CANADA vs. THE WORLD. READER, If you inquire of any person or persons who have ever visited C. S. Powers' Newcastle Marble Works, or purchased Marble from any of his numerous Agents in Canada West, they will tell you that this is positively the LARGEST, BEST and CHEAPEST Establishment of the kind in the Province, and not inferior to any in British North America. His Marble, which he imports direct from the native Quarries, is of a very superior quality, and comprises every variety of European and American Marble in demand in this Country, and as he employs none but first class Sculptors in its manufacture, his work is pre-eminently distinguished for originality and beauty of design, and skill in execution. He is now constantly manufacturing in order: Monuments, Obelisks, Tomb-stones, Head-stones, Ornamental Inclosures, Mantle Pieces, & Marble Furniture, of every description, at prices which cannot fail to secure the Patronage of a large portion of the Canadian public. If you wish to save your money, do not order work from any other House, without previously ascertaining his prices, which will, upon application, be furnished to any intending purchaser free of charge. Orders sent by mail should be post-paid and addressed, C. S. POWERS'

Protection from Lightning, BY SPRATT'S PATENT. LIGHTNING RODS manufactured by E. V. Wilson and H. Piper & Brother, 50 Yonge Street. The Subscribers are the only authorized agents (the sale of these valuable rods, in the Canadian Market) for the sale of these valuable rods, in the Canadian Market, manufactured and for sale, wholesale and retail, at No. 50 Yonge Street, Toronto. —Allow no man to protect your buildings, without examining the points of his rods, and they have not the Platinum Wire on the points, they are not genuine. The coating of them is of a composition that never rusts, retaining its bright appearance. The metal is soft and easily cut with a knife, yet sufficiently hard not to melt under the influence of electric fluids. Look out for rods manufactured at St. George, C. W., they purport to be Spratt's points and rods but are not. The points made of steel, highly polished, but will become coated with rust after the first night's exposure to the atmosphere, consequently rendering them useless. Ask for the Agent's Certificate of right to sell, and be sure to notice the stamp—SPRATT'S IMPROVED POINT—this is on the points near the base. Notice.—No Policy of Insurance covers loss of Lightning unless burned down or set on fire. E. V. WILSON and H. PIPER & BROTHER Agents wanted. Toronto, March 16th, 1854.
