

LET IT REST.

Ah! how many hearts on the brink of anxiety and disquietude, by this simple sentence have been made calm and happy?

Some proceeding has wounded us by its want of tact; let it rest, no one think of it again.

A harsh or unjust sentence irritates us; let it rest; whoever may have given vent to it will be pleased to see it is forgotten.

A painful scandal is about to estrange us from an old friend; let it rest, and thus preserve our charity and peace of mind.

A suspicious look is on the point of cooling our affection; let it rest, and our look of trust will restore confidence.

Fancy! we who are so careful to remove the briars from our pathway, for fear they should wound, yet take pleasure in collecting and piercing our hearts with the thorns that meet us in our daily intercourse with one another. How childish and unreasonable we are!

A LADY whose leg was bent at the knee and stiff for six years, by the use of three dozen bottles can walk as well as ever. In cases of long standing perseverance and quantity is required, a single bottle will seldom cure in obstinate cases.

WE SAY to those who are sceptical as to the hair-producing qualities of "Minard's Liniment," that in every case where the hair has fallen by disease, and by using six bottles of "Minard's Liniment" on the head will not produce a good growth of hair, or where one bottle will not remove dandruff and stop the hair from falling out we will furnish the Liniment free.

SAINT JOHN, N. B.**Etherington's Adjustable Spring Bed.**

The Spring Bed consists entirely of

STEEL SPIRAL SPRINGS,

which lock on the slats of a common bedstead; making a most DESIRABLE BED WITH BUT A SINGLE MATTRESS, thus a saving in the price of bedding. They are the best laying, the most easy, most comfortable, most elastic, the cleanest and the easiest cleaned, the best ventilated (therefore the most healthy), the most durable, the cheapest and the easiest repaired. Most adjustable, as it fits all bedsteads without regard to width or length, and is perfectly noiseless. It can be packed in a trunk 16 inches square, so the most portable; no hiding place for vermin, no sagging to the centre, no slats to become bent and remaining so, but can be adjusted to the unequal weights of the occupants, permitting them to lie on the same level. On all points of merit we solicit comparison with any other Bed in the market.

All orders by mail will receive prompt attention.
