MILITARY SMOKING CONCERT**MOST ENJOYABLE AFFAIR**

Entertainment Last Evening Was a Brilliant Success—Large Number of Citizens Guests of the Sergeants—Musical and Literary Programme—The Toasts Proposed and Those Who Replied—Refreshments Served During Evening.

The Sergeants Mess at No. 3 Military Depot was the scene last evening of a most enjoyable smoking concert, the affair being one of a series of very pleasant evenings which the Sergeants and their friends in the city have enjoyed during the past winter and spring. Last evening's entertainment was one of those kind which help busy men to forget their troubles and realize that life is still worth living.

An efficient committee, including Sgt. Major Duncan, P. A. M. C., and Quarter Master Sgt. Galloway labored ardently in making arrangements for a smoking concert and their efforts were well rewarded, everything passing off very pleasantly and the musical and literary programme being all that could be asked for, the talent including the very best of the city and the numbers being varied and also most appropriate. The Mess was nicely decorated for the occasion and the large tables ran about the room in U shape, each of the guests being supplied with the long church warden pipes.

Sgt. Major Duncan, P. A. M. C., presided and had on his right Lt. Col. Chibric and on his left Lt. duDomaire. The others present as guests included the following:—Chief Rutter, Prof. Bellevue, Charles K. Howard, C. J. B. Simmons, A. J. Ryan, D. McCathorn, P. Edgewood, J. A. Lawlor, W. A. Walsh, Cecil Holder, Frank Foster, Mr. Cassidy, T. C. Doherty, Esq., Sgt. Walker, Frank L. Cooper, J. D. Black, Frank Sadler, John Parsons, Vincent Boyle, H. Fradsham and Robert Campbell. The non-commissioned officers of H. Company, R. C. R., were all in attendance as well as the City Orchestra of ten pieces.

The Toasts.

During the evening the following toasts were given:—The King—This toast was received with musical honors, all joining in singing the national anthem.

Lt. Col. Chibric and the officers of No. 3 Military Depot.—This toast was most heartily received and for they are Jolly Good Fellows was sung most heartily.

In proposing this toast Sgt. Major Duncan referred to the work of the military, their aims, their discipline, general efficiency and interior economy. Chibric, in replying, was responsible to His Majesty, whose commission they held, the non-commissioned officers were responsible to them, and were the second class, while the men who did the work composed the third class. Each grade was separate and distinct, but the language of Lt. Col. Chibric and the other officers at such occasions as this one showed that there was good feeling between the different ranks of the regiment. He explained that Major Fleet was absent only on account of trouble with his eyes, caused by over-working in preparation for approaching promotional examinations. Lt. Col. Chibric was greeted with round after round of applause in replying to the toast and said that there were links which firmly and securely bound all the men of the Depot together. He thanked the gathering for the kindly way in which they had received the toast and paid a tribute to the non-commissioned officers of the depot, who he found had different methods of winning cities and towns in time of peace and in time of war. He took it as a compliment to the depot to see so many citizens of Fredericton present and he appreciated their kindly patronage of the mess.

Our Guests.—The Sergeants and other military men present drank this toast heartily and followed it up by singing "For They are Jolly Good Fellows." In replying to the toast on behalf of the guests made a very witty and entirely appropriate and well conceived speech, in which he expressed the kindly feeling which the honorary members of the mess and the friends of the Sergeants about the city had for the warrant officer, staff sergeant and sergeants of H. Company, R. C. R., who he had found to be a lot of jolly good fellows, as well as straightforward, intelligent and capable.

The last toast on the list was that to the Press. This toast was received with musical honors, having been proposed by Sgt. Major Duncan in an appropriate speech and was replied to by J. D. Black, of The Gleaner.

The Musical and Literary Programme.—The following programme was rendered during the evening, criticism or special mention of the numbers being impossible with the space at the disposal of the writer but suffice it to say that a better programme could not possibly have been selected, the Sergeants themselves furnishing some of the most enjoyable numbers of the programme, while Mr. W. A. Walsh and Lieut. duDomaire were heard with especial pleasure.

Violin Solo.—Prof. Dyer. Stump Speech.—W. A. Walsh. Vocal Solo.—Q. M. Sgt. Laviole. Selection.—The quartette. Vocal Solo.—Corp. Brotherton. Recitation.—Sgt. Major Duncan, P. A. M. C.

It was about two o'clock when the gathering dispersed, after singing Home Sweet Home, Auld Lang Syne and God Save the King. During the evening refreshments were served, the Corporals Mess being used as the lunch room, Sgts. Rush-ton and Morgan being in charge of the refreshments.

WRECK ON I. C. R. TWO MEN HURT

Newcastle, N. B., April 24.—The In-diantown branch train that left Newcastle this afternoon at 4 o'clock, struck a spread rail just below Millerton and went off the track, and the engine and one or two cars went over the bank on the lee in the Miramichi River.

Driver Andrew McCabe escaped with slight injuries. Fireman Cameron Smallwood is reported as having a leg broken in two places, his head badly cut and body scalded.

Both men belong to Newcastle.

The engine was damaged and the track torn up. The accident was caused by a washout. Smallwood was taken to Millerton.

CANADIAN INVESTMENT.

Sir Wilfrid Laurier Discusses the Subject in London.

London, April 24.—Sir Wilfrid Laurier, interviewed by Percy Mayne, P. R. C. S., announced his preference for British capital. There was abundant opportunity for safe investment in Canada; "but your people seem timid and hesitant," Sir Wilfrid Laurier said. He would suggest no form of investment more than another, but said he regarded the Canadian Northern as one of the safest forms of investment in Canada, or out of it. After giving detailed particulars he referred to the Grand Trunk Pacific as another favorable investment, remarking that the Dominion government contemplated coming to England for a loan to complete the road. This new line would not interfere with the Northern. He anticipated a good harvest. Mining enterprises offered opportunities for investment under certain circumstances. Unfortunately, in Canada, as elsewhere, there had been "fakes." He should like to warn British capitalists to exercise the utmost care, and advised them to send out engineers. He also referred appreciatively to the prompt and energetic measures taken by the Ontario Legislature in the Cobalt region.

STRANGLED MISTRESS.

Caserta, Italy, April 25.—The hearing of the case against Andrea Iunio and C. Esposito, his wife, on the charge of murdering Miss Catherine MacCreedy, of New York, in her villa near here, Feb. 25, 1905, began here yesterday. Miss MacCreedy, whose father was Mr. Dennis MacCreedy, of New York, and whose sister was the first wife of the late Frederic R. Conder of New York, was killed by strangling, the murder being for the purpose of robbery. Catherine Esposito was Miss MacCreedy's maid-servant. The police of Caserta believe they have conclusive evidence against the prisoners.

Mr. Harrison's Work.

Edmonton, Alberta (Huller).—The new secretary of the Edmonton board of trade, A. G. Harrison (formerly of Fredericton) late Dominion lands agent, assumed his new duties this morning. Mr. Harrison brings to his new duties a wide experience of the needs and advantages of this city and the Edmonton district. Probably no man residing here has a wider acquaintance in this country than Mr. Harrison, whose duties in the land office have brought him into close touch with the country generally. Mr. Harrison outlined some of his ideas for continued effective work for the board of trade. To improve the trade leading to the city, to induce more city capitalists to invest their money here and to issue more effective literature advertising in this district, are some of the schemes that will be brought up for consideration this spring.

No Exhibition at St. John.

The provincial government have decided that no grant can be given towards an exhibition in St. John this fall, and in consequence the big fair will not be held. A. O. Skinner, the president of the exhibition association, received a communication from Premier Pugsley yesterday afternoon. In his letter Dr. Pugsley said he had an opportunity on Tuesday of consulting the commissioner of agriculture and he did not see his way clear to recommending a compliance with the application for a grant of \$3,000 for the St. John exhibition.

For hoarseness beat up the white of an egg, flavor with lemon and sugar, and take some occasionally.
