VOL. 85

BRIDGETOWN, ANNAPOLIS COUNTY, NOVA SCOTIA, JUNE 19, 1907

NO 10

ROYAL BAKING POWDER

Imparts that peculiar lightness, sweetness and flavor noticed in the finest cake, biscuit, rolls, crusts, etc., which expert pastry cooks declare is unobtainable by the use of any other leavening agent.

Made from Pure, Grape Cream of Tartar.

ROYAL BAKING POWDER CO., NEW YORK.

Rideau Hall to be Rebuilt

Canada's Governor General to Have a Palace Worthy of a King. Present Structure will be Replaced by an Immense Grey Granite Pile of Classical Design.

The government is arranging to make alterations and extensions to Rideau Hall, the residence of Canada's Governor General. The exterior is to be fairly changed. Tenders will be called early for the work. One hundred thousand dollars is available for it from the beginning of this year.

An imposing structure of classical design of grey granite will replace the present unimpressive structure. The brick facing of the hall room and tennis court, which form the two wings of the present building, are to be removed and replaced with granite walls. There will be a great entrance hall and promenade of one hundred feet long and one hundred feet deep.

The floor above will be divided into dressing rooms and toilet rooms for use of guests at balls and receptions. From the ground the hall will have stairs to a dome at the roof. There will be two elevators. At present there are none. A feature of the interior will be a magnificent marble stairway leading from the promenade to the floor above. It will take a year to complete the work.

At Lunenburg, on June 3, the Mayor was visited on a deputation of clergymen with a lengthy petition asking the Town Council to more effectively put the liquor law in force.

Factories for the Annapolis Valley

R. J. Graham, of Belleville, Ont., manager of the Canada Lands, Produce and Cold Storage company, announces his company's decision to build and operate a cold storage warehouse and plant on a site secured from the government at the Intercolonial terminus. The contracts for the construction have been let. He also announces that his company will build ten apple evaporating factories, a cider and vinegar factory and a canning factory for fruit and vegetables in Nova Scotia, all at a cost of sixty thousand dollars. Five sites have been given by the Dominion Atlantic Railway and the factories, he says, will employ fifteen hundred hands. They are to be completed by September first. It has been decided that Canning, Kentville, Kingston and Middleton are each to have an evaporating factory, while Kentville is also to have the canning factory and the cider factory. The buildings are to be of wood and cement.

DO NOT NEGLECT THE CHILDREN.

At this season of the year the first unnatural looseness of a child's bowels should have immediate attention. The best thing that can be given is Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by castor oil as directed with each bottle of the remedy. For sale by W. A. Warren, Pharm. B.

Nova Scotia Wins Maritime Rifle Shoot.

Defeats New Brunswick by Eight Points. P. E. Island Team Twenty-nine Behind the Winner. The Individual Scores.

The inter-maritime rifle match between teams of eight from the provinces of New Brunswick, Prince Edward Island and Nova Scotia was shot last Thursday at Sussex, N. B. Nova Scotia was the winning team. Although the weather was fine the wind was tricky and somewhat affected the shooting. The scores made by the winning team are as follows:

Lieut. Christie	90
Pte. McLean	86
C. Sergt. Longueuil	84
Lieut. Miller	88
Capt. Bishop	89
Lt. Shaffner	86
Pte. Haystead	92
C. S. M. Harmon	73

The grand total won by the Nova Brunswick team was 680; by the P. E. I. team 659.

The last time the match was held in Sussex was three years ago and as the Island team did not materialize the match was shot between the other two teams and New Brunswick won by three points. The Nova Scotia team for that year and the scores made were as follows:

Pte. W. H. Semple, 78th	96
Capt. A. Fecrill, 63rd	90
Capt. S. Y. Wilson, 63rd	91
Pte. E. H. Haystead, 63rd	93
Gr. E. Boustiller, 1st C. A.	90
Maj. H. Flowers, 1st C. A.	89

Baptist Association

The Western Association of the United Baptists of Nova Scotia met in annual session at Bridgetown on Saturday last, and continued till Tuesday evening. About ninety delegates were present. Rev. M. W. Gates, of Lawrencetown, was chosen as Moderator; Rev. H. G. Colpitts, as Secretary; and Caleb Cook as Treasurer.

Rev. W. H. Warren gave an address of cordial welcome to the delegates, and Rev. H. C. Newcombe responded. Letters from the various churches connected with the Association were read, showing a goodly measure of growth and activity. Some of these churches are pastorless, but efforts are being made to supply each vacancy.

A mass temperance meeting was held on Saturday evening at which stirring speeches were made by several temperance advocates. After the reading of an appropriate address was given by Shippy Spurr, of Melvern Square, in which he referred to the wonderful progress temperance principles have made in recent years. Rev. S. Langille, of Port Lorne, followed in his usual vein of humor and earnestness in dealing with the great social evil, denouncing the strong drink habit. Rev. H. C. Newcombe gave a strong and timely speech showing the splendid possibilities of Canada and the fearful consequences of our drinking customs. He indicated the duty of Baptists to lead in the reform movement—the movement toward national Prohibition.

The different churches in Bridgetown and surrounding country were favored on Sunday with sermons by preachers connected with the Baptist denomination. Rev. C. W. Ross, of Yarmouth, delivered an excellent Assemblies sermon, emphasizing the social responsibility of Christianity workers. Sunday School addresses were given in the afternoon by Rev. E. O. Read, Rev. G. M. Wilson and Rev. J. W. Bancroft.

On Monday the work of the Association was resumed. Reports on Foreign Missions and Systematic Beneficence were taken into consideration and warmly discussed. A number of speakers took part.

The Report on Obituaries referred in touching words to the deceased during the past year of Rev. J. C. Morse, of Digby Neck, of Mrs. R. D. Porter, of Deep Brook, and of Mrs. Lunenburg.

Rejected Middleton's Application to be an Incorporated Town

The question of incorporation for Middleton has been finally decided for the time being, greatly to the disappointment of a majority of the ratepayers who voted for incorporation by 104 to 41, by word received from the government on Saturday that Middleton was not eligible according to section four of the Towns Incorporation Act to be incorporated. Two reports published respectively in the Halifax Chronicle and Herald give a vivid interpretation of the expression of feeling on the part of the opposing factions. According to the Chronicle:

"To say that the decision was received with enthusiasm puts it mildly. A large torchlight procession was formed at eleven o'clock at night. The Baptist meeting house bell and the school-house bell rang for half an hour, while the procession celebrated the approval of the decision of the Government by serenading the town. Amongst the procession were some sore-heads, but that was to be expected. The boys placed on Dr. Miller's flag staff a dark flag at half past ten to assure him that incorporation was a dead issue. Dr. Miller, as will be remembered, was the gentleman who on behalf of himself and the town of Middleton protested against incorporation on the grounds that it did not comply with section four of the Towns Incorporation Act."

This is the Herald's version:—"A most remarkable demonstration of popular indignation was witnessed here last evening when, amid jeers and hisses, the incensed citizens of Middleton burned Premier Murray in effigy on the town square. Could the premier have been present among the throng of indignant citizens who assembled to see the gibbeting and burning of his own grinning effigy, he would probably have been convinced that there were enough people in town to warrant incorporation after all. Never before has Middleton been so stirred, and Premier Murray is only the second personage to enjoy such distinction at the hands of staid Middletons. The other recipient of this treatment was Paul Kruger at the time of the South African war, when, in a burst of patriotic fervor, burned his own effigy."

"Citizens, irrespective of politics, gathered in knots to express their disapproval of the action of Premier Murray and the representatives of the county; and as they talked their indignation grew. About ten o'clock a procession was formed of all the prominent citizens of the place, containing liberals and conservatives in about equal numbers. Headed with a band and torch bearers, and carrying an immense effigy of Premier Murray, they paraded the town, while fire bolts and church bells tolled a lament." *****

"After the demonstrations before the residences of Dr. S. N. Miller, Councillor John Charlton, Dr. Spoungie, Dr. Croaker, citizens constituting the opposition to incorporation, the procession proceeded to the town square. Here a scaffold was improvised, and to the immense satisfaction of the cheering crowd, the effigy was duly gibbeted and burned."

Important Changes in the Business College Field

The Mack College of Business and Shorthand at Moncton, Amherst and Sydney has been sold by the proprietor, Mr. J. B. Mack, to Mr. O. L. Horne, of the Empire Business College, Truro. The new proprietor has had long experience in the school business, and for several years past has conducted the Empire Business College at Truro with remarkable success—success evidenced by the graduates of that school who are holding situations in almost every town in Nova Scotia as well as in the cities of Halifax and Sydney.

The schools at Sydney, Amherst and Moncton will be in charge of efficient teachers and all the schools will be under the general supervision of the proprietor, who will look after the work of securing situations for graduates.

The Monitor wishes Mr. Horne, whose announcements through our advertising columns have been perused with interest by our readers during several years past, a continuance of the success that has been his with his Truro work, in the large field of operation which he is now entering upon.

E. O. Read, of Bear River. On Monday evening an interesting educational meeting was held addressed by Principal Mersereau, of Horton Collegiate Academy, Rev. Edwin Crowell, D. D., and Rev. I. W. Porter, general superintendent of Home Missions. A large audience was present.

TRAVELLING DAIRY SCHOOL TO VISIT ANNAPOLIS COUNTY.

The Department of Agriculture is renewing this year its endeavors to improve dairymen in Nova Scotia by means of practical lectures on milk production, cream separation and butter making, under the direction of competent lecturers.

Miss Belle Millar, of Ontario, and Frank Semple, of Colchester County, are now visiting Annapolis County, travelling in a newly fitted and equipped wagon bearing the sign "Travelling Dairy School," giving instruction to farmers, their wives and daughters.

The dates for Kings, Annapolis, Digby and Yarmouth Counties have been advertised by posters. Miss Millar spent last season in Nova Scotia and did grand work. The vehicle is a model butter factory, drawn by two fine horses, and is equipped with all necessary apparatus for the work intended to be done. Printed matter for distribution is included in the outfit.

The Canadian Horticulturist

The June number of The Canadian Horticulturist is replete with carefully prepared articles for fruit growers in all parts of Canada. Among the topics discussed are: "Orchard Tilings," "Whinnying Fruits on Trees," "Ripe Strawberries and How to Handle them," "The Currant and Currant Pests," and "Improving and Originating Varieties of Apples." Letters are published on fruit topics from special correspondents in the various provinces. A strong feature of the issue are fruit crop predictions based on the bloom this spring. Many other articles and items of interest to fruit growers are contained in its columns.

The section for vegetable gardeners is of much value. It contains articles on: "Transplanting Tomatoes," "Growing Cauliflowers," "The Culture of Celery," and "Cultivating the Market Garden." Vegetable crop reports from regular correspondents are published.

For amateur flower growers there is much practical information, including articles entitled: "Color Schemes for Formal Gardens," "Growing Salad Crops at Home," "Lawn and Garden Hints for June," "The Mixed Flower Border," "Moving the Lawn," "Bedding Plants," "Rose Pests," "The Culture of Gladioli," and "Hardy Trees and Shrubs." An article of particular interest to ladies comprises recipes for cooking and preserving rhubarb and strawberries.

Among the well known writers who contributed articles are: E. D. Smith, M. P., Winoona, Ont.; W. T. Macoun, Experimental Farm, Ottawa; B. S. Pickett, Champaign, Ill.; Augusta Dupuis, Director, Quebec Fruit Experiment Station; Rev. Father Burke, Alberton, P. E. I.; G. H. Gordon, Vernon, B. C.; F. F. Reeves, Humber Bay, Ont.; William J. Wainwright, Montreal; H. H. Gros, Simcoe, Ont.; William Hunt, Ontario Agricultural College, Guelph, Ont.; and Miss L. Shuttlesworth, Toronto.

Since the subscription price of The Canadian Horticulturist was reduced last fall from \$1 to 50 cents a year, its circulation has greatly increased. Sample copies can be secured by writing to The Canadian Horticulturist, Room 25, Manning Chambers, Toronto, Ontario.

A five-year-old boy fell from a train that was running near London, Ontario, on Monday last. He was not hurt, and ran to rejoin the train, which his father meanwhile had had stopped. Before the boy reached the train an express passed along the parallel track upon which the youngster was running and knocked him down, passing over him. The boy immediately rose and continued running to meet his father. His head was cut and streaming blood, but he was not seriously hurt.

Although only twenty-three years old, Miss Edith Hemphill is postmistress of Allegheny, Penn., is the boss over one hundred and seventy-two men and supervises the distribution of mail to a population of two hundred and seventy-five thousands. She is also the auditor and cashier.
