the grasped her hand and turning to the old gray haired father said ...'My dear sit, your child has passed all eartily aid. Grief-skrioken, the poor old man threw himself upon the lifeless body of his child and gave himself upon the lifeless body of his child and gave himself upon the lifeless body of his child and gave himself up to audible grief. The story is one of many that can be obspression of the horrible dens of vice still in excistence in the Michigan pineries. Last March Jennis Amberley, for that was the dead grift same, left her home-near Oxenden, Grey County, Ort, for Detroit, where she had been induced to go by a richly dressed woman whom she had met at Warcho. One. The idea given her of the employment she was to get was somewhat wigge, but her parents, who are well to do farmers, were left to believe that her work would be homerable and incra-tive, and relucionality allowed the woman to take her. She was to Detroit, remain-ed there for three days and along with several other girls was taken to Beney, Mich, and turned over to the heartless keeper of a northern brothel, where she was compelled to submit to the damands of brutal lumbermen. A frail constitution soon gave way under the terrible strain, and she became bed-ridden. The keeper of the den took her to faney, gave her a few dollars and told her to shift for heresile, Charitable people took charge of her, and telegraphed, her father. He then order-ed his men to advance and as they ad-vanced from the bargs they were met by a hower of lead from therifles and pislols of workmen. The officers fell back for an instant as if repulsed, but they promptly rallied and marching eight abreast ondeavored to get ashore. They were driven back again, however. In this battle several more were killed. The strikers fired a car of oil standing near the works of the P. V. & C. railread for the purpose of firing the boat in the river, but he flames became extinguished. The men placed a cannon on the hill on the north side of the river and fired into the Pinkerton boat. Balls and pieces of iron were used, and as every shot the boat's side was puncherad and compants were womded. The steamer Little Bill came down the ton. Jack Adams, the keeper of the dive, fied to the woods when he saw the officers sent

All of the girls were brought here and the place burned to the ground. Mr. Amber-ley let for Detroit on his way home today.

The steamer Little Bill came down the river shortly before 11 o'clock to take off the Pinkertons who were imprisoned in the barge. There was large number of men on the bost. The moment it reached the shore a regular fusidade tock place. It continued for ten minutes and was mixed with hearse, derisive cheering from the men in the mill. The cannon across the river fired three cannon balls at the Little Bill. There sim was bad, but the boat was driven off and proceeded down the river. Brussels, were here last week. It is rumored today that a weakiny young farmer near here who has been for some time keeping bachelor's hall, is going to discontinue the lonescome custom and make some one's life happier. It is a pleasure to all to find a Hespeler young lady, Miss Wilhelmina, Hespeler, so successful in her studies at the closing exercises at Lorstto Convent, Gulph. She was awarded first prize for the great-est progress in music and 1st for deport-ment.

The third time the flag was riddled with bullets and hardly enough of it was lot to hoist again. The Pinkerton men on board the barges a few minutes after 5.50 p. m., again ran up a white flag and offered to surrender. The strikers accepted their surrender and they were allowed to land.
