Included in the above will be the acquisition and enlargement of all existing canals along the said route, or the construction and operation of other canals suitable for their purpose in lieu thereof; or

(b) As an alternative route to the foregoing: To improve and make navigable for their purpose, the Richelieu River from a point at or near the City of Sorel, in the Province of Quebec, to Chambly Basin; to construct a suitable canal from the said basin to the east side of Hungry Bay, County of Beauharnois; to improve as far as necessary the channels in Hungry Bay, Lake St. Francis and the St. Lawrence River, to the Town of Cornwall, Ontario; to construct a suitable canal (or acquire and enlarge the Cornwall Canal), from Cornwall to Dickenson Landing, Ontario; to improve the channel of the St. Lawrence River as far as Farran Point, Ontario; to construct a canal or acquire and enlarge the existing canal at same point; to improve the channel of the St. Lawrence River from said point to Morrisburg; and to construct a canal or enlarge the existing canal at Morrisburg; to improve the St. Lawrence River channel to the Town of Iroquois, Ontario; there to construct a new canal or acquire and enlarge the Galop Canal.

To improve the St. Lawrence River channel from Iroquois or Prescott, as the case may be, to its source at Lake Ontario; and also the channel of the said lake to a point in the County of Lincoln, Ontario, on the south side of the said lake; thence to construct a canal through the Counties of Lincoln and Welland to Lake Erie; also a canal from Lake Erie at some point in or near the County of Elgin, Ontario, through the counties of Elgin, Middlesex, Lambton and Huron, to a point on the east shore of Lake Huron, within the counties of Lambton or Huron; also to construct a suitable canal or acquire and enlarge the existing canal at Sault Ste. Marie, Ontario; with all powers which may be necessary and incidental to the construction, completion and maintenance of their said works.

3. 4. To acquire by purchase or otherwise, or by expropriation, under the provisions of The Railway Act, 1919, all lands, public or private, water lots and water rights as may be necessary for the construction and operation of their works.

5. To deal in lands on or near the banks of their canals and channel; to take stock in land companies in connection with such lands, and to guarantee their bonds; to issue bonds and debentures and to divide their works into sections for bonding purposes; and generally to have all powers necessary or incidental to their undertaking.

6. The works and undertakings of the company to be declared for the general advantage of Canada.
