## Day's Doings

## J. C. HARSTONE DIES SUDDENLY AT WESTON

Principal of Local High School Succumbs to Heart Failure—County Notes and Doings.

WESTON, Jan. 17.—(Special.)—Seldom has this village been more profoundly stirred than this morning when the news became known that J. C. Harstone, principal of the Weston High School, had passed away. Deceased was at the time of his death engaged in carrying a parcel of books upstairs and had deposited them on a desk when he suddenly fell forward and was picked up a corpse. Dr. Charlton was hastily summoned, but he pronounced life extinct and gave heart failure as the cause.

Less than a year ago, or shortly after Easter, J. C. Harstone came to Weston from Lindsay, accepting the position of principal of the high school, which he has since presided with marked ability and profit to the pupils. Born in the village of St. Mary's 51 years ago, after his graduation he taught for three years in Seaford High School, and for 17 years was actively identified with the progress of Lindsay High School, which he brought to a state of high perfection. Modest and retiring in his manner, he had endeared himself to everyone in town.

The late Mr. Harstone was not identified with any fraternal societies, but was an enthusiastic curler, and until a year last night was engaged in that sport on the local rink here. As early as 7 o'clock this morning he was up and engaged in telephoning to some friends in anticipation of a match in Prospect Park rink to-night. He was a member of the Weston Bowling Club and visitors to the town last summer will not soon forget his cheery good nature and cordiality. At the bowling banquet, held a short time ago, he was unparading in his efforts to add to the pleasure of all.

A member of the Weston Presbyterian Church, he was also the teacher of the senior Bible class, and unremittently in his labors here as well.

He is survived by a widow and two children, a son and daughter, the former engaged in construction work on the T. & N. O. near Cochrane, and the latter the wife of John F. McCuag, manager of the Adams' Furniture Co. He leaves besides two brothers and two sisters, Leonard, barrister of the Town of St. Mary's, and Robert, employed with Mackenzie & Mann; Mrs. A. M. Thompson of Toronto is another sister.

A meeting of the high school board was held to-night to complete the arrangements with respect to the funeral, the date of which, owing to the difficulty of reaching the son, has not been definitely set.

### DOWNSVIEW.

DOWNSVIEW, Jan. 17.—(Special.)—The meeting of the trustees of public school section No. 17, Downsvew, held here yesterday, was largely attended.

## West Toronto North Toronto East Toronto

## MARKHAM VILLAGE.

Local Paper Scores Outgoing Council

MARKHAM VILLAGE, Jan. 17.—(Special.)—J. J. Lunan, the well-known auctioneer, conducted a big auction sale of furniture and general household articles here on Saturday last and good prices were realized. On Thursday afternoon Mr. Lunan conducted an extensive sale of standing timber on the north half of lot 8, con. 4, Scarborough, belonging to John Sewell.

The Economist takes strong exception to certain increases in the salaries of town officials made since the new council came into office, and, incidentally, scores the outgoing council for the statement of the financial condition, which it charges is so presented as to be valueless. Altogether The Economist seems to be out of harmony with its civic administrators.

James Torrance, Robert McKay and Mr. Parks are serving on the jury. Miss Frances Morgan left on Saturday morning to take a course in nursing at Grace Hospital. Miss Morgan will be greatly missed in the village.

The Home Circle met in the town hall to-night, when the new officers were installed.

The annual meeting of the directors of the Markham Fair will be held in the town hall on Thursday afternoon, beginning at 1 o'clock.

An at home under the auspices of the Ladies' Aid of the Christian Church will be held at the home of Jacob Helser on Wednesday evening, Jan. 18. The first singing will leave the church on Church-street at 5 o'clock, and at

frequent intervals thereafter. The admission to the at home is only 15 cts.

## NORTH TORONTO.

Mayor Sees Board of Control and Action Will Shortly Be Taken.

NORTH TORONTO, Jan. 17.—(Special.)—Mayor Brown had an interview with Mayor Geary and the board of control at the city hall this morning, when the latter stated that the city representatives would name an early date for a consideration of the question of annexation.

Mayor Brown suggested that the northern representatives would be pleased to take the city men over the ground in autos, thereby whetting the appetites of the latter for the acquisition of this beautiful residential district. This was formally agreed to and while no definite date was named, it is thought that only a short time will elapse before negotiations will be opened up.

Around-town the greatest interest is taken in the outcome of the meeting and the visit of the board of control. The question of annexation has become an acute one of late, and it is safe to say that nothing that has ever come before the townspeople has aroused a tinge of the present interest, not to say anxiety in the matter.

North Toronto Rink, Tuesday, Jan. 24, Fancy Dress Carnival.

## MIMICO.

Newly-Elected Council Object to Railway's Subway.

MIMICO, Jan. 17.—(Special.)—At a special meeting of the village council held last night, a number of resolutions were passed, among them the proposed subway, objecting to the railway's subway, which it charges is so presented as to be valueless. Andrew Dods was appointed clerk and treasurer at a salary of \$100 a year, and Jay Barham, assessor, at a salary of \$100 also.

The next meeting of the council will be held on Feb. 3, and it is expected that at that meeting the whole paraphernalia of a local board of health will be appointed.

It was felt by Reeve Skelton and the other members of the council that Church-st. subway is an important one and the idea of a 20 foot subway as suggested by the G. T. R. is out of the question. The total cost will be as shown by the plans, \$37,155 for a 20-foot one. The excavation work and the steel will be the heaviest items.

## NEWMARKET.

Former North York Boy Has Flourish in the Great Northland.

NEWMARKET, Jan. 17.—(Special.)—Dr. F. W. Cane, postmaster at White Horse, Yukon Territory, and a brother of Henry Cane, president of the big manufacturing firm here, is home on a short visit to friends. On Monday Dr. Cane left for Ottawa in connection with departmental business.

Dr. Cane is a ninety-niner, having joined in the rush to the gold fields of the Klondike back in 1899. He has prospered exceedingly, and is contemplating a business trip to Europe, templating a holiday trip to Europe when his business here is completed.

Dr. Cane was in White Horse last fall during the big robberies of bullion that were pulled off while the metal was in transit from White Horse to Seattle. The gold, which was taken on two occasions, was valued at \$30,000 and \$20,000 respectively. Both quantities were recovered, but the authorities have so far failed to bring home

the theft to any particular person. Four persons were named in the "surprise party" last Friday evening against them.

## FAIRBANK.

The young people of the Fairbank Presbyterian Church, to the number of about forty, formed themselves into a "surprise party" last Friday evening and called at the manse, where they were welcomed by the pastor, Rev. T. A. Watson, and Mrs. Watson. The evening was spent pleasantly with a variety of games and music, and all expressed themselves as having enjoyed the "surprise."

## LAMBTON MILLS.

Mrs. Percy Barrett, Lambton Mills, will not receive on Thursday, as was announced, but on Monday, Jan. 23.

## TIMBER SALE.

Thursday, Jan. 19, an auction sale of standing timber, hard and soft wood, and a number of oak trees, will be held. This sale affords an excellent opportunity to secure a supply of good firewood, in lots to suit purchasers, belonging to John Sewell, north half of lot 8, con. 4, Scarborough, and will be held at 1 o'clock. J. J. Lunan, 538 Pape-avenue, auctioneer.

## REINSTATEMENT ORDERED.

STRATFORD, Jan. 17.—The enquiry conducted here by Judge Barron into the case of the G.T.R. strikers has already resulted in orders for reinstatement of some half dozen men. The judge will report fully to President Hays. His honor finished the Stratford enquiry this afternoon and goes to London to-morrow.

## Nervous Prostration

Makes You Weak, Helpless and Miserable.

Wherever there are sickly people who are troubled with deranged nerves they will find that Milburn's Heart and Nerve Pills will restore the equilibrium of these deranged centres, and bring back the shattered nervous system to a perfect condition.

They do this by their restorative influence on every organ and tissue of the body, and their extraordinary curative power manifests itself immediately they are taken.

Mrs. G. D. Ward, Huntsville, Ont., writes: "I take pleasure in sending you my testimonial in praise of your Milburn's Heart and Nerve Pills. I suffered terribly with nervous prostration, and became so bad I was not able to attend to my household duties, and now I can truthfully say that I owe my life to them. Three boxes stopped my trouble."

Milburn's Heart and Nerve Pills are 50c per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## MUST HAVE COMMISSION TO PROBE FARMERS' BANK

Creditors and Shareholders Alike Endorse Proposal—Curator Target for Queries.

The usual quiet of the Farmers' Bank Building was disturbed yesterday morning by the gathering of the creditors of the now defunct financial institution. The meeting was called for 11 a.m., but long before that time many creditors from all parts of Ontario were present to obtain, if possible, some light in connection with the money they had placed in the bank.

It was pointed out by Mr. Clarkson, that in the matter of certain deposits on which the exact time of the suspension would have to be decided upon before the validity of these matters would have to be referred to the courts for a decision. In this connection all depositors of Dec. 19 last, the date on which the bank suspended payment, will be requested to give particulars of their deposits.

Charter Illegally Obtained. In reciting the method of the formation of the bank, Curator Clarkson pointed out the irregularities of the methods which had been adopted by Travers and his associates, in getting the charter from the government. They had collected \$211,000 in cash and notes, which, after expenses had been paid, only left \$170,000. Ex-Vice-President Travers took the notes of subscribers and amount raised \$250,000, the amount sufficient to qualify for the issuance of the charter.

"The charter was obtained by an evasion of the Bank Act. When the bank began business its liabilities were greater than the assets by \$41,000. "We are making a claim of \$50,000 from guarantee companies covering from defaultations. We may recover it, but I do not wish to be too optimistic."

The Keeley mine transaction was related by Mr. Clarkson. "The bank," he said, "had practically been the only source of cash invested in the mine. The probable value of the mine was a question. I do not want to make any statement of any estimate of the Keeley mine property. I do not want to be too optimistic with regard to it. Mr. Clarkson was appointed permanent liquidator and the meeting adjourned.

Floodgates Opened. The meeting resolved itself into a public one, and J. W. Gilmore of Elgin was put in the chair. There was the signal for letting loose the pent-up feelings of the audience. "Is he not to be forced to make restitution of some of the money stolen?" asked a man with much heat.

"We have got all he has," replied Mr. Clarkson. "It will probably amount to \$75,000."

William Waddell had a number of motions, which were submitted serially, and passed unanimously. The intent of the first of these was that every effort possible be made to discover the parties in addition to the general management of the wrong doing in connection with the bank, and that the attorney-general of Ontario be urged to continue the investigation of the

bank's affairs and bring the guilty to justice.

The second motion was that the Dominion Government appoint a commission to go into the question of the management of this and other banks, with a view to bettering the existing legislation for protection of bank creditors.

## Nesbitt's Whip Hand.

Burge Gunby, one of the Halton County directors, asked regarding the Beattie Nesbitt deal, said he had questioned Travers as to why he had accepted the mine shares as security for Nesbitt's move Thursday, and Friday and Mr. Thompson has it so arranged that it will not be necessary to close the city ticket office. The department will not provide much space in their new quarters, as the company were unable to secure a lease on any more than the ground floor.

## Moving C. P. R. Offices.

The C.P.R. district passenger department will commence moving operations to their new offices at No. 16 King-street east this morning. The ticket and city passenger offices will move Thursday, and Friday and Mr. Thompson has it so arranged that it will not be necessary to close the city ticket office. The department will not provide much space in their new quarters, as the company were unable to secure a lease on any more than the ground floor.

## BE A PERFECT MAN!

With No Back Pains—No Nervousness—No Loss of Ambition—But With Plenty of Life and Energy and the Vigor of Youth Restored.

To be strong and manly is the aim of every man, and yet how many are who are wasting the vitality and strength which nature gives them. Instead of developing into powerful, manly young fellows, they are nature intended them to be, they find themselves broken down and dependent—no ambition, no energy, no initiative, they are easily along, sooner or later to become victims of dreaded disease, their finer sensibilities blunted and their nerves shattered.

## IS THIS THE WAY YOU FEEL?

Do you feel tired in the morning and exhausted? Is your back aching or lame? Do you have difficulty in fixing your thoughts? Is your memory failing? Are you losing ambition? Do you feel you are not the man you once were? Do you have hot flashes up and down the spine or sudden weak spells, especially after eating? Have you palpitation of the heart, dull headaches, pain at the base of the brain, sudden spells like fright from no apparent cause? Are you very restless or sleepless at night? Are you very nervous and irritable, with a feeling that you want to be alone? Are you gloomy, with a sense of some great oppression upon you? If so, then you need my treatment. You surely do not want to remain in this condition. Don't suffer longer. I cure others, I can cure you. Master your disease before it masters you.

## DR. McLAUGHLIN'S ELECTRIC BELT

Builds up broken-down men, restores youth and vigor and makes men look and feel strong. It will cure every case of Rheumatism, Lame Back, Sciatica, Varicose, Loss of Power and every evidence of weakness in men and women. It will not fail, it cannot fail, as it infuses in the weakened parts the force of life and strength.

Do you doubt it? If so, any man or woman who will give me reasonable security can have my Belt, with all the necessary attachments suitable for your case, and you can

## PAY WHEN CURED

Dear Sir,—Your Belt has been a boon to me. The emissions have ceased. My Rheumatism in the shoulder has gone. I must say that I feel that life is now worth living. The most noticeable thing is the blood; it seems to have increased very much in circulation. Before using the Belt, if I took a swim in the lake I have not got cold, but now I am in the water every morning about 6 o'clock, and don't feel the cold at all. I think your Belt will do all you claim it will, and then some more.

Electricity is life to the nerves and organs of the body. They cannot live without it. Get back the power and make yourself a man among men.

Nature will cure you if you give her the right kind of assistance. The reason your nerves are weak is because they are not properly fed. I don't mean that you do not eat enough. Nerve force is a food that comes from electricity. When your supply of bodily electricity has become depleted, the nerves do not get the proper nourishment, and various complications result.

## FREE TO YOU!

If you can't call, cut out this coupon and mail it to me to-day. I will send you my 84-page book, together with price list, prepaid, free. Add vice and consultation free. Call if you can.

Office hours—9 a.m. to 6:30 p.m. Wed. and Sat. to 8:30 p.m.

brought up the question of inspection, and Travers, hearing of it, said, "I'll close the doors of the bank, and you will have to take the responsibility for causing a run on the bank. There is no occasion for such inspection."

## Moving C. P. R. Offices.

The C.P.R. district passenger department will commence moving operations to their new offices at No. 16 King-street east this morning. The ticket and city passenger offices will move Thursday, and Friday and Mr. Thompson has it so arranged that it will not be necessary to close the city ticket office.
