Edwin Duder-Elizabeth, 2,000. THE PASSING OF THE REAL SEALER.

Now, we will take up 1871. Of course. I am not giving the names of all the vessels and the number of seals. I wish to show how the fleet was being gradually depleted. This is to be regretted, because the sealfishery, above all others, was an industry which sprung from the people themselves. In the very early days they chased the seals along our coast in punts. Then came the
