into use. In the Canadian Criminal Code is a general clause which makes the English criminal law as it was in 1791 the law of Canada in all points not expected or otherwise provided for by the Canadian law.

DOUBLE ACTION AFFAIR.

The decision of the Divisional Court on the application of Mr. Geo. Lynch-Staunton for a writ of certiorari, and to set aside the warrant for the arrest of Florence Kinrade, is conceded to be a double action affair.

The judgment of the Court is that the Crown's objection was well founded and that the procedure was not the proper method of seeking redress.

WHAT IS NEXT STEP?

What other means does the Crown possess to ensure Miss Kinrade's attendance is the question that naturally presents itself.

AT ELFRIDA.

Good Union Meeting in Laymen's Missionary Meeting.

The union meeting of the Anglicans, Methodist and Presbyterian Churches of Elfrida, in the interest of the Laymen's Missionary Movement, held last night in the Methodist Church there, was largely attended and as the outcome the different denominations formed committees to prosecute the work in the interest of the missions more vigorously.

Refreshments were served, under the direction of the ladies, who deserve much credit for their work. The speakers arrived home about 2 a. m., and are quite happy of the outcome.

"The eddies," said the beginner at golf, "telling his troubles," was so sarcastic and impudent, I felt like cracking him over the head. "Why didn't you?" asked his friend. "Well, you see, I wasn't sure which would be the proper club to use for that purpose."—Catholic Standard and Times.
