Erskines 15, Y. M. C. A. 4.

The junior football leagues have gostarted and while there have been less The junior football leagues have got started and while there have been less auspicious openings, Saturday's was anything but promising; in fact, fast a big disappointment. Have the young players lost all their old-time enthusiasm, or will they not miss the big games to attend their own? Only two leagues were opened, and in one of these only one game was played, which ended so abruptly that one team threatens to withdraw from the league, while the other games were so listless the fans were disgusted. In other years five or six leagues were going, and all finished the season, while this year, in all probability none will finish the schedule. One league may now have only two teams, as the First Methodist have signified their intention of dropping out, while one of the other taesm is all to the bad, though not having any practise. Unless conditions take a sudden change for the better, the junior football season of 1909 will be a very short one. It was a dull day, similar to the dull opening.

The Junior Church League got off to

The Junior Church League got off to a much better start than the other one All the teams were evenly matched, ex-cept in one case, when St. Andrew's were outclassed, and there is no doubt but that this league will make the hit of the that this league will make the hit of the season. Large crowds were in attendance and the rivalry was keen. At the Victoria Park the Erskines, formerly the Simoce Streeet Methodist Church, defeated the Y. M. C. A. by a score of 15-4. The game was protested, the losers claiming that the Erskine team was over weight. At Norton's field the other division of the league opened and proved to be auspicious, but the game was a one-sided affair, in which Knox Church Mission were easily winers, defeating St. Andrew's team by a score of 14-1.

In the other league only one game took place, and it proved to be a rough and tumble affair. The game ended at three-quarter time with a score of 11 to 2 in favor of the Ascensions. At the three-quarters time things became riotous, and First Methodist withdrew their team, claiming that the officials were unjust with the decisions and other matters which they want straightened ers which they want straightened It is likely that the deciding chapmatters

their reputation. On the wing the work of Gow and Crocker was conspicuous, especially Crocker, whose following up was a decided feature. On the back division young Carr was about the best they had. He pulled off many nice runs, and his punting was also good. Charlie Otton played a steady game, as did the Moore brothers. The game, while rough, was interesting from a scientific standpoint. There were many nice plays pulled off, and the way they worked the signals showed that the boys have been hard at practice for some time. The game was progressing nicely till three-quarter time, when a discussion arose, and ended by the First Church withdrawing from the field. The teams lined up as follows:

Ascensions (11)—Full-back, McKelvie; halves, Otton, Moore, Carr; quarter, Manson; scrimmage, O'Heir, Dillon, Wyrtz; wings, Grisch, Campbell, Gow, Crocker, Moodie, Moore.

First Church (2)—Full-back, Norman; halves, Awrey, Storms, Lang; quarter, McCarnety; scrimmage, Buttingham Miller, Longhurst; wings, Awrey, Lumsden, Robinson, Treleaven, Harding, Walsh.

Referee, Robins; umpire, Hill.
On another part of the field the game between the Erskines and Y. M. C. A. was being played, and it resulted in a win for the Erskines hy a score of 15 t. It was a decidedly rough affair, in which a number of players received injuries. One had his collar-bone broken, while two more were put out of the game through rough work. There was little football in it. They had many differences to settle, and it was in this encounter that they decided to adust them. The officials had their hands full, but at all times had the players under control.

For the winners, on the back division, Becker was the best man. His punting

that they decided to adust them. The officials had their hands full, but at all times had the players under control.

For the winners, on the back division, Becker was the best man. His punting was a feature, and his work was mainly responsible for the Erskines' victory. Wait also did well, carrying the ball for long gains. On the wing line Vickley did good work, as did Judd; in fact, the whole team played a brilliant game.

It was a punting game, between Becker and Barclay, and in this department Becker easily outclassed Barclay. The teams lined up as follows:

Erskines—Full back. McCullough; half backs, Becker, Wait, Thornton; quarter, Vickley; scrimmage, Shuart, Mitchell, Pearson; wings, Lawry, Frid, Atkins, McMurtry, Russel, Hewitt.

Y. M. C. A.—Full back, Oliver; half backs, McLaren, Barclay, Taylor; quarter back, Hill; scrimmage, Carley, Stone, McCormick; wings, McCulloch, Crocker, Webster, Eccles, Stevenson, Burtchartt. Officials—T. Hamburg, M. Snyder.

unjust with the decisions and other matters which they want straightened out. It is likely that the deciding chapter will be fought out in the committee rooms.

The way things have turned out have caused the promoters much disappointment, and to make a successful season a few changes will have to be made. The chief leaders are getting together, and trying to find a way that will solve the difficulty. Many suggestions have been offered, but the only way is for the amalgamation of the city league teams and the two remaining church teams. Both leagues at present are in a very uncertain condition, and the only thing that was mitterested to get together and settle their differences. No league cann un successfully on a three-club basis, and now that the First Church have intimated their intention of withdrawing from the Church League, the remaining teams should try to amalgamate.

One thing that was amply demonstrated on Saturday is that the officials must have full control of the teams. It is a very difficult job to secure referees to officiate at these games. Nearly altheir decisions are disputed one way or the other, and in some instances mast remarks are fired at the officials. This kind of work was the cause of so much throuble on Saturday.

SOCCER

With such favorable soccer weather on Saturday, large numbers of fans attended the games, but the variety of football they witnessed was rather tame. The Westinghouse still maintain their supremacy, and in Saturday's game with the Lancashires had a walk-away. The Westinghouse team are playing good football, one of the remarkable features being their great combination work. From the start the Westinghouse had the advantage of the Lancs, who were lacking in good combination and had to rely more on individual play. Linton Wilson and White for the winners were at all times in evidence. J. Gillespie was another of the shining lights for the same team, and took advantage of many opportunities for gains. In the first half the Westinghouse started the work, and managed to score three goals. Many good kicks were blocked by the goal-keeper of the Lancs. The play in the first half was rather uneven, but not so much so as in the last half. In the first part of the game the Lancs, were unable to make any scores, but managed to keep their opponents down. In the second half they were taxed to the utmost to keep the Westinghouse from piling up a big score. With such favorable soccer weather

to kesp the Westinghouse from piling up a big score.

The game ended with the score 7-0 in favor of Westinghouse. The goals were scored as follows: Linton, 2; Wilson, 2; White, 2; T. Thombs, 1.

The game between the Independent Labor Party and the S. O. S. was not up to the expectations of the fans, who had expected to see even play, but the Labor Party had been practising steadily since their last game, and were in fine form. The S. O. S. were whitewashed. From the start it was evident that the Labor Party would lead in the scoring. After the kick-off the S. O. S. tried a rush down the field, but poor combination lost the ball for them, and the Labors Party were given an opportunity of chowing what they could do. They

made good use of it, and the play was well into the S. O. S. ground before they could be checked. Despite the hard work of the S. O. S. to gain an advantage they could not do so, and soon slackened their fast pace. The Labor Party had apparently been saving their strength until the S. O. S. would show some signs of weakness, for they were not long in starting in earnest, and after some very close play on S. O. S. ground, a good kick nearrowly missed the goal. Robertson, in goal for the S. O. S., played up well, and kept many shots from passing between the posts. Although the ball was kicked well out into the field, the S. O. S. could not keep their ground clear, and it was but a short time before the shots were again raining on the goal. And after a number had been blocked a swift straight one passed between the posts, making the opening score 1-0 in lavor of the Independent Labor Party. After the opening score had been mach the S. O. S. played poorly, and the Labor Party had but a fraction of the opposition they had met with in the opening play. The S. O. S. appeared to have lost all hope of scoring, and contented themselves with trying to keep the Labor Party before the half was ended had added three more points to their score, making th 4-0 in their favor.

The play in the second half was an improvement on that of the first, and the S. O. S. played so well that it looked as though they were having things all their own way. Before the final whistle sounded the Labor Party bad added two other goals, the final score being 6-0.

CANADIAN STOCKS.

The Canadian markets have continued active and strong all through the summer months. This can be accounted for by ease of money, and the great quan-tity seeking investment, and the general feeling that the business outlook on this feeling that the business outlook on this continent is very favorable. With some stiffening in rates it is apparent that investors are going to be attracted by securities yielding a good return and steadily improving in intrinsic value. Stocks selling below par, paying moderate dividends and representing growing properties, appeal to all classes of buyers.—A. E. Ames & Co., Toronto.

DUN'S REVIEW.

The industrial and commercial situation, as a whole, at the beginning of the last quarter of the year, is that of a full return to normal conditions. It is easy, here and there, to discover flaws, for the advance from the late depression has been accompanied by considerable irregularity but no essential weakness is disclosed. The simple fact is that a most disastrous financial convulsion has been followed by an extraordinarily rapid recovery testifying to the wonderful recuperative power of the country. That the structure of business is again sound is proyed by the statistics of nine is proyed by the statistics of nine months' failures, which show liabilities no larger than in the corresponding nine months of 1907 before the panic of that no larger than in the corresponding nine months of 1907 before the panic of that year. The improvement in the failure record has been most marked in the last three months. That the activity of business has expanded to aggregates that do not suffer materially by comparison with the best average of former years is indicated by the bank exchanges, which in New York during the month of September were 25.0 per cent. larger than in 1908, 2.0 per cent. larger than in 1908, 2.0 per cent. larger than in 1908, 2.4 per cent. better than in 1908 and 18.4 per cent. than in 1906. The same fact is recorded by the increasing traffic and earnings of the railroads, the latter showing gains of 10.0 per cent. over 1908 for the first three weeks of September and 1.3 per cent. over 1907. This return of prosperity for the railroads explains their heavy purchases of steel rails and their buying of general supplies. All parts of the country have shared more or less in the advance.
