FOR SKITTS TO PAMPER THE CAPITALISTS' WORK

Ontario Power Co. Gave Low Rate to City of Niagara Falls, N. Y. for Franchise, But Fellows Know How to Eventually Win Out

Niagara Falls, N. Y., Sept. 15.—(Special.)—There is food for reflection (and the people of St. Catharines, Brantford and other cities who are being asked to hand out valuable franchises to the electrical combine should ponder over it) in the proceedings of the Niagara Falls Board of Aldermen concerning the right and privileges of the power magnates. It all goes to show, and what The World has been saying for some time, that the corporations seeking privileges are willing to pay for those privileges if the members of the council have sufficient backbone to insist on a quid pro quo.

The City of Niagara Falls gave a franchise to the Ontario Power Transmission Company three years ago, and the quid pro quo was an offer of power for municipal purposes at \$10 per horsepower. This was not considered too good a return for what the city was granting the transmission company.

Last year, however, the company saw its way clear to get a more advantageous franchise. Influences had been at work for two or three years, and the election of a pliable board of aldermen and the Ontario Power Transmission Company were the result. The company applied to the city council for a franchise. It was introduced on the 19th of last year, and after three readings in one night, contrary to the city charter, the affair was decided by the aldermen, who were only too willing to grant the franchise without any discussion.

The same thing being attempted in St. Catharines, where the council is being controlled by the Ontario Power Company, the franchise was being attempted in Brantford, with not so good a chance of success.

"Historic franchise."

The World looked up the record of the common council for the past three years and discovered that the Ontario Power and Transmission Company's franchise, the main features of the various clauses were copied and pasted into the charter of aldermen were thereby able to the protection of the city's interests, and the franchise was granted to the Ontario Power Transmission Company.

Continued on Page 9.

Some Company Gives Ontario Contract City a Rate of 5 Cents Per Hour for Franchise, But Fellows Know How to Eventually Win Out

Niagara Falls, Ont., Sept. 15.—(Special.)—This city holds an agreement with the Ontario Power Co. (Payco) by which electrical energy is available for the use of the municipality at \$10 a horsepower.

The city will furnish this power to manufacturers at cost price.

By an old agreement with the Canadian-Niagara Power Co. (Rankine) the company is bound to deliver power to the municipalities at \$18 per horsepower.

The Electrical Development Company of Ontario (Mackenzie-Nichols-Pellatt) has made no agreement with the city, asking for no concessions and receiving none.

The concession of the Ontario Power Co. is made to the corporation in return for certain tax exemptions. The agreement holds until the year 1914, and if the citizens of Niagara Falls so choose it is renewable for another ten years.

The terms of the agreement are duly set forth in chap. 68, statutes of Ontario, 1903. The agreement was ratified by a town bylaw and this in turn controlled by the same individuals. This company is certain to the corporation in return for certain tax exemptions. The agreement holds until the year 1914, and if the citizens of Niagara Falls so choose it is renewable for another ten years.

WOMAN FROM BROKEN NECK STAYS IN SLIPS, YOUTH FALLS

Weak Ankle Causes Miss McCormack to Trip on Stairs—Man Falls from Window.

A weak ankle is blamed for the death of a Miss McCormack, who died last night from the results of a fall down stairs at 129 Jarvis-street. She was about 30 years of age, and was but slightly known to Mrs. J. L. and Mrs. J. L. McCormack.

About half past eight last night as Mrs. Bell was sitting in her parlor on the ground floor of the house she heard a fall on the stairs. On investigating she found Miss McCormack, who she had rented a room above a week before, on the floor at the foot of the stairs. She started for the stairs, but only utterance the injured woman gave was a groan. She did not speak or make any sign of recognition.

Being placed on the sofa she breathed heavily once or twice and then expired. The accident, which was practically instantaneous, and that the woman had not been conscious after her fall, her husband was notified.

For the first time since her arrival in the house Miss McCormack attempted to come down stairs without a lamp. It is thought that her ankle, which she told Mrs. Bell was weak, following an attack of blood poisoning, turned on her she started for the stairs, and she precipitated from the first to the ground floor.

Chief Coroner Johnson was notified, but it is not likely an inquest will be held.

Just one month before he was to have been married to a girl in old London, Albert Bracey fell from a window in the Imperial Hotel yesterday afternoon and broke his neck. Two hours later he died in the emergency hospital.

Bracey had only been in Canada for a few months. He came from Portsmouth, England, and was a mere 21 years of age. His arrival, which was employment as porter at the Imperial Hotel, King and York streets. He was better than his job, and became a clerk, retaining, however some of his old ideas.

Yesterday he undertook to clean some windows on the second floor. While standing on the sill he lost his hold and fell head first. He was hurled to the hospital, where it was found that his neck had been broken on the back of his head.

Bracey had not found Canada the El Dorado he had expected. He decided that the girl he had first intended to bring to Canada was not worth the trouble. His only reason for staying in Canada was to earn his passage money home.

G. T. P. TENDERS OPENED.

Montreal, Sept. 15.—(Special.)—Tenders for the construction of that section of the Grand Trunk Pacific from Fort Williams to Lake Superior Junction, which will join the main line, opened at noon today.

Frank W. Morse, the vice-president and general manager of the company, The second section of the road is 210 miles in length, and almost from beginning to end, the work will be of a heavy character. This is the kind of work railway contractors prefer, and for this reason the number of bidders received has been unusually large. No award has as yet been made.

ACTUAL CUT EXCEEDS ESTIMATE FIFTY BUSH. TO ACRE TOP YIELD

Returns of Threshing Could Not Be More Satisfactory—Reports From Few Widely Scattered Points.

Winnipeg, Sept. 15.—(Special.)—Returns during the past two days have delayed threshing somewhat, but returns to hand could not possibly be more satisfactory. Everywhere the same tale is told of the actual returns exceeding estimated yields, and even pessimists or otherwise grain sellers, the farmers, are beginning to concede that the general average will be away above the official estimate of 22.8 bushels per acre. Here are a few actual returns from widely scattered points.

Portage la Prairie: All cutting is done and about 25 per cent. of threshing finished. Few farmers have completed stacking, but mostly are stooked. Wheat is turning out much better than expected, and average for the plains will be between 25 and 30 bushels. Two remarkable wheat yields are reported here. James McCann, Treherne, Man., reports from 40 different parts of the district as to yield per acre from 22 to 30 bushels and under mostly No. 1 hard red No. 2 northern. Some farmers confidently expect their crop of wheat will yield 35 or 40 bushels per acre.

Esterhazy, Sask.—Threshing has started around here, but will be delayed for a short time on account of the heavy rain last night. Anything that has been threshed so far has turned out better than expected. The grade will be good.

Carman, Man.—James Riddell of Roseburg, Sask., reports from 40 acres of wheat, which averaged 44 bushels per acre. This yield is credited to Mr. Taylor, the thrasher.

Carlyle, Sask.—E. Wallace yesterday threshed on his farm near here 35 bushels of wheat per acre. He has 200 acres that will give about the yield.

Graytown, Sask.—Cutting is drawing to a close, and thrashers are beginning to move; farmers are preparing grain room for such crop that was never known before.

Deliveries of wheat to the Canadian Pacific Railway yesterday were somewhat less than on Wednesday of this week, owing to rain. There is, however, no comparison between the amount received yesterday and the amount received on the corresponding day of last year. On Sept. 14, 1904, there were delivered to the company for shipment 18,000 bushels; yesterday there were received 214,000 bushels. A year ago on the same date there were loaded ten cars. Yesterday 196 cars were shipped. Comparison of total amount received up to date with amount received on corresponding period of 1904 shows a similar gain this year. In the first two weeks of September last season there were shipped 4,000 bushels. Up to the close of business yesterday there had been received 1,346,000 bushels. Last year, fifty-eight cars had been shipped at the close of Sept. 14. This year 560 cars were shipped in the corresponding period.

No grain of any consequence has yet been shipped from any point west of Portage la Prairie. The only thing has yet been done in the territories. Manitoba has done all the business, grain coming from almost every point in the province.

The shipment of wheat has now fairly begun, and there will be an cessation or diminution until the close of navigation in November.

CONVENTION IN TORONTO TO ORGANIZE A NEW PARTY

Hon. Joseph Martin's Speech Talk of Politicians and May Result in Action.

Winnipeg, Sept. 15.—(Special.)—There was a good deal of talk around the political clubs to-day regarding Hon. Joseph Martin's speech last night. Third party propositions have proved signal failures in the past, but it is generally realized that conditions now are ripe for such a movement, and the political clubs to-day are generally in favour of a purely political party, at least it would do a great work of evangelizing among the people.

There is good reason for supposing that the men behind the movement in Toronto in the not distant future, when delegates from all part of Canada, representing all shades of independent thought, will be in attendance, and the movement will be given such concrete direction as will result in placing candidates in the field at various strategic points.

From Southampton, Sept. 15, 1905. To Toronto: "Plant, owned by private company, House-light, all night service, 25 cents per month, 15c candle. A. E. Belcher, Mayor."

From Campbellford, Sept. 15, 1905. To Toronto: "15c candlepower, 15c, 25c, 50c, depending on location. No meters used. Mayor."

Under private ownership incandescent lamps are \$3 a year each; under municipal ownership from \$1.50 to \$2.50.

MAN'S JAW CUT OPEN.

Careless Operation on Telemus Victim Whose Face Was Solidified.

New York, Sept. 15.—An interesting operation was performed last evening at St. Gregory's Hospital by Dr. A. L. Nelson, upon William Case of Ontario, N. Y.

Case is 29 years old, married and works in a cannery factory. Thirty years ago he met with an accident from which lockjaw resulted. His teeth were "knocked" so that they would not grow together again while he was in the hospital. He was kept in bed for months, and finally a small aperture was cut between the front teeth, through which he ate chopped food.

The operation consisted of cutting apart the jaw, as far as possible, and splitting apart the jaw at an even and natural location. Then the incisor parts were "knocked" so that they would grow together again while he was in the hospital. He was kept in bed for months, and finally a small aperture was cut between the front teeth, through which he ate chopped food.

KEEP THEM APART.

Reformed Episcopal Church on Separation of Church and State.

Ottawa, Sept. 15.—The first synod of the Reformed Episcopal Church in Canada is being held in Ottawa this week. Among the important resolutions passed was one strongly recommending that the principle of the independence of church and state in Canada be kept inviolate, and that the government jealously guard public funds from being applied to the support of denominational interests.

Campbell's English Chop House, 30 King St. West, just lunch.

DR. WALLACE AT HOME.

Dr. M. Wallace, who was reported to be so ill in the St. Michael's Hospital a few days ago, operated on for tumor yesterday and left for his home later in the evening. His recovery, in spite of the operation, is doubtful, and his condition will be missed very largely. Dr. Wallace's work among the poor in the case and has been one of the features of his life.

NEW YORK LIFE'S CLUE TO REPUBLICAN CAMPAIGN

THE DIFFERENCE.

The World yesterday wired the mayors of Campbellford, Southampton and Brantford, three municipalities selected at random, asking for information concerning prices charged consumers of electricity for house lighting. Replies were received from Southampton and Campbellford. Southampton is lighted by a private company; Campbellford owns its own plant.

Here are telegrams that tell the story:

Mayor—Southampton.
Brantford, Campbellford:
Does your municipality own its lighting plant and what do you charge electric wire a year for each incandescent light? Reply.

The Toronto World Reprints.

From Southampton, Sept. 15, 1905. To Toronto: "Plant, owned by private company, House-light, all night service, 25 cents per month, 15c candle. A. E. Belcher, Mayor."

From Campbellford, Sept. 15, 1905. To Toronto: "15c candlepower, 15c, 25c, 50c, depending on location. No meters used. Mayor."

MONTHLY VISITS MANITOBA.

Winnipeg, Sept. 15.—(Special.)—Hon. Nelson Monthie, Ontario minister of agriculture, returned to the city after a flying visit to the west as far as Brandon, and leaves for the east in the morning. He expressed himself greatly pleased with the results of his trip, and thinks Ontario need not take second place yet.

Mr. Monthie's trip to the west was a flying visit to the west as far as Brandon, and leaves for the east in the morning. He expressed himself greatly pleased with the results of his trip, and thinks Ontario need not take second place yet.

Mr. Monthie's trip to the west was a flying visit to the west as far as Brandon, and leaves for the east in the morning. He expressed himself greatly pleased with the results of his trip, and thinks Ontario need not take second place yet.

PLACED OBSTACLE IN ROAD GRAND JURY CLEARS FARMER

Was Charged With Attempt to Wreck Auto—Young Man's Serious Offence.

In the sessions before Judge Morgan, William Wilson was found guilty on the charge of attempting to wreck the automobile of a young man, who is under 15 years of age. The girl's story was that she and her sister went to Munro Park on Dominion Day. There they met two young fellows, who took them to their tent, called it "hotels" and they remained there until they were tired and had them arrested as vagrants.

Marsicano pleaded guilty to assaulting William Wilson.

Ellis Dion, 14 years of age, who escaped from the reform school at Penitentiary, breaking and another of theft. He was committed to the industrial school at Blantyre for an indefinite period, which means he can be kept there until 21 years of age.

The jury decided Samuel Medoff, who was charged with stealing a bottle of whisky, and as his honor remained about never have reached the sessions.

It will be good news to the farmers to know that the charge against George Arisek, the Sutton farmer, was thrown out by the grand jury. He was charged with placing an obstacle on the road, which was the kind of work railway contractors prefer, and for this reason the number of bidders received has been unusually large. No award has as yet been made.

DISGRACE TO CIVILIZATION.

In Maintenance of Turkish Power in Europe, Says Carnegie.

London, Sept. 14.—A deputation from the Slavonic Society of Moscow called on Andrew Carnegie at Skibo Castle today and presented to him a diploma of honor and an ancient silver cup in recognition of his philanthropy and of his being the founder of the Temple of Peace at the Hague.

The president of the society, Colonel Spiridonovitch, entreated Carnegie to give his moral assistance to prevent another massacre in Macedonia. Mr. Carnegie promised to consider the appeal, and declared that the maintenance of Turkish power in Europe is a disgrace to civilization.

ABOLISH MARRIAGE LAW.

Tokio, Sept. 15.—(5.30 p.m.)—The committee of the lower house of the diet, which has been investigating the recent disturbances with a view to the abolition of marriage law and the introduction of Premier Katsura to-morrow, on which occasion the committee will demand the abolition of marriage law and will organize a special committee of inquiry into police outrages.

The bar association is memorializing the government for the abolition of marriage law.

MORE SHOPS IN LINE.

Chicago, Sept. 15.—Developments today in the controversy between the Chicago Typographical Union and the many printers indicate that the independent employers will agree to the demands of the union and the fight will finally simmer down to a struggle with the Chicago Typographers.

YELLOW FEVER RECORD.

New Orleans, Sept. 15.—The yellow fever report to 6 p.m. follows: New cases 43, total cases to date 2565, deaths to date 2, total 33, new disease centres 6, cases under treatment 320, cases discharged 1544.

GIRL DROWNS IN HUMBER CANOE UPSET WITH THREE

Only Daughter of Daniel W. Clarke, of Borden Street, Sinks, Tho Aid Was Near.

Humber Bay yelled another victim yesterday afternoon when Miss Clarke, the only daughter of Daniel W. Clarke of 123 Borden-street, was drowned. She was only 11 years of age, and was with her mother and two companions in a canoe about the middle of the afternoon. When about half a mile from shore the canoe upset. Her companions, knowing that she could not swim, attempted to catch her as she sank beneath the waves. They missed their grasp on each of the three occasions she rose to the surface.

The accident was seen by people on the shore and a boat was put out. The girls were holding to the keel of the overturned canoe, nearly exhausted from the buffeting they had received from the waves. When hauled on board the boat they could not give a clear account of what happened.

Charles Cuce on hearing of the accident immediately commenced grappling for the body. He could not place the spot where the accident occurred with any accuracy and the weeds proved a hindrance to his search. The body was not recovered until 11 o'clock. She was a great favorite among her schoolmates.

PATIENT HANGS HIMSELF.

Victim of Acute Melancholia Takes His Own Life.

As the result of acute melancholia, which has kept him in Toronto Asylum for many years, Levi Shackleton, once a well-known and well connected farmer in York County, hanged himself in his room on Thursday morning. It was not Shackleton's first attempt at self-destruction. He was in the hospital when he first made him prisoner in Toronto Asylum.

Since that time he has been persona non grata to the hospital, and he has been watched at all times. On Thursday morning at 3 o'clock, the night attendant assigned to Shackleton's corridor looked in and found him apparently asleep in bed. He did not have occasion to pass along that way until 5 o'clock when he found the man hanging from the upper window sash by a sheet which he had knotted around his neck. The sheet was tied so loosely that it was marvellous how Shackleton had managed to kill himself.

Shackleton was 51 years of age, and of late years his mania has been so intense that his relatives have been compelled to keep him in the asylum.

FOUND AT LAST.

Jenkins Trolley Fender Endorsed by the Government.

The Ontario government have authorized the Jenkins fender for street cars. It has been tested on the Hamilton Street Railway for five months, and the Ontario government, Fairbairn and Mechanical Superintendent Quina have inspected it there.

The fender is made of steel, and is supported by two steel catches. On either side of the fender is a strong flat steel spring, which together have a downward strain of over one hundred and fifty pounds, all of which is supported on the above mentioned steel catches. The fender is made of steel, and is supported by two steel catches. On either side of the fender is a strong flat steel spring, which together have a downward strain of over one hundred and fifty pounds, all of which is supported on the above mentioned steel catches.

IRISH PARTY MEETS.

London, Sept. 15.—The Irish members of the house of commons endorsed the policy and action of the party in the house of commons during the last session. The meeting pledged their full support to the Nationalists in the future. Resolutions were passed thanking the Irish people for their support of their continued support.

ROBBERED OF JEWELRY.

St. Louis, Sept. 15.—William Torchiana, publisher, Philadelphia Business Directory, returning from Directory Conference at St. Louis, was robbed of \$1000 worth of jewelry on the train.

The F. W. Matthews Co., Phone M 2571. Private ambulance service.

MARRIAGES.

COSTELLO-GRANT. At St. Basil's Church, Toronto, on Wednesday, Sept. 6th, 1905, by Rev. Father Kelly, Ethel Rosemond, third daughter of the late Mrs. William Grant, of Toronto, and James E. Costello of London, Ont.

DEATHS.

BLAKE—On Friday, the 15th September, at his residence, 449 Jarvis-street, Toronto, Edward Francis Blake, barrister, second son of Edward Blake, aged 39 years.

Funeral private. No flowers.

CAMPBELL—At Unioville, on Friday, Sept. 14, Ellis Campbell, in his 22nd year.

Funeral on Sunday, Sept. 15, at 1 p.m., to Bazaarman's Corner Cemetery, for interment. Friends and acquaintances will please accept this intimation.

HARPER—At Lansing, Michigan, Sept. 14, Joseph W. Harper, the late husband of Annie Harper, aged 44 years.

Funeral from the late residence, 182 Richmond-street West, Notice later.

WOOD—On Friday, Sept. 15th, 1905, suddenly at his residence, 41 Bloor-street East, Toronto, John W. Wood, aged 65 years.

Funeral on Monday, Sept. 18th, at 3 p.m.

WILLARD—On Friday, Sept. 15, 1905, at his late residence, 132 Ossington-avenue, Frank W. Willard, in his 49th year.

Interment at Galt on Sunday on arrival of C.P.R. morning train.

IN MEMORIAM.

MALCOLM—Having memory of Nellie Fleming, beloved wife of Alex. R. Malcolm, who died Sept. 15, 1904. Forget her! No we never will. We shed her loss because she is gone. Not love her less because she is gone. From here to her eternal home.

MAYOR NOT SATISFIED.

Price Offered St. Catharines for Street Lights Too High.

St. Catharines, Sept. 15.—Messrs. Sutherland and Levy of the Ontario Power Co. are here endeavoring to reach some settlement with the city council regarding clause 10 of the franchise relating to power prices which was discussed last Monday night. Mayor Sweet said this morning that Messrs. Levy and Sutherland agreed that St. Catharines will have power 10 per cent. cheaper than anybody else in the Deering in Hamilton, who have a special agreement, and they see ready to reach an agreement with the city council. The mayor said that the prevailing one of \$72.50 per lamp for street lights. The mayor would not let that price be reduced, but he said it was not sufficient reduction and he expects to have it made lower.

MISTAKES MAN FOR BADGER.

Hunter Fires at Another Who Was Lying Under Haystack.

Winnipeg, Sept. 15.—(Special.)—The shooting accident of the afternoon took place at Scott's farm, this afternoon. A young man named O'Hagan, recently returned from England, went out for a little sport, and game being scarce, he lay down under a haystack to read. While there another hunter named Sweet, from Wawanesa, came along, and thinking he had caught sight of a badger, fired point blank and the whole charge lodged in O'Hagan's shoulder and face, which was horribly disfigured. If he does not die he will lose his sight.

SECTION FOREMAN KILLED.

Paris, Sept. 15.—J. Bloxon, a section foreman, was instantly killed last evening. Along with his section crew Bloxon was proceeding on the Jigger when the section was struck by a train from the Falls to London, came into the section gang all jumped but Bloxon, who apparently did not see the approaching danger as quickly as his fellows. The flyer, going nearly 50 miles an hour, struck the unfortunate fellow, hurling him thru the air, death coming almost instantly.

ROOSEVELT'S DENIAL NOT FINAL.

Petit Parisien Not Apologizing for Alleged Interview.

Paris, Sept. 15.—The Petit Parisien will say to-morrow regarding President Roosevelt's denial of an alleged interview with its correspondent on the president's efforts to end the Russo-Japanese war.

"Our correspondent is crossing the ocean with M. Witte. Until he arrives we shall maintain absolutely the correctness of the interview in question."

M. Lagadere, our correspondent at Port Arthur, he continues, "is a tried man. We shall have the greatest confidence in him until we have a real reason to doubt. We think the correspondent was not understood by President Roosevelt. In any case we must wait until we inform the president of an apologetic mood on our part."

TO JOIN TWO COLONIES.

Britain Proposes Union of Grenada and St. Vincent.

Kingston, Island of St. Vincent, Sept. 15.—The British government has issued a notice proposing a measure to unite the colonies of Grenada and St. Vincent, to form a single colony. The proposal has met with strong opposition locally. Any attempt to force a bill to this effect, though the legislature will cause serious dissatisfaction. A similar attempt in 1891 caused a disturbance, necessitating the presence of a British gunboat to restore order.

BIG NATURALIZATION FRAUDS.

Chicago, Sept. 14.—Preliminary work has been completed by State's Attorney Blaine in a case involving a conspiracy to control elections thru illegal naturalization. Thousands of foreigners were introduced legally for citizenship are said to have been rushed thru the naturalization process.

CHILD FALLS 200 FEET.

New York, Sept. 15.—While picking wild flowers in West Hoboken yesterday morning little Florence Buchanan slipped at the edge of the Palisades and fell 200 feet to the rocks below. She was removed to a rocky ledge. She was removed to Christ's Hospital, but it is feared she has sustained internal injuries which will prove fatal.
