

## The Church Parades Yesterday.

C. C. C.

Yesterday forenoon the C. C. C. paraded to last Mass at St. Patrick's Church, which was celebrated by Rev. Fr. O'Flaherty. The full battalion mustered out in command of Lieut. Col. Greene and Capt. Kent, and the lads presented a smart appearance. After Mass, headed by their band discoursing lively music, the Corps proceeded up Water Street and down the South Side, crossing the Long Bridge, thence by way of New Gower Street proceeding to their armoury.

M. G. B.

One of the best church parades of the Methodist Guards we have seen for some time took place yesterday forenoon when they proceeded to Divine service at Gower St. Church. The battalion was commanded by Major Hutchings and headed by their fine band the lads in their natty uniform had a fine military like go about them. The service was conducted by Rev. W. T. D. Dunn, who preached a very eloquent and appropriate sermon. Many citizens viewed the Corps on the march to and from the church and their smart appearance was favourably commented upon.

## Historical Society.

John Guy Celebration.

The sub-committee of this Society appointed to arrange for the proposed memorial to be erected at Cupids in honor of John Guy, the founder of our great Overseas Empire, had another meeting on Thursday last and settled many details. Amongst such matters they selected one of designs submitted, and accepted the tender of the Colonial Granite Co., of New Glasgow, N.S., to execute and erect the memorial. This will be 13 feet 6 inches high and will be of native stone—the beautiful red granite found in the company's quarry at Old Bay, in Fortune Bay. One side will bear the bronze tablet given by the city of Bristol, whilst the opposite side will be inscribed with an inscription from the Historical Society. Parts of the memorial will be polished and the company has instructed the firm of Mr. C. Muir, of Water Street, to erect it when ready. The collecting committee hope to finish their work in town shortly.

## Cricket Match.

The B. F. C. Cricket Team defeated St. Bon's at the inter-collegiate match on Saturday by an innings and seven runs, thereby carrying off the championship for 1910. Under the fine bowling of Tait and Edwards the St. Bon's boys were sent out for 10 runs in the first innings. The B. F. C. went to bat and notched up 37. Anderson who secured 13, and Winter 8, saved the situation.

In the second innings the St. Bon's team did not improve their position very much, and were all dismissed for 19, Edwards and Tait having mowed down the wickets in a very effective manner. The batting on the whole on both sides was very poor, and only one man secured double figures during the match.

## McMurdo's Store News

MONDAY, June 13, 1910.

Why not make some Ginger Beer this summer? This wholesome, old-fashioned drink has somewhat fallen out of use, for no assignable reason, for it is one of the cheapest, most easily made, most satisfying and delicious drinks in its class. With our Ginger Beer Essence there is no necessity of boiling the ginger root—the Essence contains every bit of its strength and flavor, and the making of the Beer becomes simplicity itself. One twenty-five cent bottle will make over three gallons of a splendid quality of Ginger Beer. Have a bottle when next you are down town. Price 25c.—adv.

## A Disgraceful Scene.

Saturday evening two men who were very much under the influence of liquor, had a disagreement on the head of Lime Street and fought several fierce rounds. One, in falling, had his head badly cut, and the other's face was filled with cuts and bruises. A crowd gathered and eventually men interfered and parted the contestants who were pretty well used up when the fight was stopped.

## S.S. Susu Arrived.

The s.s. Susu arrived here from the Fogo route yesterday at 6.30 a.m. Capt. Barbour made the round trip in five days. Leaving here last Tuesday the weather was favorable all the way to Change Islands. The ship brought about 250 packages of freight and the following passengers: Rev. B. French, Rev. W. W. Cotton, G. Hillard and J. W. Mitchell. The Susu will leave for the north again at 4 p.m. to-morrow.

## Costumes Different From the Rest.

It may be but a touch in the trimmings, it may be the method in which the soutache braiding is done; it may be but a little line in the skirt; it may be but the roll of the collar; but whatever it is, there is something different, something to distinguish it from the ordinary; one or two from this maker, two or three from that—the very smartest each of them have, and only one or two of each style.

The colors are—

AMETHYST	BROWN	PURPLE
NAVY	LT. BLUE	BLACK
CREAM	GREEN	V. ROSE

PRICES, \$5.50 to \$18.00.

### Cream and White Lustre Coats;

LT. BLUE	NAVY	\$35.00
BROWN	GREEN SHOT	

## Everything in Embroideries

Our Embroideries are so fresh and sweet, so beautifully worked, so delicately fine, the patterns are so varied and the qualities are so good, that the women who know and appreciate the distinction between what is really fine and what is commonplace cannot fail to be impressed by them, and we are saying that for our Embroideries by the yard as well as our Embroideries made up in robes.

Irish Linen Embroidered Robes, \$6.75.  
Colored and Natural.

Swiss Embroidered Robes, trimmed with imitation Irish Lace, \$8.00 to \$17.50.

Blouse Robes, \$1.30 to \$3.75.

EMBROIDERIES BY THE YARD.

At 4c. to 10c., edgings and insertions.

At 12c., 15c., 17c., 20c. to 90c., edgings, insertions, corset coverings and strappings.

## Awfully "Sweet" Says One Lady of Our Blouses.

It is a woman's way of putting it, and though a doctor of literature would condemn the expression as faulty, we like it for the enthusiastic justice it does to the Blouses—they are really sweet, all of them—but especially our New Net and Silk ones.

Some beauties in Real Irish Hand Embroidered Linen, \$2.50 to \$4.25.

Size 36 x 36 . . . . .	Price, \$2.50
Size 36 x 36 . . . . .	Price, \$2.75

## "Men and Women."

The Chicago Stock Company on Saturday afternoon and evening were seen in the new Western play, "The Lost Trail." It was a good, wholesome story and the cast was large and well represented. Mr. Dorente as Bud Larabee, a broncho buster in the employ of the U. S. government, was manly and proved a most acceptable hero without any of the usual heroics. Miss Mabel Spencer, who appeared in the opposing leading role, lent capable support while Mr. Florer and Clara Bell Prae, with the assistance of Richard Carhart and Miss Florer, furnished the comedy, which was plentiful and presented in a natural manner bringing forth much laughter. The play was well staged and as a whole was an excellent production. For good measure and to keep up with the times and popular movement, vaudeville novelties were introduced between the acts including about ten minutes of real comedy, with singing and dancing by Mr. Florer and an interesting act in magic by Delivette, who has several novelties which are really new and entertaining.

This evening the company will present David Belasco's celebrated drama of American social and financial life, "Men and Women." Competent critics have pronounced this play one of the most powerful ever constructed and Manager Rosskam regards it as a strong vehicle for the display of the talents of his entire company. There are many exciting scenes, among which is the sensational "third degree" episode in the director's room of the bank which is about to suspend. A delicious element of comedy permeates the production, and a performance calculated to please all classes of theatre-goers is guaranteed.

## Specialists for St. Anthony Hospital.

Dear Mr. Editor.—From the end of July to September the surgical staff at St. Anthony Hospital will be augmented by a well known specialist from New York in diseases of the eye and ear. Those suffering from these diseases and intending to seek help at the hospital this summer are advised to try and time their arrival during that time.

We have also arranged for a dental specialist to help this summer, as a very large proportion of the digestive troubles and much avoided suffering are due to need of attention to teeth. The staff of each of the mission hospitals are expecting a visit from him. Neglect of teeth among our people is a cause of far more serious trouble than most of them are aware of.

The information afforded by the anti-tubercular Society along these lines can't be too seriously taken to heart. A report from Dr. E. L. Trudeau of the famous Sargnac Sanatorium, founded on an exhaustive series of experiments, shows that consumption can easily be conveyed by drinking from the unclean cup of a person who has that disease. Plenty of soap and hot water afforded, however, quite sufficient safeguard. But all utensils and clothing used by consumptives should be thoroughly washed with hot water and soap, and then exposed to the air and sunshine.

WILFRED T. GRENFELL, M.D.  
S.S. Strathcona, June 8th, 1910.

## A Dangerous Practice.

The weather signal at the North Battery should be given immediate attention if a fatality is to be averted there. The signal halliards are loose on the mast, and boys who go there daily catch them and swing themselves out over space. There is a cliff of 300 feet, and should the halliards break or the hands of one of those dare devil youngsters slip, a horrible accident will occur. Some means should be taken to keep boys from frequenting this dangerous place.

## Bennett's Band and the Labor Parade.

Editor Evening Telegram.

Dear Sir.—It is rumored that Professor Bennett's band will not take part in the forthcoming Labor Parade. He intends to charge \$40 for the band's services. The different Unions have voted \$40 for music, so that cannot be the reason why the Professor is not going to allow his band to play in the parade. We would all like to hear Bennett's music on Labor Day. Our parade without Bennett's band would be like the play of Hamlet with the character of Hamlet omitted. Come, Professor! your band is and was ever popular. Give us an explanation why you have decided thus. I am, dear sir,

Yours truly,

A UNION MAN.

St. John's, June 13th, 1910.

CAPLIN PLENTIFUL. — Along the Southern Shore caplin have struck in plentiful. Codfish, however, are very scarce.
