

BALDWIN URGES BRITAIN
TO ACCEPT U. S. TERMS

Chancellor of Exchequer Believed Plan Offered Best Obtainable.

HOPES BETTERMENT

British Obligation At Present Time Approximates Ten Billion Dollars.

By RALPH M. TURNER.
Special Cable to The London Advertiser.
London, Jan. 29.—Stanley Baldwin, Chancellor of the exchequer, will advise the British cabinet to accept America's terms for settling the British debt to the United States.

Baldwin, who has just arrived in London from Washington, where he conferred with members of the Harding administration, takes the position that the proposition the United States has offered is the best obtainable. The Chancellor is to explain the American plan at a meeting of the cabinet Tuesday.

Those in authoritative circles state that Britain will decide upon one of the two following courses:

1. Acceptance of the American proposal, which sets the rate of interest at 3 1/2 per cent, and entails the payment of \$165,000,000 a year for a generation.
 2. Deferment of settlement and continue to pay, on the basis of five per cent interest, which was fixed by Congress, \$250,000,000 annually, in the hope that eventually the United States will offer easier terms.
- A strong section of the cabinet believes that the American plan would not only be difficult to fulfill, but that its acceptance would threaten the government's domestic political situation.
- There would be much criticism of Bonar Law, who was swept into office on an economy pledge, if he were to tie the country down to a proposition which would greatly increase taxation.
- Great Britain's obligation to the United States is now approximately ten billion.

U. S. COMPANY GETS
OIL FIELDS IN RUSSIA

Thirty-Six Year Concession Arranged—Land Is 1,000 Vests Square.

By JOHN GAUDEN.
Special to The Advertiser.
Moscow, Jan. 27.—The Sinclair Oil Corporation has obtained from the Soviet government a 36-year concession to an oil tract a thousand vests square on the Imandra-Sakhalin, in the North Pacific Ocean, it was announced today. Two of a number of conditions of the remarkable contract are that the United States shall not commit any hostile act against Russia, and that recognition of the Soviet government comes within five years.

Oil, gas and shale abound on Sakhalin, whose 16,000 square miles of wealthy soil lie just north of Siberia. The Sinclair Company, by terms of the contract, is entitled to select two spots on the island for harbors, these to remain under concession and the property of the Russian government. The company agrees to spend 400,000 gold rubles in the first five years, and to pay a rental of 5 per cent of its total sales, or 100,000 rubles a year if no sales are effected in the first five years.

A complicated system of taxation also is established. "If the United States does not recognize Russia within five years," the contract reads "the Soviet government can end all agreements without being liable for compensation."

The Sinclair Company must pay a fee of 1 per cent on the first 40,000 tons of oil sold in the first year, 2 per cent on the second 40,000; 3 per cent on the third, and 7 1/2 per cent on the fourth. The amount paid in taxes at once outlined must in addition be paid to the local Sakhalin authorities. The Soviet government besides granting this concession to the Sinclair Company, passed land concession to "California Oilway."

THREE THOUSAND VISIT

Chatham, Jan. 29.—Considerably over 3,000 farmers from all over Western Ontario were visitors at the 15th annual show of the Ontario Corn Growers' Association, and the 4th annual show of the Chatham Poultry and Pet Stock Association.

The annual number of paid admissions was stated to be slightly lower than last year, according to a statement issued this morning, but this is not taken as any indication of a backward step. The attendance of the city people was not as great as some previous years.

The principal visitors to the shows were farmers, who came from all over this end of the province, and from other parts as well. The greatest influx of visitors was from Essex, Kent, Lambton, Middlesex and Elgin counties. Visitors were also present from Oxford, Norfolk, Haldimand, Wentworth, Brant, Waterloo and Wellington counties. A large number of these farmers also attended the third annual show of livestock breeders association.

The show was packed to the doors at both services, and many out-of-town visitors formerly old members of the congregation were present.

Monday evening a concert and supper will be held in the town hall.

ELGIN INDORSES \$75,000
EXPENDITURE ON ROADS

County Council At Concluding Session Adopt Report of Highway Committee.

VOTE JAIL GRANTS

Will Petition the Government Against 20 Per Cent Tax On Concrete Pavements.

Special to The Advertiser.
By a Staff Reporter.
St. Thomas, Jan. 29.—At the concluding session of the Elgin County Council Saturday morning, considerable attention was devoted to the construction and maintenance of village jails, and a resolution was passed granting \$400 to Dutton for the equipping of a jail in the new memorial hall, and \$100 to the Village of Springfield for jail repairs.

Deputy-Reeve McKenney of Malahide, in discussing the jail question, stated that he did not feel inclined to support such a resolution until it was understood that the county was legally authorized to take this step.

County Clerk McKay explained that the maintenance of jails, by local municipalities or joint municipalities, was required by the municipal act, and although assistance had been granted on different occasions, the act had never been strictly adhered to by the county council.

Reeve Barons of Springfield in referring to the resolution, stated that the Springfield jail was mainly for the accommodation of Dr. Dutton and Malahide Townships, and did not think Springfield should maintain a jail in addition to schools, for the township.

Springfield Jail Inadequate.
Reeve Moore of South Dorchester, and Deputy-Reeve McKenney of Aylmer, contradicted the statement by Barons that it was necessary to provide for the accommodation of Dr. Dutton and Malahide Townships, and did not think Springfield should maintain a jail in addition to schools, for the township.

Reeve Patton of Dutton was another supporter of the jail resolution, and stated that at present, owing to no jail being maintained there, it was necessary to go to the expense of providing hotel accommodation for prisoners. He thought that Dutton also should be tendered some assistance by the county.

Warden Dromgole also favored a resolution to Dutton, and referred to Walcott, which was voted \$100 some time ago for jail repairs, but instead, the money was used to repair the town hall, and the jail removed.

With Reeve Patton of Dutton as chairman, the council in general discussed the \$75,000 report of the good roads committee, submitted Friday.

An appeal was made by Warden Dromgole as to the reducing of the amount, but Good Roads Committee member, F. Pines informed the members that in order to maintain the roads in Elgin, it was necessary to reduce the amount. He thought, any reduction would be impossible.

He also drew attention to the extra 56 miles of road designated last year, which will require attention this year, and the amount covering the county's share of the new bridge at Salter's Gully. A resolution was then passed adopting that part of the good roads committee's report.

Oppose County Tax.
A resolution by Reeve Barons of Springfield was unanimously passed, opposing the present government relief of the various counties of the twenty per cent tax now being collected for concrete roads.

A resolution by Reeve Dr. Jackson of Port Stanley, and Reeve McLean of Rodney, was also passed, authorizing the members of the county council, appointed by Warden Dromgole, to attend the good roads convention at Toronto, to arrange a special conference with the minister of highways, with a view to the grant of the maintenance of connecting link roads through these villages.

Including Reeve Dr. Jackson of Port Stanley, Reeve Barons of Springfield, Deputy-Reeve Anderson of Yarmouth and Crawford of Dunwich and County Clerk McKay, were appointed by Warden Dromgole to attend the good roads convention at Toronto.
