## TO THE CADETS OF TEMPERANCE.

The TRUMPET is your paper. It has no reliable constituency outside of the Cadets of Temperance, no other organization stands pledged to its support. We therefore rely upon you to devote time, influence and money to its circulation. Every member of the C. of T. in Nova Scotia, can send us, at least, *one* subscriber. Will you do it? We are already entering upon the dull season in Newspaper Enterprise. Bear this in mind, and work the harder for us.

To any young person who would like to write for the TRUMPET, but who fears that his or her article would be laughed at, we say:—Write whatever you choose, and send it to us, together with your name and address. If it is worthy of publication, we will publish it with any name to it that you choose to use; if it is not accepted no one but yourself need ever know of it, for we never make mention of a rejected article to any one. Write whatever you choose, and we will encourage you by friendly and private criticism.

## WINDSOR.

We have for the last four weeks been trying to raise by subscription the sum of \$500.00 to purchase a Fire Engine and Hose carriage. Up to last Saturday evening, the committee could report only \$278.00, with no very bright prospect of raising the balance. The meeting at this stage of the proceedings was very agreeably surprised by Hon. H. Sidney Hayden, who announced that he had purchased the engine and fixtures, and intended to supply 800 feet of hose. It now remains for the Town to furnish suitable accommodations for the storing of the machines.

The foregoing is clipped from an American paper with reference to their Windsor. It is a consolation to know that our's is not the only Windsor that is without suitable protection against fires: It would be very agreeable to us to be able to record the fact that one of our wealthy townsmen had followed this gentleman's example.

## ITEM-GRAPHS.

—Hurrah, for Prohibition!

—Toodies, your poetry received. Our rules cannot be broken. Send us your real name.

—F. A. Grant of the *Boys' Folio*, is doing business for himself in Sunny Brae, Pictou County. We wish him every success.

—Victoria Section received a friendly visit on last Friday evening from Charles Higgins, Financial Secretary of Evangeline Section; No. 16, Wolfville.

—What is the world coming to? Our *Richard* was seen promenading on Clifton Avenue with a young lady. As he seems to think that we put nothing but trash in the TRUMPET, we will give him his turn.

—Wolfville is bound not to be behind hand. A splendid list of subscribers was received this month from that place. If other towns would subscribe in proportion to their size as Wolfville has; we would feel happier.

—Three of the boys went fishing. They brought home several fish. They exhibited their trout to a Dry Goods man who is an authority on such subjects, and he pronounced them *suckers* of the worst kind, and they actually got mad. Ugh! Shocking!!

—TYPOGRAPHICAL ERROR.—From carelessness in proof-reading, the last number of the TRUMPET, the name of a poem read at the Reform Club Sociable entitled "A Plea" was made to read "A Flea." In the interests of the author and ourselves, we make this correction, and promise to be more careful in the future.

—The many friends of the Section were greatly disappointed that the entertainment and other demonstrations that were advertised for the Queen's Birthday did not come off. But they wish it made known to the public, that if nothing further happens to hinder the work of the committee, they will hold the entertainment on the evening of the 21st of June, and that the programme which is being prepared with unusual care, will be of the most pleasing character. Several prominent amateurs from Halifax are expected to take part.

—QUEEN'S BIRTHDAY.—May 24th being a holiday, some of the young men with a number of the fair sex, decided to hold a picnic at the Falls. Starting in the 8.30

train, they soon reached the Three Mile Plains Station, and from thence took the road to the falls. After a rough tramp through brush and brambles, over stumps and fences, and an occasional wade through a mud hole; and after going about a mile past the falls, thereby necessitating a rougher tramp back, they arrived at their destination. The water was found dashing over the rocks in splendid style, and as our reporter gazed at the rushing, roaring, torrent, tumbling and tossing as if anxious to break beyond its limits and dash off through the forest at break neck speed, whether so ever it would, he fell into a deep reverie from which he was suddenly recalled by a feminine voice shrieking in his ear "Come to dinner." After dinner some games were played and then the rain began to fall in drops which soon increased to showers. It was then decided to go down to the station and seek for shelter. Mr. Geo. H. DeWolf kindly threw open the doors of his large workshop, and all were soon made comfortable. Games were introduced and the sun soon after coming out, the party adjourned to the platform of the station, where they continued till the train came. "All aboard!" and Windsor is reached in good time, all thoroughly satisfied with the jolly day. Two young ladies from Hantsport and one from Halifax were among the company.

—HALIFAX.—Acadia Section has for some time past been working very hard, in the way of entertainments; etc., for the purpose of buying a banner. The money has been raised, the purchase made, the work completed, and now another magnificent banner greets the eye of the visitor at Temperance Hall: It is of heavy banner silk, blue on one side and crimson on the other. On the face is a half life size picture of Evangeline, together with the inscription, Acadia Section No. 2-C. of T., and the date of organization. On the back is another handsome picture with the trio Truth, Virtue, Temperance. It is ornamented all around with heavy gold lace. The painting, gilding, ornamenting, etc., is the work of Mr. C. C. Green, of Halifax. Altogether it cost upwards of \$150. It is a handsome banner, a credit to Acadia Section, and a valuable addition to the large collection of Temperance Banners already in that city. At the entertainment in Temperance Hall on last Tuesday evening, it was formally handed over to the Section. Both Acadia Section and the one at Richmond are in a prosperous condition. From personal observation, we must add, that judging by the moral condition of a large number of the boys in Halifax, those in the streets, in the schools, and in situations, there is still a great work to be done by the Cadets of Temperance in that city. Great praise to the working members of Acadia Section. May yours be the victory.
