HAMILTON HAPPENINGS

RESOLUTION OF GONDOLANCE

Passed by Board of Education at Death of His Majesty.

HAMILTON, May 12.—(Special).—The board of education to-night passed a resolution expressing its regret at the death of King Edward and its sympathy for the Queen-Mother. A number of the trustees expressed their personal sorrow. The board decided that non-resident pupils at the collegiate-institute would have to pay a fee of \$40 a year, and that outside pupils who board in the city would have to pay \$80. It was also decided to take the children of school section No. 1, who have been without a school since the district was annexed, into the city schools at the regular fee.

On the charge of threatening to kill Lee John, Lee Hop was arrested to-night. The complainant declared the defendant threatened to end his existence with an axe.

While operating a stumping machine this afternoon Frank Joseph, an Indian, had one of his arms broken as the result of a chain breaking. Stephen Land, a well-known machinist, who was employed for many years by the Sawyer Massey Company, died to-night at his residence, 64 Smith-avenue. He was 62 years of age, and is survived by a widow and family of six children.

G. H. Gooch, of London, England, secretary of the Evangelical Alliance, delivered an address in Centenary Church to-night as preparation for the visit to the city of Rev. George Hanson, Belfast, and Archdeacon Madden, Liverpool, in July.

Y. M. C. A. Annual Meeting. The annual meeting of the Y.M.C.A. was held to-night. The total receipts for the year were \$12,584.22 and the disbursements \$10,464.81. Alfred Powis was re-elected president and the following are the directors: F. W. Wat-

\$2.50 and up per day. American Plan.

Johns, W. J. Waugh, J. Orr Callaghan, A. J. Taylor, A. Powis, F. R. Smith, John E. Brown, A. Wilson, R. Mills, B. O. Hooper, Russell T. Kelly, H. Moore, George H. Les, and H. L. Frost. The retiring members this year are F. Claringbowl, George Rutledge, W. J. Atchison and J. J. Greene.

While dressing this morning A. T. Neil, assistant tax collector, dropped dead, evidently having suffered a stroke. He was 65 years of age, and had been a civic employee for 35 years. He was past master of Acadia Lodge, A.P. & A.M., and also held other high offices in the Masonic order, as well as being a scientist and astronomer of local repute. A widow and family survive.

When in Hamilton stop at the Arlington. Good accommodation; new proprietor; very central. John Blake, Proprietor, 342 St. St.

Hôtel Hanrahan, corner Barton and Catharine-streets, Hamilton, conveniently situated and easily reached from all parts of the city. Erect 1906. Modern and strictly first-class. American plan. Rates \$1.50 to \$2 per day. Thos. Hanrahan, proprietor. Phone 1468.

While in Toronto, call on Authors & Cox, 185 Church-street, makers of Artificial Limbs, Trusses, Deformity Appliances, Supporters, etc. Oldest and most reliable manufacturers in Canada.

HUNGRY FOR LAND

Alberta Agents in Western States Have All Business They Can Handle.

CALGARY, Alta., May 12.—Two of the Canadian Pacific land agents operating in Washington, selling Alberta lands, announce that this year their sales will probably total a hundred sections each. A Spokane agent states that last year the total liability undertaken by his American clients in purchasing Alberta land was slightly over a million and a half dollars. These agents announce that on their semi-monthly trips they may find it necessary to charter a special car to bring their parties to Calgary. While a few years ago their greatest difficulty was in finding land buyers, they now announce that there is scarcely any limit to the area that they can sell, provided they can secure suitable land.

Charged With Burglary.

William Robinson 36 Duchess-street laborer, was arrested last night by Detective Miller charged with shop-breaking. It is alleged that he twice entered the premises of the Queen City Brass Company at 64 Lombard-street and stole a quantity of copper coils which he sold. It is thought that he made an entry by use of a key.

20 Only Tourists' TRUNKS

Made with steel binding, brass locks and clamps, hardwood slats, iron bottom, covered compartment tray, and two outside straps. Our regular \$6 trunks, sizes 32-in. and 34-in., on sale to-day and to-morrow, while they last.

GOLD BRICKED STANDARD OIL

Japanese Claimed to Have Method of Converting Old Bones into Oil.

VICTORIA, May 12.—Advice from Peking by the Kamakura Maru, state that a widespread anti-dynastic revolution is feared by the government, ringleaders having established themselves at Shanghai, Tien Tsin, Hankow and other places to carry on a propaganda of revolution. The state council has voted a large sum of money to trace down the leaders.

News of how the Standard Oil Company was "gold-bricked" by a Japanese, who claimed to have invented a method of converting old bones into refined petroleum, was brought by the Kamakura Maru. Nakabata, Rikin-Osaki, the "inventor," went from his country home to Tokyo with two alleged scientists, who vouched for the discovery, and demonstrations were given, during which, by clever manipulation, Rikin-Osaki managed to represent real kerosene as artificial.

The manager in Japan for the Standard Oil Company made a contract with him to purchase the patent rights, and first payment was made. Meanwhile the inventor bunched numerous Japanese and foreign firms into buying shares in the invention, and secured many thousands of dollars before his fraud was discovered. He is now under arrest.

Suicided at Cobalt.

COBALT, May 12.—After writing a short note distributing all his little personal effects to his friends around the mine, Harold Sharon got into bed and shot himself thru the head in his room at the La Rose Mine. He gave years ago their greatest difficulty was in finding land buyers, they now announce that there is scarcely any limit to the area that they can sell, provided they can secure suitable land.

Dr. A. W. Chase's CATARRH POWDER 25c.

Is sent direct to the diseased parts by the improved flow. Heals the throat and ulcers, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. 25c. box free. Accept no substitutes. All dealers or Edmondson, Bates & Co., Toronto.

York County and Suburbs

WILL FIGHT BATHURST AND DUFFERIN ST. PLANS

York Township Don't Want to Pay For Cost of Railway Crossings —County News.

The next meeting of the Dominion Railway Board in the city will be on May 14th and on this occasion a number of matters of vital interest to the outlying municipalities around Toronto will come up for consideration.

York Township have already made application for a hearing with respect to the Bathurst and Dufferin-street railway crossings and a proportion of the cost of the gates, which have hitherto been borne by York Township. Since the annexation of all that big district away to the north and west the city extends the best part of a mile, beyond these points. How the county can hope to retain the township as a contributing factor to the protection of these two crossings is a mystery.

It is claimed by the larger municipalities that a good deal of the traffic is suburban, but this is regarded by the township authorities as absurd and the action of the city generally as pleasure.

Another point in dispute is with relation to the Denison-avenue crossing in the Village of Weston, and wholly outside York Township. How the latter can in any way be interested in the maintenance of an electric bell at this point is inconceivable. It is proposed to assess 80 per cent. of the cost against the township and the balance against a fund set apart for the purpose.

The railway commission will undoubtedly promptly relate the township of York from any liability in all three crossings.

The Kennedy-road and other C.N. R. crossings will be dealt with at a hearing can be secured at this late date, and the committee appointed on Wednesday are even now securing data for presentation.

AN OPEN QUESTION STILL.

Well-Known Lawyer Favors Submission to Railway Board.

At the railway meeting at Agincourt on Wednesday some difference of opinion arose as to the liability of the railway vs. municipality with respect to the maintenance of overhead bridges, together with the approaches to the bridges.

The World on Thursday queried one of the best municipal authorities in the city, and the solicitor for one of the largest suburban municipalities in Ontario, with respect to the matter and was informed that the bridges are a perpetual charge upon the railway company. With respect to the approaches, the same condition at one time prevailed, but the act of the city in 1897, when it took over the cost of upkeep, an open question. He favored the submission of the question to the railway commission for a ruling.

WESTON.

Looks Like for Big Year for Local Lacrosse Team.

WESTON, May 12.—(Special).—The officers elected at the big annual meeting of the Weston juvenile C.L.A. of the T.H. last night are: President, T. J. Mair; 1st vice-president, Gordon Coulter; 2nd vice-president, L. E. McEwen; secretary-treasurer, Joseph McEwen; and secretary, J. E. McEwen. An active practice campaign will be taken up every night for a while and suitable grounds secured for the season.

The first game of the season will be here with the Capitals of Toronto, on June 11. The outlook is fine.

There is not the hardy a vacant house in town, and there is no doubt that the finest suburb on the outskirts of the city is on the eve of a big, substantial advance along the road.

The annual meeting of the Weston branch of the West York Women's Institute for the election of officers was held to-night at 8 o'clock, at the Weston branch of the Y.W.I. The officers for 1910-11 are: President, Mrs. H. A. Oon; 1st vice-president, Mrs. G. M. Lyons; 2nd vice-president, Miss M. J. Oon; secretary, Mrs. W. E. Coleman; and pianist, Miss B. M. Cottrill.

RICHMOND HILL.

Concert Under I. O. F. Auspices Was Great Success.

RICHMOND HILL, May 12.—(Special).—An impromptu concert was given last night in the Masonic Hall, under the auspices of the Independent Order of Foresters, which proved to be one of the greatest treats ever given here. John Sanderson was chairman and Bro. Dr. J. M. Wilkinson also occupied a seat on the platform.

The solos rendered by Miss Maude Bigwood and Miss Frances Wright were well received. Harvey Lloyd filled the bill in great form and was frequently cheered. Bro. George A. Mitchell, superintendent of field work, gave a clear account of the working and objects of the I.O.F. Bro. E. S. Lally, 32nd C.R., thanked the audience for their presence. The audience expressed their appreciation of the entertainment by a hearty vote of thanks. Altogether the evening was a most enjoyable one and not soon to be forgotten by those present.

WEST TORONTO.

Young Lad Runs In Front of Auto and Is Seriously Injured.

WEST TORONTO, May 12.—(Special).—Stepping from the sidewalk to the roadway in front of a rapidly moving vehicle about 4.40 this afternoon, John Thompson of Hamley-avenue, a 10-year-old lad was knocked down and received serious injuries. The accident occurred at the intersection of Waverley and Dundas-streets, and the auto was driven by Richard Burrill, 2 Deane-street. The young lad was rushed to the auto to English-road, where on examination by Dr. Clen-

"JOE" THOMPSON BACK

In Old Land Talk Is of Poor Trade and Emigration, He Says.

"Joe" Thompson, ex-civil commissioner of industries, and, in the opinion of competent judges, the most all-round popular man in Toronto, is back after a two-month visit in the British Isles. He is looking a trifle more portly than when he left, and is in buoyant spirits.

Joe says he found a state of import everywhere in Britain. Business men were depressed about the trade outlook, and the general disposition seemed to be to blame the government, and particularly Lloyd-George, to whose budget divers his were attributed. "Several moneyed men told me that they didn't intend to do much business with the government," he said. "The industries of the country seemed to be marking time. This was blamed on constant agitation of the Nationalist party, who always found fault with any measures proposed by the government on Ireland's behalf."

In Ireland, prospects were discouraging. The agricultural districts, the talk on every hand was of the tremendous emigration to Canada. One farmer near Glasgow said he was compelled to hire men of the type known in America as the hobo, because the country was drained of the sturdy young soil tillers, and in Ireland it was the same. He was called upon to give an address on Canada to the accompaniment of unlight views, while in the North of Ireland, where the colony seemed to be looked upon as the land of promise, there were more than 160 emigrants on the Laurentia, on which he returned, and they impressed him as a well-dressed and desirable contingent.

News of the King's death reached the Laurentia by wireless on Saturday morning, when the steamer was off Cape Race. As his majesty was apparently in the best of health when he left, the shock was severe and gloom settled over all. The orchestra ceased playing for the day and the officers put on mourning vestments.

As his majesty was apparently in the best of health when he left, the shock was severe and gloom settled over all. The orchestra ceased playing for the day and the officers put on mourning vestments.

WOMAN CHARGED AS BURGLAR

Alleged to Have Stolen \$300 in Jewelry From House.

Detectives Cronin and Murray yesterday arrested Florence Connor, 31 Delhouse-street, charged with breaking into the home of Mrs. Stannern, Dunn-avenue, two months ago while the family were at church and stealing \$300 worth of jewelry.

At the time of the robbery, neighbors declared that they had seen a man and a woman in the doorway of the house while the family were at church.

VIEWING CANADIAN RESOURCES

Party of Fourteen British Tourists Pass Thru City.

A party of English tourists, piloted by F. W. Freir, managing editor of The Colonizer of London, arrived in the city yesterday morning. In the afternoon a visit was paid to Niagara Falls, for the purpose of viewing the fruit country of the district, and later the party went to Nelson, B. C. They will spend five weeks in the western province, during which time they will visit every town of interest.

The purpose Mr. Freir has in visiting this country is to interest men of means, as he is convinced Canada is the hub of the empire.

There were 14 in the party, most of whom hope to make profitable investments in fruit lands. Altogether Mr. Freir claims to have interested 250,000 old country people in Canada and Canadian investments of a small nature.

ADJUST CONSTITUTIONAL ISSUE

Conditions Are Favorable for States

manlike Settlement.

NEW YORK, May 12.—The London

correspondent of The Tribune cables

The adjournment of parliament until Tuesday is a sign that another new precedent will be set by both houses. They will receive the body of King Edward at Westminster Hall when it is carried there in solemn state from Buckingham Palace. This was done in 1880, when the body of George II. was carried from Kensington Palace by torchlight to the Prince's Chamber adjoining St. Stephen's. That was the last occasion when a British monarch lay in state at Westminster before his burial, and it was only for a few hours before the final obsequies in the abbey.

Westminster Hall is associated with coronation feasts, historic trials like those of Charles I., Warren Hastings and the seven bishops, and memorable events like the proclamation of Cromwell as Protector, but not with the burial of kings. The new precedent for the lying-in-state of the dead monarch was inspired by the public homage paid to William Ewart Gladstone.

The prolongation of the parliamentary vacation until June 8 is a fresh indication that the present session will be filled out with uncontroversial matters and that the crisis in the relations of the two houses will be deferred until the coronation year, and possibly be avoided altogether by a timely compromise. Conditions favor not only the modification of the inopportune accession declaration but also a state-manlike adjustment of the constitutional issues.
