The North Shore, of Cumberland county boasts of many beautiful spots, but the picturesque scenery and the spots of the

rapid growth is that recorded by the French Academy in 1829. It was a boy 7 years of age, who was 5 feet 7 inches in height. At the age of five his voice changed, and at 6 years his beard had grown, and he appeared a man of 30. He possessed great physical strength, and could easily lift to his shoulder and carry bags of grain that weighed 200 nounds. His decline was as rapid as his growth. At 8 his hair and were gray; at ten he tottered in his walk, his teeth tell out, and his hands became palsied; at 12 he died with

every outward sign of extreme old age. -The migration to the United States in eastern Canada is pretty well offset in British Columbia. Scarcely a steamer comes porth now without a number of bia claims from the states of California and Washington. Emigration from these States into British Columbia territory is constantly going on, while British Columbians are contented with

homes southward. -Boston Globe: - A church row in a neighboring town is said to be aggravata year bars out a whole army who think they cannot pay—a mistake clearly, but the young folds for giggling, courting The highest lighthouse on the as a woman thinketh in her heart so is and passing notes during servicer.
