RAIN BADLY NEEDED

IN GODERICH DISTRICT GODERICH, July 26—The vain seems to be dodging this part of the county and things are beginning to burn up. The crops here have been looking as good as they have looked for some years, and the farmers are anxiously waiting for a good shower to freshen things up. As there has been more ground worked in this district than has been for years past, some of the hard workers are wondering if they are going to have all the hard work and reap no benefits.
