OHA TERR EXEMIN

BUEL ESTATURABLES OF ANNABED — A. DEED OF

FORDLA PROCES DE ANNABED LATES AND

DICK MITTOCKS DE BEADLY FERLE.

The first affect of the strong fresh air
was to make Annabel gasp and render
her giddy, almost to fainting. For
weeks she had been abut up in the close,
unwholescome structure of her prison,
outh now the studen passage into the
feen frosty might upset her, and when
Fhilip had placed her in the dog-carf and
statem assat beside her, alse gave a long
sigh of thanktiness, and sank contenied
into the arms with which he drew her
clossly towards him.

And thus she drove away from the
dreary building where for so many
weeks she had endured such hopeless
misory. For hopeless she had long since
concluded her atination to be: She had
prayed oh, so often and so carnestly, for
Fhilip to come and deliver her; but, por
gift, her prayer had scarcely been one of
faith, for abe knew that he had been led
to believe her dead, and would therefore
newer seek her. How then, was help, to
come to her, shu up as she was in
that itselated pot and guarded with vigilance
which made essage impossible? To her
deepatring soul there seemed no release
but by death, and sometimes in her agony she had desired that dark door to be
opened, where ones through her she could
not divine, moe did she ye! wish to inquire.

The blessed fact so filled her with joy
that she sould contain nothing beyond
the delicious feeling of it. Ere long
doubtless she would learn all, but for the
present ab was content to pillow her
head on his boom, to feel his arms tenderly ondreling her, and to know that
they made the surface of the rears, and many flaring
lights atreamed aeroes the darkness of
the wold. They were excessively surprised, and wholly as a less to know
what this might mean; but they were
not long left in ignorance, for the lights
were approaching them, and to know that
they are to do it, say I. The Porsley
folks with the surface of the pressing of
the wold. They were coessively surregion to the strong had the provided the

founded, for the names had now spread so much and grown so bright that it was evident the whole building was in a blaze, and the old worm-eaten furniture must in a few minutes be reduced to ashes, leaving but the bare and blackened walls to mark the ravages of the conflagration.
