## The Good News

Is a semi-monthly undenominational religious periodical, containing all the religious articles published in the EVANGELIZER, EVANGELIST and GLAD TIDINGS, with considerable additional reading of similar character.

The GOOD NEWS is issued on the 1st and 15th of the month, containing twenty-eight pages, including cover, at \$1 per annum, in advance, postage paid.

A Monthly Number, in colored cover, one dollar a year, or ten cents a number. Subscribers may either have the Monthly or Semi-monthly at their option.

Our different publications are intended, and we trust in some measure calculated to advance the cause of our Lord Jesus Christ, and on that account we feel warranted in soliciting co-operation. We are anxious that one or other of them should be introduced in every district of the Dominion where no superior publication of a similar character is taken. We solicit the co-operation of

### YOUNG MEN AND WOMEN

everywhere. Whether they live in the town or country, they might do their neighbors good by endeavoring to get one or other of our publications introduced into their families. Let them look at our terms for local agents, and send on to us for specimen copies.

### OLDER MEN AND OLDER WOMEN

who love the Lord Jesus Christ, are usually ready to do what they can to help forward His work in any way. We have a number already co-working with us, but there is work for others, and we respectfully solicit them to take a handful of the good seed and scatter it in their neighborhood, encouraged by the promise that "whatsoever or a man soweth that shall he also reap."

TEACHERS have a fine opportunity of scattering through their school room, and of interesting the children and parents of section. Let them send to us for a parcel of specimen copies to distribute through their school section.

MINISTERS have an interest in seeing that their people have good reading for the Sabbath

and for the week. The reading at home is supplementary to the hearing at church; and if the former is all of the world, the effect of the latter will be less than it would otherwise be. We shall be glad to send specimen copies to any congregation, or to any minister who is disposed to take the trouble of scattering.

To encourage individuals to act as local agents in their respective districts, we state the following terms.

All who take the trouble to get ten subscribers to the EVANGELIZER, and send us a dollar, will receive a copy gratis for the year.

All who take the trouble to get four subscribers to the EVANGELIST to one or to separate addresses, and send us One Dollar, will receive a copy gratis for the year.

All who take the trouble to get four subscribers to the GLAD TIDINGS, to one or to separate addresses, and send us Two Dollars, will receive a copy gratis for the year.

All who take the trouble to get four subscribers to the GOOD NEWS, and send us Four Dollars, will receive a copy gratis.

All who take the trouble to get subscribers to the amount of Four Dollars, to any or to all our papers, and who send us the money, and the list, will be entitled to one copy of the Good News gratis.

Any one can with a little effort in their neighborhood get up a club to this extent. We will send specimens to any one intending to make an effort.

If parties getting up clubs send us on the names and Post Office address of the individuals comprising them, we will send the papers on to their address, thus saving the getting up of the club any further trouble.

Parties who intend to subscribe for the GLAD TIDINGS or GOOD NEWS will please send in their names as early as possible to secure copies from the commencement, as back numbers cannot be guaranteed.

Specimen copies will be sent to parties on application.

All communications to be addressed to
