

and received permission from the Missionary Society to postpone his departure in order that he might pursue a medical course. He accordingly, with hard work, completed his course and received the degree of M.D. in 1894.

After travelling on a circuit for one year, Mr. Livingston was ordained, and in the summer of the same year, '95, he sailed to England, and thence to Durban, in Natal, South Africa. After studying the Zulu language here for some time, he removed to Ladysmith, some miles inland, where he is now working in connection with the Methodists of South Africa, until the way is opened up for the founding of a mission in the interior.

Dr. Livingston is sent out and sustained by the efforts of the undergraduates, graduates and professors of Albert College, Belleville, Ont. It is hoped that the Methodist Church of Canada will send out others who are anxious to join in establishing a Canadian Methodist Mission in Africa.

Members of the Students' Missionary Campaign.

THE following names with their addresses have been received by the Corresponding Member of the Students' Missionary Campaign. More are expected—some colleges expect to add to their lists, and other colleges have not reported as yet.

Each member of the Students' Missionary Campaign is desirous of doing all he can to advance the cause of Missions. The Corresponding Member will gladly communicate with any who need help along this line, and as far as possible take advantage of all opportunities to assist at missionary meetings, especially among our young people.
