A REVIVAL MEETING .- A very extraordinary revival meeting was held at Exeter-hall Tuesday week. The service was conducted by three laymen, Messrs Radcliffe, Carter, a converted chimney-sweep, and Weaver, a converted pugilist, being the orators .-Very coarse language was used. Mr. Carter as-sured the audience that ninety-eight out of every hundred working men never went to a place of wor-ship at all, and that the unconverted nobility, were carting humbugs. Mr. Weaver outdid his colleagues in extravagance in singing a hymn to the tune of The King of the Cannibal Islands; he then nttered the polite suggestion that, there were many unconverted persons in the hell, who wanted shakeing over hell for five or six minutes,' adding that if that did not convert them nothing would.' His violent gesticulation and rough language caused some young females to faint. Why do the proprietors of Exeter-hall let it for such purposes? The hall has often been refused to less exceptional objects.—Al-

TERCENTENARY OF THE SCOTTISH REFORMATION .-At its meeting in May last the General Assembly of the Church of Scotland appointed Divine service to take place in all the churches and chaples on Thursday, the 20th day of December, being the tercenten-ary of the first meeting of the Assembly and the establishment of the Presbyterian Church. The Free Church and the United Presbyterian Church also appointed the day to be observed as one of thanksgiving for the blessing of the Reformation. The celebration, though a Presbytarian rather than a national one, received the sanction of the magistrates of Edinburgh, who recommended the suspension, but in Glasgow and various other towns the magistrates declined to issue any such recommendation. In Edinburgh, notwithstanding magisterial patronage, the attendance at the churches was extremely small, this being partly owing to the fact that the law courts, banks, and public offices were all open as usual, and at least half the shops and workshops, and partly owing to the very severe snowstorn. Several of the churches held only one diet of worship through the day, and others met only in the evening, and various public meetings were held at night and speeches delivered on the events of 1860. On the whole the demonstration may be pronounced a failure, having been felt by the great majority of the people of Scotland to be wholly superfluous, and only serving as an occasion to the "No Popery" party. - Times, SEMI-OFFICIAL ANNOUNDEMENTS .- We understand

that Margaret Hannah, the young woman recently sentenced to death at Edinburgh for the murder of ber infant, will not be executed, and that Her Majesir has been pleased to commute the sentence to penal servitude for life. No female has been executed for an offence of this description for several years. The sentence of death passed upon Thomas Richardson at the last Lincoln Assizes for the murder of a police officer bas been respited during Her Majesties pleasure. It appears that the deceased officer was entirely unknown to the prisoner, who could have borne bim no ill-will, and that the fatal shot was fired at the impulse of the moment, probably without any intention of destroying life. Mr. Henry Thring, convevance, of Kincoln's-inn, who has had considerable experience in preparing Government Bills, is appointed Parliamentary draughtsman to the Home office, in the room of Mr. Waller Coulson, Q. C., deceased. The Rev. Hamilton Dicker is appointed chaplain to the British Consulate at Dunkirk -Ob-

A CHILD KILLED BY CRUELTY, -At the Staffordshire assize, on Wednesday, Thomas Lawley and his wife were tried for causing the death of their child by cru-The evidence adduced was fully confirmatory of the previous statements, repeated brutal beatings by the father, and want of food having clearly led to the death of the boy, who was about five years old on the 14th of August last The surgeon who exam med the body deposed that it weighted 15ibs only and was only 35 inches in length. He could not speak as to the age of the child, but it weighed only 5lb or 6lb, more than a new-horn child. There were livid marks on the hands and feet as if the child had been beaten. There was also a mark on the bead, and effused blood underneath, showing that a contusion had taken place shortly before death.— There was nothing to show that the child had died of disease, but he believed that it had died of ill-treat ment and want of sufficient food. The jury found the man guilty, and the woman not guilty. The prisoner was sentenced to 15 years' penal servi-∷ide.

CHOLERA. PERRY DAVIS-Sin-The benefits I have received from the use of your invaluable remedy, the Pain Killer, induces me to pen a word of praise for it .-Experience has convinced me that for Headache, Indigestion, pain in the Stomach, or any other part of the system, Severe Chills, Weariness, Common Colds, Hoarseness, CHOLERA, CHOLERA MORBUS, Diarrha, Dysentery, Toothache, &c., there is nothing better than the Pain Killer. I have this bour recovered from a severe attack of the Sick Headache, by using two teaspoonfuls taken at thirty minutes' interval, in a wine glass full of hot water. I am confident that, through the blessing of God, it saved me from the Cholera during the summer of 1843. Travelling amid heat, dust, toil, change of diet and constant exposure to an infected atmosphere, my system was daily predisposed to dysentery attacks, accompanied with pain, for which the Pain Killer was a sovereign remedy, one teaspoonful curing the worst oase in an hour, or at the most, half a day! I have heard of many cases of Dysentery being cured by its use. Put it in the teeth it would stop the toothache. Gratitude, and a desire for its general use, has drawn from me this unsolicited testimonial in its favor.

DYSPEPSIA.

There is perhaps no disease which destroys the happiness and comfort of individuals, and families to the same extent as Dyspepsia or Indigestion. Previously to the discovery of the

OXYGENATED BITTERS,

There existed no medicine accessible to those suffering from this wide spread disease, which relieved it in any marked degree.

The nower of these Bitters over the above named disease as well as over all those having their origin in imperfect digestion, and functional diseases of the stomach, as well as Asthma and General Debility is beyond all question.

Its speedy and permanent cures of some of the se-verest and stubborn cases on record is sufficient con-

firmation of this fact. OXYGENATED BITTERS IN CANADA.

The Editor of the Montreal Pilot, Sept. 2 1856 cays:—
There is no medicine we take so much pleasure in recommending to our friends as Dr. Green's Oxygenuted Bitters. Unlike most proprietory medicines, it does not profess to cure "all the ills flesh is beir to," but simply Dyspepsia and its attendent symptoms of derangement of the stomach. It has long been held in favour with our first medical men: some of whom are never backward in awarding merit where it belongs. Its success in our city has given it a reputation surpassed by no other similar preparation. Our attention has been called to this subject by a young man in our office who had been suffering for some weeks severely from indigestion, loss of appetite &c. having been entirely relieved in a few days by the use of the Bilters; there are hundreds who will read this who need such a medicine, and would use it if they had half the confidence in it we have.

SEE WHAT AYER'S SARSAPARILLA DOES POR DERANGEMENT OF THE LIVER. Stott's Crossing, Talladege Co., Ala. 9th August, 1959.

DR. J. C. AYER, Lowell, Mass-Sir: I take my pen to tell you what your Sassa-PARILLA and CATHARTIC PILLS have done for me. I had been afficted with Liver Complaint for six years, during which I was never well, and much of the time very sick. My liver was sore to the touch, and the Doctors said was congested. I suffered from sections and Dischart all matters. We ship vere costiveness and Diarrhum alternately. My skin was clammy and unhealthy; my eyes and skin often yellow. Occasionally I had a voracious appointe, but generally none at all. A dreadful sensation of oppression on my stomach, with languor and a gloomy sensation of sickness all over, kept me in anguish. You cannot know how much I suffered from an indescribable feeling of distress. The long continuance of this condition, without relief had worn me out so that I never expected to be better; but reading in the Christian Advocate of your Sarsaparilla, I commenced taking it with occasiona Ismall doses of your Pills, to regulate the bowels as you direct .-From the first it had more effect upon my disorder than I supposed anything could have. I regained my health rapidly, and now after cleven weeks, enjoy as good health and strength as any other man.

May the "Dispenser of all good" shower blessings on you.

J. C. Ayen & Co. Goats: I feel it my duty to acknowledge what yeer Susaparilla has done for me. Having inherited a Serofalous infection. I have suffered from it in various ways for years. Sometimes it burst in the Fleers on my hand; and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and cars with one sore, which was painful and loadhsome beyond description. I tried mace use it are and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Chechmati and go it, and used it fill it cared me. I took it, as you advise, in small doses of a teaspoonful over a mouth, and used almost three bottles. New and healthy skin soon began to form under the seal, which after a while fell off. My skin is now clear, and I know by my feelings that the disease is gone from my system. You can well believe that I feel what I at saying when I tell you, that I hold you to be one of the spostles of the age, and remain ever gratefully. For res.

Some of them may be found in our American Almanae, which the agents below maned are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Mchancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its roach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

FOR THE BAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitts, Incipient Consump-tion, and for the Relief of Consump-tive Patients, in advanced stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the divilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
