

THE EVENING TIMES-STAR, SAINT JOHN, N. B. TUESDAY, JULY 13, 1926

# CANNING PLANT NOW READY TO COMMENCE WORK

Western Packing Corp. Expects to be Busy for Months

"We are all ready to go," remarked Harry Beach, eastern manager of the Western Packing Corporation, manufacturers of jams, jellies, marmalades, canned fruit and vegetables, when asked yesterday when he thought the company's new plant would get underway at Coldbrook.

"Pipe fitters have been on the job for the last six weeks getting everything into shape and, except for a machine or two being completed by local concerns, which will be ready in a couple of days, the factory is ready to turn on a full head of steam and will keep running continuously for the next few months at full capacity."

An interesting statement made by Mr. Beach was that the plant would be in operation during the black season as well as during the busy months of making marmalades and compound jams would be undertaken during the slack times, he said.

"At present," Mr. Beach said, "about 200 men and girls have their names down to start work and more may be required to take care of the heavy supply of strawberries, which we expect to come in. More than 100,000 cans are on the way to the factory and delivery is expected in plenty of time while there are other supplies in the factory at present, and are all ready."

**MUCH WORK DONE HERE**

Mr. Beach stressed the point that he had done his best to have as much work on the plant done locally as was possible.

"Under an arrangement entered into with the Farmers' Marketing and Canning Company, the Western Packing Corporation will receive upwards of 30 per cent. of the total berries handled by the organization," Mr. Beach said. "I have already received a number of letters from fruit growers wishing us success. This certainly is encouraging."

Mr. Beach stated that a large quantity of berries would come here from Sackville and also from points throughout Nova Scotia.

Speaking of competition, Mr. Beach stated that he expected there would be considerable net from Quebec and Ontario factories. This, he said, was quite natural, but he intimated that the farmer would support the local concern which when developed would mean a beneficial business to the farmer himself as well as to the city and the Maritimes.

"I would not wonder that within a few years Saint John will be a great city for the small fruit growing industry. You have the soil and the climate to grow almost anything. All we need is a market—the farmer to market his product after growing and the canner to market the finished goods. Now we have got together, so as I said before, let's go," was Mr. Beach's parting statement.

**STRIKES OIL**

FOREST, Ont., July 10.—Oil in considerable quantity has been struck on A. McKinley's farm, tenth line of Plymton township, five or six miles from town.

# Flying Boat in Rouyn Service

What is claimed to be the largest flying boat in Canada has been put into service between Halesbury, and the Rouyn gold district. With an all-metal hull and accommodation for nine passengers, the machine measures 41 feet from tip to tip of the wings, and 35 feet from nose to rudder.

# Secretary Says School Board Staff Greatly Overworked

Com. Wignome as Warden Informs Board That Overdraft of \$13,455 Cannot Be Paid Now—New Bond Issue For La Tour School Authorized

THAT the present staff in the board of school trustees office was greatly overworked and that something would have to be done to relieve the situation, were among several statements made at the School Board's regular monthly meeting last evening by A. Gordon Leavitt, the secretary. A communication was received from Commissioner R. W. Wignome, as warden of the municipality, in which he referred to the present school overdraft of \$13,455. The letter set out that the overdraft could not be paid until the present year's taxes were in, which would be some time in September.

The warden also stated that the only way out of the present situation between the county and school board was to seek legislation whereby the county could borrow money in advance for school purposes or else make an increase, at present allowed for shortages in tax collections.

Authority was also granted the secretary to renew \$25,000 worth of bonds for La Tour school, which expire on August 1.

Dr. L. M. Curren, chairman, president, and others present were H. Colby Smith, T. H. Carter, Dr. J. Kerr Higgins, E. H. W. Ingraham, S. W. Palmer, Mrs. D. P. Chisholm and Dr. S. A. Worrell, superintendent, and A. Gordon Leavitt, secretary.

**TEACHERS APPLICATIONS.**

Applications for positions on the teaching staff were received from Miss M. McKel and Miss E. B. Scovill, both of Fairville, Miss Florence Raymond and Miss Margaret E. McMurray, of Fredericton. They were ordered placed on file.

Applications for carpenter were received from Charles Carlson, Berlin street, and D. B. Webster, of Adelaide street, city. Both were filed.

In reference to a recent letter, which it was thought should have gone to the provincial superintendent of education, but which had arrived at the address of one of the members of the board, the secretary made known that the communication from the Natural Resources Intelligence Service of the Department of Interior, Ottawa, was meant for the board. The communication offered one mounted map of the Dominion for each school. The secretary stated that he had written the department, giving them the necessary information about the local schools.

H. H. McLean wrote the board in regard to a renewal of a lease for a piece of property on Horsfield street.

**LA TOUR SCHOOL BONDS.**

The secretary drew attention to the fact that the present issue of \$25,000 in bonds of La Tour school would expire on Aug. 1. He asked that a new issue of \$25,000, five-year bonds, 5 per cent, be issued and that a sinking fund be provided to redeem the bonds, as they came due. This the board ordered to be done.

The trust officer's report showed that 63 homes had been visited, 14 schools attended, as well as three court cases.

The trust officer's report showed that 63 homes had been visited, 14 schools attended, as well as three court cases.

cases. Habitual truants were placed at four and irregulars at 19.

The visitors to Winter street school were granted authority to make necessary repairs to the boilers in the building. Similar authority was granted visitors to Dufferin school for repairs to the tower. It was announced that the chairman suggested calling for tenders for the necessary repairs. This was agreed to.

The chairman reported for the committee from the board in regard to the re-adjustment of the office staff and said that they recommended that two new stenographers be appointed. The vocational committee would bear the expense of one of these, he said, and the school board would have to pay the salary of the other.

**AN OVERWORKED STAFF**

The secretary said that the present staff was greatly overworked. He said that he was certain that no city with the number of schools and of the size of Saint John was getting along with so small a staff as the local office was doing. He said that everybody was tremendously overworked. The work itself had increased by leaps and bounds. There was a lot of detail matter to be dealt with and this took a lot of time. He personally had to work Sundays and holidays, while other members of the staff were forced to take work home with them in order to keep up to date.

He said that there was no such thing as "office hours" and "one has to work all the time," he stated.

The motion passed to appoint an alien and makes more money than I can," said the man, "but I am not prejudiced against him."

**SECRETARY'S REPORT.**

The secretary's report for the month of June showed that the number of pupils enrolled in city schools was 5,084, number belonging, 8,203, of which 38 were girls and 5,967 were boys.

The number of pupils "not belonging" were accounted for as follows: Died, four; sick, 141; at work, 174; absent from city, 293; transferred, 102; truancy, two; suspended, two; kept home, 140; total, 832.

Commissioner R. W. Wignome, as warden of the county, wrote to the board stating that the present school overdraft of \$13,455, which is still unpaid by the county, could not be paid until the present year's taxes were received, which would be some time in September. The communication set out that under the present act the amount of assessment is 60 cents per capita of the population of the city and county of Saint John, plus 10 per cent. of unpaid taxes. This 10 per cent. the warden claimed, is he paid quite as year after year the shortage in collections amounts to more than the 10 per cent.

The warden pointed out that there is no money in the county school fund for payment of the present overdraft and that there is no authority to borrow any. The only solution, the communication stated, in the present case was to promote legislation to allow the county to borrow money in advance or else an increase be made in the amount allowed for shortages in the collections.

The warden said that the finance committee of the Municipal Council could deal with the matter some time in July. The communication was ordered filed.

# STREET CAR BROKE; BIG ORANGE PARADE

TORONTO, July 13.—An orange parade, which preceded the church services here Sunday, almost developed into a riot as the car broke through the line, a number of the marchers climbed on the sides of the car, smashing the windows and pulling the trolley off the power wire. Order was soon restored and the parade resumed without the police having to intervene.

# Much Interest Over Local Soccer Game

Much interest is being taken in the soccer game to be played tomorrow evening on the Allison grounds between teams representing England and Scotland, and a large crowd is expected. An eleven from the players comprising these two teams will be chosen to meet the soccer players from the warships which will visit Saint John in the near future.

Following is the line-up for tomorrow night's game: Scots—Goal, Gilzean; backs, Kelly and McIntyre; halves, Montgomery, Willis and Murray; forwards, Rankine; forwards, Bain, Neil, J. Hughes, Laidlaw and P. Murray.

England—Goal, A. Martin; backs, Curtis and Stag; halves, Lockett, Goss and G. Walker; forwards, G. James, W. E. Walker, Thompson and S. James.

Reserves—McKelvie and Logan. Referee, W. King.

# Says Daylight Saving Injurious to Pupils

MONTREAL, July 13.—Daylight saving has a deleterious effect on school children, in the opinion of Miss Carolyn E. Wayland, teacher in the public schools of Springfield, Mass., who is in Montreal.

In the course of a conversation last night, Miss Wayland remarked that after daylight saving came into effect in Springfield at the end of April, the extra hour of daylight for play at night had a noticeable effect on the pupils, making them less alert, and many of them listless, evidently due to one hour less of sleep.

# LORNEVILLE NOTES.

Miss Alice Titus, of Grand Manan and a former teacher at the Lorneville school, is the guest of Mrs. Wallace Galbraith, at Lorneville.

Mrs. J. Perry, of Vancouver, is the guest of her parents, Mr. and Mrs. William Cunningham, Lorneville.

Mrs. Aileen Galbraith and the Misses Irene and Beatrice Galbraith, Millidge avenue, are the guests of Mrs. Galbraith's father, Andrew McKee, at Lorneville.

Mrs. Robert Brittain and family, of Boston, are the guests of Mrs. Brittain's parents, Mr. and Mrs. Albert Cunningham, Lorneville.

Mr. David McPherson, who has been spending the winter in Boston, is the guest of his daughter, Mrs. George Stinson, and her sister, at their summer home, Lorneville.

Rev. William Galbraith, San Diego, California, who is the father of Samuel Galbraith at Lorneville, will visit his brother James Galbraith and Mrs. Galbraith, 4400 street, West Saint John, before returning home.

The little smear in the corner of the kodak group is dad.

# Willis F. Russell Will Be Fairville School Principal

Has Been Teacher at Rothersey Consolidated—Lancaster No. 2 Meeting

At the annual meeting of School District No. 2 of Lancaster held in the Fairville Superior School last night it was announced that the new principal will be Willis F. Russell, who for the past six years has been a teacher in the Rothersey Consolidated School. Lately he has been in charge of grades VII and VIII there. Mr. Russell is now taking a summer course in arts at Queen's University, Toronto. There will be no other change in the school staff, it was further announced.

Frank V. Hamm was elected chairman of the meeting. The report of the trustees, read by Secretary H. M. Stout, dealt with the work of the past year. The financial report showed that bonds maturing last year amounting to \$8,000 had been paid out of the sinking fund, as sufficient money was on hand for that particular purpose, and it will not be necessary to include the amount in the assessment.

The trustees asked that the district raise for school purposes the same amount as that of last year, namely \$18,000, and this request was unanimously acceded to.

J. J. Hennessy was re-elected trustee for a third term and took the usual declaration in assuming office.

After the business had been disposed of a hearty vote of thanks was extended to the trustees for the excellent administration of affairs, which is reflected in the good physical condition of the buildings, the comfortable eating arrangements and the upkeep of the staff during the trying periods of sickness last winter. This expression of appreciation was replied to on behalf of the trustees by H. M. Stout.

**DAVID DICKSON DEAD IN FLORIDA**

Former New Brunswick Man Passed Away at Deland, July 6

Special to The Times-Star

MONCTON, July 13.—David Dickson, who for many years was connected with the business and industrial life of eastern New Brunswick, particularly in Westmorland county, passed away at Deland, Florida, on Thursday last.

A native of Napan on the Miramichi, the deceased, when a young man, moved to Sackville where he conducted a general store for many years. After disposing of his business there he came to Moncton where he held the position of secretary-treasurer in the Moncton Sugar Refinery for a number of years, and was afterwards connected in a similar capacity with Hoyt's Manufacturing Co., Ltd. of New York.

The late Mr. Dickson married Miss Mary Buford, second daughter of the late Blair Buford, Sackville. Mr. Dickson, one daughter, Mrs. John E. Dwight, of Palmouth, Mass., and three sons, George, Roy and Gordon Dickson, all of whom reside in the United States, survive the deceased. The remains were brought from Florida to Palmouth, Mass., where interment was made.
