READABLE PARAGRAPHS.

Young man do not give up the ship. There is still hope. K. C. West. Nerve and Brain Treatment will cure you.

another Novelty. The latest style of lace front shoes, which are all things in the United States, all colors at White's Shoe House, 48 King Street West.

In France the salvation army has expanded into a salvation fleet. A cutter taking the name of "The Salvo's" has sailed down the Seine from Honfleur to Rouen. It is manned by three clergymen and a pilot, who is said to be a converted seaman. The cargo is made up of tropics and bibbles in French.

Rev. J. McLaurin, Canadian Baptist Missionary to India, writes: During our stay in Canada we have used Dr. Thomas' Electric Oil with very great satisfaction. We are now returning to India, and would like very much to take some with us for our own use and to give to the diseased heathen.

TO ALL STRIKERS--Strikers would do well to consider Guinane's libbers offer before going elsewhere. They are in sympathy with the present movement, and to show that they are agree to supply from their splendid assortment--the largest in the city--of boots and shoes, trunks and valises, any goods strikers need as actual wholesale prices, which they will guarantee to be 25 per cent below the retail price. Need we say Guinane's immense boot and shoe emporium is at 218 Yonge Street, three doors south of Albert.

To hasten nature most effectively in her efforts to throw off or resist serious disease, it is essential that an impulse should be given to functions which growling ill health suspends or weakens, namely, the action of the bowels, bilious secretion and indigestion. Oftentimes, though this is impracticable by the use of ordinary remedies, it proves an easy task when Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure is resorted to.

A Virginia physician says he has never known a habitual consumer of tobacco to have typhoid fever.

Messrs. Mitchell & Platt, druggists, London, Ont., write Dec. 1891: We have sold Dr. Thomas' Electric Oil since its introduction, and we can safely say no medicine on our shelves has had a larger sale, or given better satisfaction. We always feel safe in recommending it to our customers.

A San Francisco heiress has refused to mate with Lord Beaumont. He wasn't the kind of beau in her sight that 'sought to much.

Mr. C. E. Biggins, Beamsville, writes: "A customer who tried a bottle of Northrop & Lyman's Vegetable Discovery says it is the best thing he ever used; to quote his own words, 'it just seemed to touch the spot affected.' About a year ago he had an attack of rheumatism, and was afraid he was in for another, when I recommended this valuable medicine with such happy results."

When John Saunders went from Kentucky to the west some forty years ago he swore that he betrotthed, whom he left behind, should not see him until he became a millionaire. A few days ago he balanced up his affairs in Montana, and finding himself possessed of the desired millions returned to Kentucky, looked up his old sweetheart, and the train were made one. He is 68, she is 64.

Malaria multiply one another. A simple fit of indigestion may--especially if the constitution is not naturally vigorous--throw the entire mechanism of the liver and bowels out of gear. Sick headache follows, poisoning of the blood by bile excretion, and there is grave and serious disturbance of the entire system. Check the threatened dangers at the outset with Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, the medicine that drives every impurity from the blood.

FACT AND FANCY.

To the mind of a practical liar nothing is impossible. Slender is ever ready to "doose the glim" of the shining light.

A few drops of pargoric mixed with glycerine makes a soothing cough mixture. It requires the contingent patronage of six hundred Russians to license a single liquor saloon.

The Boston Commercial Bulletin has noticed that some men, otherwise steady-headed, can never keep their balance in a bank.

The best reason yet advanced for having Monday washing-day, the next day after Sunday, is because cleanliness is next to godliness.

It is stated by a medical writer that carbolic acid diluted with warm water and poured into the ear is a sovereign cure of earache.

The Queen of England regards with satisfaction the fact that the tricycles which have been used by her grandchildren have helped their best.

A medical writer notes the grave danger of breathing air in which particles of the dried spots of consumptive patients mingle with dust of other kinds.

To band a wrought-iron pipe, fill it with melted resin. When the resin hardens inside the pipe, and it will retain its round form. Remove the resin by heating.

An Arizona man stops people on the highway, and asks them to contribute to an orphan asylum, and there is something so forbidding in his appearance that the travelers shall not without asking where the asylum is or how much it needs.

The old state house in Boston, Mass., has been once more adorned with the lion and unicorn, the British emblem having been placed upon the facade of the building as a part of the work of restoration. The figures are of wood, painted lead color.

Landed proprietors in Hungary still hold absolute control over the liquor traffic in their estates. This is now to cease. The power is to pass into the hands of the local government authorities, and the landowners will receive \$28,000,000 compensation.

Black is much used for optical brass work, and is obtained by coating the brass with a solution of platinum, or with chloride of gold mixed with nitrate of tin. The Japanese bronze their brass by boiling it in a solution of sulphate of copper, alum and verdigris.

The King of Greece speaks English, French, German, Greek and Danish. Their Greek majesties in conversing together use the German language, in speaking with their subjects they employ English, and they speak Greek to the general household in the various royal residences.

According to a correspondent of the Cincinnati west some forty years ago he swore that he betrotthed, whom he left behind, should not see him until he became a millionaire. A few days ago he balanced up his affairs in Montana, and finding himself possessed of the desired millions returned to Kentucky, looked up his old sweetheart, and the train were made one. He is 68, she is 64.

THE HOUSEHOLD PANACEA.

Two scientific observers in Geneva, Messrs. Dufour and Farrel, have discovered a fresh proof of the theory that the earth is of a globular form as taught by modern science. They find that the images of steamers and the surrounding mountains reflected upon the surface of a large lake invariably appear slightly diminished in size. They conclude, therefore, that the surface of the water must be bent in a convex shape, so that it produces the same result as a convex lens.

EST AND COMFORT TO THE SUFFERING. "Brown's Household Panacea" has no equal for relieving pain, both internal and external. It cures Pain in the Side, Back or Bowels, Bone Thrush, Rheumatism, Toothache, Lumbago, and any kind of pain or ache. "It will most surely quieten the Blood and Heal, and acting power is wonderful."

"Brown's Household Panacea" being advertised as the great Pain Reliever, and of double the strength of any other Elixer or Liniment in the world, should be in every family handy for use when needed. It is really the best remedy in the world for Cramps in the Stomach, and Pruritus and Aches of all kinds, and is for sale by all Druggists and all kind of Retailers.

MOTHERS! MOTHERS! MOTHERS! Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go and get a bottle of "Brown's Household Panacea" immediately--depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle.

Mr. Smith's Views. From the "Birmingham Independent."

What is really wanted in a provincial police properly organized, and possessing the necessary authority to arrest criminals anywhere within the province.

We have been reading the editorial article of the Toronto Globe, and we are so bewildered that we don't feel sure of anything. We don't take a rest, and we don't know what this is all very well as far as it goes, but it does not go far enough. Under the penny postage, the post office delivers a letter either to your next door neighbor or the other side of the world. On the street cars, a fare of five cents will carry you from one street to another, or to any part of the city.

An Englishman's Dialect of Reading. TO THE EDITOR OF THE SUN--Sir: I am prepared to back my opinion upon the following: That Tug Wilson can defeat any pugilist in America; that Chas. Rowell, now on the way here, can defeat any pugilist in America; that Joe Aston or Edwin Bibby, both Englishmen, can defeat any wrestler in America; that the Thames crew will defeat the Hildesheim in the coming match, notwithstanding all the newspaper puffing of the latter; and that the British volunteers will defeat the American guards in the international rifle match.

In reference to the last event I notice that two Englishmen have been retained to shoot on behalf of America. Has it come to this, that twelve native-born Americans can't be found who are capable of sustaining the reputation of their country at the butt?

There is another affair I almost forget, and that is, I will lay good odds on America beating any country in the world at blowing or "raining" in the morning. I have this Devil.

Kidney Disease. Pain, irritation, retention, inflammation, dropsical swell, cured by "Washington's."

SEVENTH'S NEW YORK TO VIRGINIA.

The English Foot Laureate to the Laith. Laureate. Written on the Request of the Members for the "Seventh's Anniversary of Virginia's Death."

Romeo Virgil, show that stage. These lofty temples where, in the wars, and still filled with gold.

Landscaper, lord of language more than that that sang the Works and Days. All the chosen coin of fancy.

Then that sings wheat and woodland, with and vineyard, live, horse and herd; And the chosen of all the Muse often sewing in a lowly wood;

Feet of the happy Thyrsus piping underneath his beechen bowers; Fear'd the poet's melody whom the laughing shepherd bound with sewers.

Chant of the Pallas, glaying in the blueish years ago to be, Summure of the anachronism, very malabrous rest and curious sea.

Then that sees Universal Nature moved by Universal Mind thou madest in the human race; And the chosen of all the Muse often sewing in a lowly wood;

Light among the vanguard; see that glides yet this phantom shore; Goon blazed amid the shadows, kings and realms that pass to rise no more.

Now thy Roman name no longer, fallen away purple Caesar's dome--The thin shadow of an Aryan's soul, sound forever of Imperial Rome.

Now the Rome of stone hath perished, and the Rome of freedom has left place. I, from out the Northern Island, can't shed a tear from all the human race.

I misthine thee, Mikserano, my day begone, Wielder of the smallest measure ever needed by the lips of man.

Monument to the Prince Imperial. The erection of the monument to the memory of the late Prince Imperial is rapidly approaching completion on the green in front of the Royal military academy at Woolwich-common. The larger of the two blocks of polished granite which will form the pedestal and on which the statue of the unfortunate prince will stand, will bear the following inscription: "Napoleon, Prince Imperial. Born in Paris March 16, 1856. Killed fighting in South Africa June 1, 1879. Gentleman cadet Royal military academy from Nov. 18, 1875, to Feb. 16, 1878. Erected by upwards of 25,000 officers and men from all branches of her majesty's forces. The statue will be of bronze, and rather larger than life-size. The granite blocks will also bear four bronze eagles, four wreaths encircling the letter 'N', and surmounted by a crown and the motto of the Royal artillery.

Ontario. Perhaps the most extraordinary success that has been achieved in modern medicine has been attained by the Dixon treatment of cancer. Out of two thousand patients treated during the past six months fully ninety per cent have been cured of the disease and restored healthy and contented. It is remembered that not five per cent of patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other advertised cures record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissue, Mr. Dixon at once adapted his cure to their extermination--this accomplished, he claims the cancer is practically cured and the permanency is unquestioned as cured effected by his two year ago cure. No one else has ever attempted to cure cancer in this manner, and no other treatment has ever cured cancer. The application of the remedy is simple and can be done at home, and the present season of the year is the most favorable for a speedy and permanent cure, the majority of cases being cured at this season. Patients should correspond with Mr. A. S. Dixon, 107 King Street West, Toronto, Ontario, Canada.

Kidney Disease. Pain, irritation, retention, inflammation, dropsical swell, cured by "Washington's."

CHINA, CROCKERY

GLASSWARE, CUTLERY, PLATED & FANCY GOODS.
