Serious Charge Made in N.Y. Senate-Found Its Way Into Possession of Corpora-

It was an intensely interesting crowd. The general sentiment was all against Mrs. Perkins. Hardly a spectator be-lleved in her innocence. As one witness after another step-Albany, N.Y., March 6 .- An extraordin. ped from the stand, their apparently ineffective stories told-some contra-dictory and others based on hearsayary sensation way caused when Senator Page charged in open senate that a copy of the governor's public utility bill, just introduced, had some time ago been stolen and carried to New York and placed in the ed the throng. The case had not clos-ed without a general conversion to the belief that Mrs. Perkins would be set best known as the Ryan-Belmont interests Serator Page explained that the first intimation which he had had of the theft was when the attorney of the Ryan-Belmon interests came to him and protested agains: form. Prof. Ellis was asked what he tor Page explained that it was an advance to copy which had been stolen, because the

copy which had been stolen, because the section which Morgan protested against was not contained in the inial draft. The bill creates a state and a New York City utilities commission to take the prace of the present state railroad and lighting commissions and the New York City raph transit commission. Each commission is to be composed of five members at a salary of \$10,000, the governor appointing over the New York City commission. Before the schate citles committee nowever, there was some significance aftached to the ques-tion asked by Semator white. "Why should tion asked by Senator White. Why sloud the governor appoint the members of rais commission and not the local authorities?" The answer was that the local authori-

ties had proven themselves incompetent to thes and proven themselves incompetent to deal with the transit situation. The bill abolishes the existing railroad commission, gas and electricity commission, inspector of gas meters, and rapid transit commissioners, and confers all their powers upon two public service commissions. It creates two public service districts, with a commission of districts, with

creates two public service districts, with a commission composed of five members for each district appointed by the gover-nor. The first district comprises the Coun-ties of New York, Kings, Queens, Rich-mond and the second district includes all other counties of the state. The jurisdiction of the commission in the first district extends to all railroads and street railroads, and common carriers oper-ating exclusively within that district, to street railroads, and common for which is within the district, except as to construc-tion and local facilities and transportation outside the district; to the construction and

tion and local machines and transportation outside the district; to the construction and local facilities and transportation of rail-reads within the district; to the manufac-ture, sale for distribution of gas and elec-tricity within the district, and, in addition.

the commission is vested with all powers heretofore conferred upon the board of heretofore conferred upon the board of rapid transit. The commission is given power to set-powna witnesses and administer oaths. No person is excused from testifying befor-the commission, but having testified is im-mane from prosecution for any penalty or forfeiture concerning any act as to which he testifies, but this immunity does not extend to any corporation. The bill prescribes the outles of transro-tation companies, including railroads, street railroads, express companies and of gas and electric companies, and gives to the commissions power to regulate the open-

strychnine." "The death certificates issued by Dr. Kerr of Dunnville were produced and
