Civic Board Meet.

MOTOR CAR AND THEATRE TAX PROPOSED TO MEET INRCEASED EXPENDITURE- TARVIA TURN-

The regular weekly session of the Municipal Council was held last night, the full Board attending. An unusual amount of business came up for discussion, principally the Resolutions submitted by the Mayor at the previous meeting respecting proposed increased taxation for the purpose of being able to meet increased expenditure, namely, the raising of the pay of

Council employees. Tarvia paving came in for a share of animated debate and it looks now as if a revolution has taken place. Last year the people were opposed to Tarvia and the Civic Board were strongly in favor of it. Now the public are singing out for Tarvia and the Council has turned it down.

The Colonial Secretary wrote that the filling in of a dump near the R. N. Co.'s station be left with the Government and City Engineers. The Colonial Secretary stated in another communication that the Government had given the Royal Bank of Canada a loan for \$4,000 with which to purchase rolling machinery for street purposes. The Engineer reported, as instructed, that certain sheds in the West End were undesirable and in contravention of the law. Councillor Mullaly moved and Councillor Tait seconded that they : be torn down. The motion was lost and Councillor Mullaly said it was proof of more discrimination. The Newman building was ordered down a; wook ago, despite the fact that seven families depended on the work done

there for support. The Mayor then addressed the meet-

In submitting the proposals for taxation under the Charter, for additions o the tax on motor cars, and for a heatre ticket tax, I would like to ex-

The City Tax which according to the Charter is to be paid by the owners of the property, will take the place of the water and sewerage rates now paid jointly by owners and occupier. The present combined rate is 111/4 per cent. The new rate is 121/2 per cent less 10% which is exactly the same. The Ground Landlord's Tax is slightly higher, being 5% less 10 per cent; or 41/2 per cent., compared to 33/4

now paid. The Stock Tax is slightly increased, being 20 cents per \$100.00 less 10 per cent, or 18 cents, instead of 15 cents now paid.

The Vacant Land Taxes are the

The general taxation of the City is therefore practically unaltered. We have, however, to face an expeditunre for increased payments to the City employees upon which we did not calculate at the beginning of the year. It has arisen because of war conditions, and will continue while the war lasts. After the war is over there will be a gradual re-adjustment to a lower level of both the prices of commodities and the wages paid to labour.

I look upon the increased wages we have to pay as temporary, and I therefore think temporary means can be taken to raise the additional revenue. At this time, I think that anyone who can afford to run a motor car can afford to pay a higher tax. The \$10.00 or \$25.00 additional paid by each motor owner is nothing in the cost of

running a car. The increase of 50% in this tax will

give the City about \$2,000.00. The same argument applies to theatre goers. If they can afford the amusement they can afford the extra tax, and it seems to me a fitting way to raise an extra tax in war times. I notice that similar taxes have been or are proposed to be levied in many

It is impossible to find a tax to which some one will not object, and I feel sure that the majority of citizens will agree that the additions we propose are fair and reasonable under the circumstances.

A special meeting will be held next week to further consider the matter. Mr. Manning, representing the Canadian Tarvia Company, submitted a list of names of thirty-two people who had expressed their willingness to contribute proportionately towards the proposed extension of tarvia pavement on Duckworth Street. Councilfor Vinnicombe proposed, seconded by Councillor Tait that the work be done, following the passing of the New Charter. The motion was supported by Councillor Morris and objected to by Councillor Mullay, Brownrigg and Ayre. The Mayor gave his casting vote against the motion.

After the disposal of a number of minor matters the meeting adjourned at 10.30 p.m.

CITY'S HEALTH .- Three cases of diphtheria and one of scarlet fever were reported to the Health Authorities during the past week. There are now undergoing treatment at the Fever Hospital, 36 diphtheria patients and 2 scarlet fever patients.
