

PEASANTS FAIL TO UNDERSTAND DESIRE FOR WAR

Old Farm People Convinced That Further Conflict Is Folly.

LOVE PEACE AND WORK
Prefer to Build With Hands,
Sow and Reap Harvest.

Written Specially for The London Advertiser by Milton Bronner.

TOURNAI, France, Aug. 25.—Monsieur Alfred Crepin assured me he knew how the peasants of Tournai felt about militarism. It was his job to know. Besides he came into contact with many of them at political meetings and also during his trips. And naturally he talked with them about the internal and external situation of France. Monsieur Crepin is the editor of La Depeche, a radical newspaper which has the greatest circulation in this city, the ancient capital of Tournai.

In all this country there are medieval chateaux and watch towers and residences, but there isn't anything medieval about the people, unless you find it in their jolly laughter, their unashamed liking of good, rich food and good, rich wine. Remember this is the country which produced Rabelais, with his great, coarse masterpieces of a book and Balzac, who in exuberant poured forth great novels pulsating with life.

Monsieur Crepin might have stepped out of their pages—this giant with the silky black beard and shock of black hair and smiling eyes, who sees a peaceful, political revolution coming in France. He says the peasants and the city workers will smother the reactionary government and put in its place one opposed by the Communists on the extreme left and big business and militarists on the extreme right. One of the main aims of the new deal will be a cut in the army.

"Don't take my word about how the peasants feel. Go out and find out for yourself the way I did. Sit down and talk with them."

Peasants Speak.

Well, here are where the little village of Montbazoin melts away into the country beyond. Soldiers, white and colored, were camped here during the war. They were waiting to go to the front, and left behind them pleasant memories and a good reputation. Here comes old Louis Rocher, who used to till a farm until the aches in his back got too bad. Now he is caretaker of an old medieval watch tower and of an acre of vineyard. He will be glad to sit down with us at this roadside wine shop and drink a glass of wine. And Mother Maturin, who serves it, will walk right into our conversation in the most charming and natural way.

"How Possible?"

The old man, meditatively—"War again? How could it be possible? Anyone having a little business, a little homestead would have to leave it. The women would do their best, but war is ruin, ruin. No government could last that brought us to another conflict. I had a son in the war. He was left for dead on the battlefield, but a chaplain saw him move and saved him by having him sent to a wound-dressing station. Today he keeps a little butcher shop, has a wife and child, lives happily.

Do you think he wants more war? No, never! And that's the feeling of all the folks around here. We want to live in peace and die in peace. We don't want to destroy. We want to build with our hands. We want to keep on doing the things we love best and know best—planting, sowing, reaping. It is fine to see the wheat and the grape ripening in the sun. And in the evening take our ease."

WILL LAY WATER MAIN.
STRATFORD, Aug. 24.—At meeting public utilities committee today it was decided to lay a water main across the river to connect Front street north and south. The main will be laid on river's bed.

A Friend and The Canada Trust Company

Should you wish to have a relative or friend act as executor without burdening him with the usual troublesome details, this can be arranged by appointing The Canada Trust Company as Co-executor to act with him.

Let us explain the nature of a Co-executor's duties.

CANADA TRUST COMPANY

"Faithful, Permanent, Impartial."

LONDON BRANCHES:

Richmond St., Opp. Post Office, Market Square.
Dundas St., Opp. Rectory St.
Wentworth St., and Elmwood Ave.

NEWS BRIEFS

SARNIA.—It is reported that the fruit and vegetable crops in Lambton County are greatly in need of rain.

BOTHWELL.—While playing baseball Wednesday night, William Johnson, a local groceryman, slipped and fell, dislocating his ankle.

TARA.—William Collins of Tara has generously offered his riverside property to the town for use as a public park on the understanding that improvements be made on it.

MITCHELL.—All present voted the field day of the Junior Farmers' Improvement Association of Perth County a complete success. This was the first of its kind held in this county.

STRATFORD.—At a meeting of the public utilities it was decided to lay a water main across the river to connect Front street north and south. The main will be laid on river's bed.

CHATHAM.—The contract for the construction of the new civic incinerator will probably be awarded at a special meeting of the city council Friday, it was stated by city hall officials today.

SARNIA.—The Sarnia Riding Club has decided on extensive improvements to its clubhouse at Sarnia Beach. It is expected that after reorganization the name will be changed to Sarnia Country Club.

RUTHVEN.—When Jack Collis and a number of workmen were digging in the gravel pit on Concession 4, they struck what was at first thought to be a shining stone, but on further investigation it was found to be a full-size skeleton. After further digging another skeleton was found. Both of them are thought to have been Indians buried probably hundreds of years ago.

STUSS GAME ENDS IN SERIOUS CHARGE

New York Sharps Face Grand Larceny After Winning \$360.

New York, Aug. 25.—(Canadian Press).—Paul Bennett and James Warren, both of Chicago, today face a charge of grand larceny as a result of a little game of stuss which they organized in the Hotel Pennsylvania on the night of August 11.

W. R. Johnson of Toronto, participated in the game and lost so much money that he decided something was wrong. His suspicions led to the arrest of the pair last night.

Johnson told the house detective at the Pennsylvania that he met Warren in the lobby of the hotel two weeks ago and the latter invited him up to his room to play stuss. Johnson accepted the invitation, met Bennett, and a game with three players was started. When Johnson quit the game he had lost \$360. The next morning he told a house detective about it, but neither Bennett nor Warren could be located.

Yesterday Johnson came to New York again and saw Warren last night in the lobby of the Pennsylvania. He pointed the man out to a detective. The latter, accompanied by Johnson, followed Warren to Bennett's room, where a little game of stuss was again in progress. An Arizona man had lost \$40. He didn't get it back, but he didn't lose any more as the detective promptly arrested the pair of stuss experts.

WOMAN DROWNS AT PORT ELGIN

Body of Miss Melinda Witing, Former School Teacher, Found in Harbor.

Special to London Advertiser.
PORT ELGIN, Aug. 24.—Miss Melinda Witing, aged 25 years, met death by drowning off the dock here this morning. No one witnessed the tragedy.

She was last seen alive about 10 o'clock, walking towards the harbor. Three young girls, strolling along the dock, discovered the body floating in the pier, about 11 o'clock. The alarm was given and the remains were recovered from the lake and taken to Pattison's undertaking rooms, where an inquest was held, and a verdict of accidental drowning was returned.

The deceased, who was a former school teacher, suffered a nervous breakdown some years ago, following which she was for some time in a hospital at London. But of recent years had been residing with a sister at Hamilton, and was at the time of the tragedy summering with relatives at Port Elgin, where she was raised and educated and where her parents, the late Mr. and Mrs. John Witing, for many years resided.

CLAIM NEED FOR FARM LABORERS

Winnipeg, Aug. 25.—Owing to Manitoba's 100 per cent increase in crop over 1921, and also owing to inequalities in allotment of special railway rates for harvesters, Manitoba's shortage of harvest help continues. Labor shortage exists in both Alberta and Manitoba, though in Saskatchewan men are plentiful, it is reported. Arrivals from the west today stated that in many parts of Manitoba they noticed that threshing machines were being applied directly from scattered sheaves, showing that men had not been available for stocking.

Calgary's demand probably will be supplied from British Columbia.

RESUME TROLLEY SERVICE.
Niagara Falls, Aug. 25.—The International Railway Company announced yesterday that local street car service, suspended when trolley men went on strike July 1, would be resumed next Monday.

WILL NOT TAKE DECIDED STAND

W. C. Good Hesitates To Give Definite Opinion of Drury's Action.

Advises Hearers At North Oxford Meeting "Not To Get Excited."

WOODSTOCK, Aug. 24.—At the annual meeting of the North Oxford Political Association this afternoon the Drury-Morrison controversy was discussed. W. C. Good, U. F. O. member for Brant County, was the chief speaker. With A. T. Walker, M.L.A. for South Oxford, he did not take any decided stand on the controversy, while D. M. Ross, M.L.A. for North Oxford, stood for Premier Drury.

W. C. Good opened his address with a description of his first experience in the house. Relative to Drury's broadening-out policy, he said that he was a warm personal friend of Drury's, and had always admired his integrity and ability, but at the present time he hesitated to give a definite opinion on Mr. Drury's action.

Will take years, he said, "which involves a complicated question of constitutional development, and it is difficult to arrive at a sound opinion." He advised his hearers to make up their minds slowly, and in the meantime to keep cool and not get excited. "Find out all you can, on both sides. So far as I can see it may take years to thresh out the question. It is unfortunate to take sides. Years ago the farmers made no progress because they were split up and nullified each other's votes, and it would be a shame for the same condition to prevail again. Do not be led aside and break our solidarity. Though we may look at questions differently there is bound to be the truth between our opinions, and it behooves us to be kindly and sympathetic. The admonition in the New Testament to forgive your brother 70 times 7 for an emotional wrong may well apply today in the intellectual relationships.

Discusses Proposition.

"Mr. Drury has made a proposition which is perfectly intelligible for the organization of a progressive party out of the farmers' movement in order to consolidate forces that arrive in matters of public policy. Mr. Drury's problem is to secure the help of the city people and the country people. The real controversy is over the method of putting the platform into effect. The facts to consider are: Will it be stabilizing or disintegrating on the U. F. O. side? Is it going to help us. How far will it interfere with the political solidarity of the farmers."

Heretofore Mr. Good said he was of the opinion that the U. F. O. clubs should be non-political, but he was now of opinion that they should have close connection with the political development of the county.

Ross Newspapers.

D. M. Ross, M.L.A. for North Oxford, and A. T. Walker, M.L.A. for South Oxford, also spoke, scoring the newspapers for making such a fuss about the Drury-Morrison controversy. Ross declared himself firmly behind Drury, and said that he much preferred the name Progressive to U. F. O. Mr. Walker thought in due time the little misunderstanding would be squared away.

J. H. Lillico, a candidate in the last federal election, in North Oxford, believed the split between Drury and Morrison was nothing more than newspaper talk.

The meeting as a whole declined to voice any opinion on the subject, believing that the less said about it the better.

The following officers were named for the ensuing year: President, W. E. Thompson, East Zorra; vice-president, J. H. Lillico, Blenheim; secretary, George Oliver, Bright; township directors, R. A. McDonald, East Nisour; R. H. Marshall, West Zorra; W. E. Thompson, East Zorra; James Isbister, Blandford.

FINISH PARLEY ON REPARATIONS

Continued From Page One.

commission will hold a special meeting Monday or Tuesday, at which it will try finally to dispose of the question of granting a moratorium to Germany.

If the last minute guarantees offered by the Germans prove to be as unsatisfactory as previous proposals, the British are expected to try to postpone action by the commission in order to delay the carrying out of penalties independently by France, with the hope that some way out of the difficulty may be found.

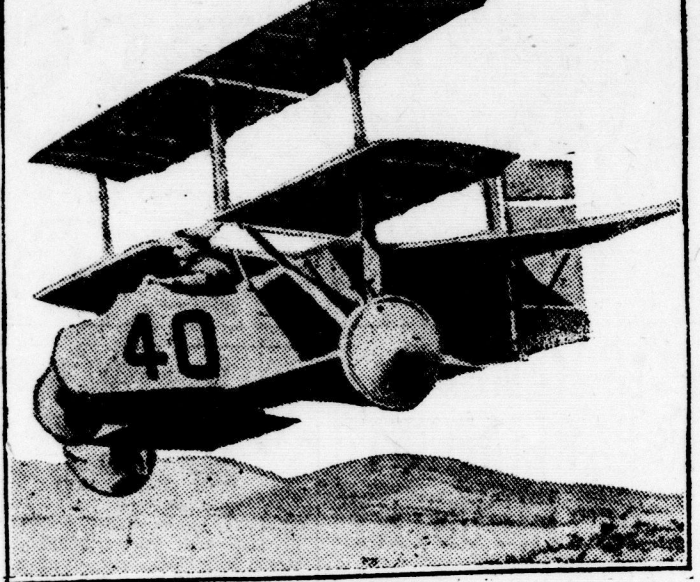

There was much speculation today as to what form the French penalties had been indicated officially, but all reports from Germany seem to agree that the first move would be occupation of the Ruhr section.

The French government will take no action until after the reparations commission has made its decision, it was said in official quarters today. When the commission's decision had been made known, the cabinet will meet and finally approve of a plan of action which already has been drawn up. It was suggested by some observers that Premier Poincare may delay the proposed penalties until the convening of the Chamber of Deputies the first week in October, in order that the government may proceed with its program backed up by a vote of confidence.

MAYOR PARKER GIVES TROPHY.
BRANTFORD, Aug. 24.—Mayor C. J. Parker has donated a fine trophy for competition by the first and second half winners of the Brantford City Football League. The trophy is a fine new cup, and is on display in the window of Shepherd's jewelry store.

IT FLIES WITHOUT A MOTOR

French Machine Which Gave Exhibitions Last Week

PARIS, Aug. 24.—The Clement, French entry in the glider contest held at Clermont, France. Experiments with motorless planes are being made in Germany and France in the hope of eliminating forced landings of airplanes due to engine troubles.

Indians At Walpole Island Prepare For Annual Fair September 1 and 2

Special to London Advertiser.

SARNIA, Aug. 24.—Indians at Walpole Island are busy preparing for the annual fair, which will be held Sept. 1 to 2, at the island. Baskets woven by the squaws, and various trophies and products of the farms of the island, supplied by the braves, will be exhibited.

This is the big event of the year for the Indians, although the New Year's celebration ranks high in their eyes as a feast day and program of general good times.

CLAIMS REMEDY IS INDUSTRIAL BODY

Continued From Page 3.

fact. The workers cannot continue indefinitely the victims of severe unemployment, semi-starvation, low wages, domestic distress and social wretchedness.

"In my judgment the first step towards economic recovery and a betterment of the workers' conditions of life lies in the creation of some form of machinery capable of investigating and dealing with the problems, common to all sections of industry, which are the root cause of industrial unrest and conflict.

"Such a body is to be found in the establishment of a Parliament of industry, representative of employers, workers' and the community's interests.

"It is not only desirable, but essential, that such a parliament should come into existence not on the initiative of the government, but on the initiative of the trade unions and employers' organizations. It should be an independent body without any connection with the state—though it might be deemed advisable later to seek recognition by the state and to obtain powers defined by legislation.

"Each element should have equal representation and be free to determine its own methods of appointing its representatives.

Would Aid Progress.

"An industrial parliament would provide a mouthpiece by which new ideas can be expressed and an organization by which their practical application to industry can be worked out.

"Some of the questions of a general character to which it might direct its attention would be: the status of the worker in industry, insurance by industry, workers' compensation, the standard of life as affected by wages and hours, working conditions, holidays, industrial fatigue and hygiene, investigating new processes, devising better methods of organization, dealing with unemployment, under-employment, and the maintenance of the compulsorily idle workers.

"It might devise ways and means of securing for the workers an adequate share in the proceeds of industry, and for inaugurating a multitude of desirable reforms.

"It could scrutinize and advise upon all legislative proposals affecting industry as a whole, and it should be ready, if its services were required, to act in a mediatory capacity in the case of industrial disputes that might arise. It might also have powers of initiation and be able to submit agreed draft bills to Parliament."

MILLIONS OF DOLLARS INVESTED IN MERCHANDISE THAT CANNOT BE USED.

Some merchants that are complaining of business being poor have merchandise that the public do not want. These should not blame the public for poor business. Merchants should buy less and often, then they would always have new and up-to-date merchandise. This, if sold on a close margin makes business always good, such as it always is with John A. Nash, Jeweller, 182 Dundas street, "where you will eventually buy perfect diamonds."

Alberta Strike Costs Operators \$9,000,000—Miners Lose \$3,500,000

CALGARY, Alta., Aug. 24.—Coal miners in district No. 18, comprising Alberta and Southeastern British Columbia, during the recent strike, it is estimated, have lost approximately \$3,500,000 in wages, while the members of the Western Canada Coal Operators' Association are faced with a loss of \$9,000,000.

These figures are arrived at from evidence before the Knowles conciliation board. The strike has been in progress for practically five months and it was the second longest strike

in the district, that of 1911 lasting three months longer.

From interviews with various operators it is predicted that the mines will now be working to their utmost capacity, and it is anticipated that quite 3,000,000 tons of coal will be mined by the union collieries by December 31 next.

In addition to the association mines, there will be a very considerable output by the non-union companies, totaling probably about 400,000 tons a month.

FAIL TO SETTLE SHOPS DISPUTE

Brotherhood Chiefs, Acting As Mediators, Admit Little Progress Made.

"Like Bats, Cannot See Way Out," Declares Rail Union Leader.

NEW YORK, Aug. 24.—"We are like bats; we can't see the way out." Thus did the chief of one of the big five railroad brotherhoods describe the position in which they found themselves after their last efforts to settle the great shopmen's strike in the United States, now nearing the end of its eighth week.

Today peace negotiations centered on conferences between the brotherhood chiefs, cast as mediators, and the executives of more than a score of railroads representing approximately 30 per cent of the rail mileage in the United States—conferences which were called to order after the association of railway executives yesterday had declined to yield on its seniority question, but some of its members had indicated an interest in a suggestion that separate agreements might be possible.

More than 50 main lines and their subsidiaries were represented when the parley broke up shortly before 7 o'clock. Although both sides professed themselves no nearer agreement than when they first went into conference, it was evident that the door to peace had not been entirely closed, for announcement was made that another session had been scheduled for tomorrow.

SCOTT FAMILIES HOLD 1ST REUNION

Members Gather At Ailsa Craig and Arrange Future Picnics.

Special to London Advertiser.
AILSA CRAIG, Aug. 24.—A delightful gathering of the Scott family took place at the home of S. J. Scott, McGillivray, on Aug. 20.

About 125 relatives and friends gathered on the spacious lawn to spend the entire day together.

The afternoon was spent in music and songs. The talk given by Miss Emily Guest was much appreciated by all. She related the details as she had learned them of the life and history of the Scott ancestry in Ireland and their coming to Canada.

Their descendants present were especially impressed because she had visited the scene of their earlier life in Ireland.

They intend having an annual Scott reunion picnic, the meeting to be at Kettle Point next year.

The officers for the coming year are: Erwin Scott, Ailsa Craig, president; William A. Scott, Sarnia, and William Fisher, Yale, Mich., secretaries.

Relatives were present from Yale, Sarnia, Port Huron, Sarnia, Toronto, St. Thomas, Niagara Falls, Theford, Parkhill, Granton, Lucan, Crediton, Clamdeboye and Brimley, the majority coming by motor.

100,000 BRITISH SHOPMEN AFFECTED BY DECISION

LONDON, Aug. 24.—(By Canadian Press Cable).—Over 100,000 railway shopmen are affected by the decision of the industrial court today that the railway companies are not entitled to make any reduction in wages before Oct. 1, next, but may negotiate with the trade unions in regard to any variation of the 2s shillings and 6 pence war bonus.

To accomplish that end the plaintiffs were directed to file their statement of claim within one week.

MANY ATTEND FUNERAL OF MISS N. CHARLTON

Procession of Cars Extends More Than Mile in Length.

ILBERTON, Aug. 24.—There was a very large attendance at the funeral of the late Miss Nellie Charlton, which was held on Monday from the residence of her brother-in-law, Burt Kennedy.

Rev. J. D. Bannatyne conducted the ceremony. The pallbearers were: Col. Bart Robson, Archibald McPherson, R. S. Douglas, John McFarland, Walter Douglas, John Calvert.

The funeral procession was nearly a mile in length of cars from all over the district, showing the high esteem in which deceased was held. She had been for many years a member and ardent supporter of Ilberton Presbyterian Church, and was always active in every good work.

SENTENCED TO 5 LASHES FOR ASSAULT ON MOTHER
Hamilton, Aug. 25.—James Boles, 13 Robert street, brother of Frank Boles, who was given a year in jail yesterday for carrying dope, was sentenced to a month in jail, with five lashes at the end of two weeks, for assaulting his mother. He denied the assault, blaming his mother's black eye on a swinging door. He declared that his mother was intoxicated, and that had caused the argument.

JUDGE McMILLAN DIES AT LINDSAY

LINDSAY, Ont., Aug. 24.—His Honor Judge Hugh McMillan of this town passed away today after an illness of about a week, from a stroke of paralysis. He was in his 73rd year, and came to Lindsay in the year 1906, having held the position of junior judge in the Counties of Victoria and Haliburton. Before coming to Lindsay the late Judge McMillan practiced law in Guelph.

ALLEGED ASSAULT ON AGED WOMAN

Tecumseh Police Arrest Arnold Scott and Clara Walls For Attacking Neighbor.

Special to London Advertiser.
WINDSOR, Aug. 24.—Alleged to have carried out a brutal assault on a 65-year-old woman, a young man and a woman were arrested today by Chief Jerry Desjardins of Tecumseh, and County Constable Wilfred Dugade. They are being held for trial at Ford.

Another woman, said to be hiding in Detroit, is being hunted for.

Arnold Scott, aged 20, and Clara Walls, aged 40, of Puce, are said to have made the assault on Mrs. Martin Carter, the aged woman. The alleged attack resulted in her sustaining a compound fracture of a leg.

According to Chief Desjardins, Scott and the Walls woman, together with Bella Peters, aged 25, who has not yet been detained, went to Mrs. Carter's farm at Puce and charged her with chasing some of their cattle from pastures.

The trio are alleged to have been so infuriated at Mrs. Carter that they attacked her and struck her with sticks. This occurred Sunday, police say. The injured woman is being cared for at her home, and is receiving medical attention.

PLANS AGENCY TO DISTRIBUTE FUEL

WASHINGTON, Aug. 24.—Establishment of a federal fuel distribution agency to meet the present coal emergency, and the extension of broad powers to the interstate commerce commission with respect to the issuing of embargoes and priorities, is proposed in a bill introduced today by Senator Cummins, Republican, Iowa, chairman of the Senate Interstate Commerce Committee.

NIAGARA FRUIT CROP ABUNDANT

ST. CATHARINES, Aug. 24.—As proof of the immense crop of peaches and pears in the Niagara district this year trees in all directions are breaking down under their loads of fruit. There would be many more broken limbs, too, if the fruit farmers had not propped up the branches. If the growers can get sufficient helpers to pick the fruit it will be a profitable year for the Niagara growers. Vegetables also are a large yield.

URGE MORE WESTERNERS ON C. N. R. DIRECTORATE

WINNIPEG, Aug. 24.—A deputation of the Winnipeg Board of Trade interviewed Hon. Charles Stewart, minister of the interior, here today, and emphasized the need for adequate Western representation on the new directorate of the Canadian National Railways.

It was stated that the West had nearly as much railway mileage as the East and that the earning power was very high on the western division.

EXPECT AMERICAN AS RAILWAY HEAD

Ottawa Circles Not Surprised by Rumored C. N. R. Offer To Kenney.

BULLETIN.

ST. PAUL, Minn., Aug. 24.—W. D. Kenney, vice-president of the Great Northern Railway, denied in a telegram to a local paper tonight any knowledge of the report that the presidency of the Canadian National Railway had been offered to him. Mr. Kenney is at Glacier National Park in Montana.

OTTAWA, Aug. 24.—(By Canadian Press).—In the absence of the minister of railways, who is in a hospital at Montreal, after a minor operation, there is no confirmation available of the Toronto rumor that the presidency of the Canadian National Railways had been offered to W. P. Kenney, vice-president of the Great Northern Railway.

Such an appointment would, however, be in harmony with the understanding which has been prevalent here that an American railway executive would be chosen to head the board. It has been reported here again lately that an announcement was coming shortly, but so far no official information has been made public.

It appears to be pretty generally expected, as was intimated some time ago, that the board, constituted on a provincial basis, with possibly some official representation as well.

PASSES FIRST SENTENCE UNDER O. T. A. REVISION

HAMILTON, Aug. 24.—Magistrate Jeffs today passed his first sentence under a new amendment to the O. T. A.

Hitherto Magistrates had no option but to impose jail sentences of six months on those convicted a second time. The master is now optional. Today Magistrate Jeffs imposed a fine of \$200 and a sentence of two months in jail on Trappin Yukon, convicted a second time.

He stated that he always considered the former penalty too severe, and believed he had some share in having it amended.

REPORT ST. PAUL MAN MAY BE HEAD OF C. N. R.

TORONTO, Aug. 24.—"It was rumored in financial circles this morning," according to the Telegram this afternoon, "that the presidency of the Canadian National Railways has been offered to W. D. Kenney, vice-president of the Great Northern Railway, St. Paul, Minn."

No word of whether Mr. Kenney would accept the position as head of the government system has leaked out from the capital, but advice from St. Paul say that there are reasons which would permit of the vice-president leaving the Great Northern at the present time.

A Permanent Exhibition of timely Gift Suggestions

Your rising search for something suitable to give ends with a visit to the modern shop of Barnard.

There you find flawless diamonds, fine timepieces, rich cutlaries, distinctive designs in rare silver and silver plate and a host of attractive gifts in bric-a-brac and art novelties.

Greeting Cards and Framed Motives for all occasions.
