GURNEY'S HOT WATER BOILER.

*SPECIMEN TESTIMONIALS:*

KING-ST. WEST, TORONTO, April 5th, 1887.

MR. FRANK WHEELER:

DEAR SIR,—After a winter's trial I have much pleasure in bearing testimony to the very efficient manner in which the Steam Heating Apparatus, erected by you, has done its work.

It has more than fulfilled all you represented it would do, and I never had any workmen about my premises who understood their work so thoroughly.

In the very coldest weather one pound pressure of steam warmed the house to perfection; the boiler requires no more attention than one self-feeder stove, and any lady or girl can attend to it.

Yours truly,
JOSEPH POWER,

DEER PARK, April 13th, 1887.

MR. FRANK WHEELER:

DEAR SIR,—I am pleased to say that the Gurney Hot Water Apparatus, placed in my house by you, has given entire satisfaction. I consider is superior to any heating apparatus I have ever seen.

It keeps the house thoroughly warmed. It is very economical with coal and is exceedingly easy both to light, clean and manage. I was also much pleased with the thorough manner in which all your work was done. Your fitters were exceedingly courteous, obliging and neat, their work was done promptly and with no damage to the house. Altogether I am well pleased that I entrusted the work to you.

"Signed."
EDWIN SNIDER.

## CARBOLIC SMOKE BALL.

TRADE MARK.

This remarkable remedy—CARBOLIC SMOKE—has been used in the Eastern and Western States with the most gratifying results. It acts as a disinfectant upon all themucous membrane where the air cells exist, healing them up in a short time. By experimenting in a thorough manner it has cure in nearly every case the most severe forms of Catarrh, Asthma, Bronchitis, Neuralgia, Headache, Croup Sore Throat, Eyes, Ears, etc. This Carbolic Smoke disinfects the poison in the mucous membrane of the head, throat, bronchial tubes and lungs, upon the same principle as Carbolic Acid would, act upon the diseased and poisonous air arising from a patient in a sick room. It is perfectly harmless, eating the poison that causes the disease. It is put up in "Little Balls," that can be used at home or on the street, in the office or counting room, with perfect ease.

I have been using the Smoke Ball for about three weeks, and am happy to say I am about cured.
Yours truly, T. W. DAVIS, American Express Co., Union Depot, Toronto.
