House Cleaning.

The annual return of this distress-

ing and most contagious condition is

now near at hand. What can be done

towards reducing its horrors to suf-

fering manhood? One thing should

occur to you, that is to see that those

books that are piled up in back rooms,

on tables and mantels and spreading

by exposure should be housed in dustless,

elastic, sectional, economical book-

cases of the famous

FIRE FIGHTERS

Are Not Always Victorious.

Sometimes even a prompt response

of the most effective fire apparatus

fails to subdue a fire before consider-

Do not rely too much on the ability

SMALLWOOD BUILDING,

I, personally

"decorated"

my

new cottage

with

NEPONSET

WALL BOARD

FOR WALLS AND CEILINGS

It was no trouble at all and took

a very short time. You see,

anyone can apply it.

I simply gave my dealer the di-

mensions of the cottage and he

sent me up enough bundles of

this new material to cover the

walls and ceilings—I did the rest

with hammer, nails and saw.

It cost me a great deal less than

laths and plaster, and there was no

dust or delay of drying-out.

NEPONSET WALL BOARD comes in

sheets, all decorated; 7 to 10 feet long,

and to fit across standard studding. It

is ideal for unfinished rooms in houses,

camp, garages, and for partitions any-

where—makes wonderfully attractive

interiors. Surfaces waterproofed.
