might show piquant results.

Lady Egerton herself is quite satisfied with the new feature introduced into her business; her manikins are equally enthusiastic about their work.

MINARD'S LINIMENT

Didn't Mean That.

It was a history lesson, and the masnew customer brought to the house ter was convinced that he had told his boys all the important features sage: "One of Richard's stoutest opand characters connected with the ponents was Margaret of Anjou." Wars of the Roses. He therefore proceeded to examine.

> "Now, boys, what do you know of Margaret of Anjou?" was his first

A slight pause, and then quite good show of hands.

"Well, Jones?" This to a youngster who was waving his arm about like a flag-signaller, working overtime. "She was v-v-very f-f-fat, sir," stamnered Jones.

"Fat! How do you make that out?" queried the master, who had made no

mention at all of the lady's physical charms, and was somewhat in doub himself as to her exact dimensions. Opening his text-book, Jones, triums phantly pointed to the following pas-
