C. P. R. OFFICIAL SEES OUTLOOK FOR
THE MARITIME PROVINCES CHEERFUL

J. E. Dalrymple Talks of the Prospects After an Inspection.

Montreal, Sept. 4.—Many evidences of a strong tendency towards the betterment of business and general conditions in the Maritime Provinces were found by J. E. Dalrymple, vice-president in charge of traffic of the Canadian National Railway, who has just returned from a tour of inspection of the Atlantic Region of the system.

"Throughout the eastern portion of the Dominion there is a genuine feeling that definite upward trend in business has been reached and that a steady improvement of conditions generally can be looked for in the Maritimes," said Mr. Dalrymple today.

Mr. Dalrymple visited New Brunswick, Nova Scotia and Prince Edward Island and in all of these provinces he found the same feeling of optimism. Crops have been good in all sections of the provinces and much activity is being shown in the lumbering, pulp and manufacturing industries. Labor conditions also appear to have returned to normalcy and this fact has had much to do with a healthy revival of trade in commercial centres.

The infusion of new life into business conditions has been reflected in the Canadian National Railway's

Maritime Provinces traffic, both freight and passenger departments showing a steady increase.

Mr. Dalrymple found the Maritime Provinces, and particularly the city of Halifax, much pleased with the action of the Canadian National Railway in abolishing the difference which has hitherto existed between Portland and St. John on the one hand and Halifax on the other, in export and import rates on traffic to and from British and foreign countries. In the past the port of Halifax was placed on an arbitrary basis of one cent per 100 pounds of classes and commodities over the rates in effect in the traffic referred to, to and from Portland and St. John. In order that the new harbor facilities at Halifax may be utilized to the fullest extent possible, it has been decided that about Oct. 1 Halifax, Portland and St. John will be placed on a parity insofar as rates on European traffic is concerned.

This change will not affect the present surpluses on traffic to Halifax on what is known as coastwise traffic, or on business destined to Newfoundland. For the first seven months of 1922 the net earnings of the Canadian National Railway have amounted to \$2,984,460, as compared with a deficit on the same properties of \$2,202,998 in the corresponding period of 1922. The improvement in the net operating results in 1923 as against the first seven months of last year, therefore, amounts to \$5,187,458.

SHRINERS GIVE
BANQUET FOR
NOTED VISITOR

The Shriners of New Brunswick gave a real Canadian welcome to the head of the order, Imperial Potentate Conrad V. Dykeman of Brooklyn, yesterday, when he and his party spent the day in this city. They entrained again last evening for Lewiston.

At a banquet given in Luxor Temple banquet hall about 150 Nobles from all parts of the province sat down. F. M. Tweedie, Chatham, illustrious Potentate, presided, and after the toast to the King and the President of the United States had been duly honored, he extended a warm welcome to the visitors.

When introduced to the assemblage, Imperial Potentate Dykeman was greeted with cheers. The head of the Shrine in North America said that he came to visit Luxor with a greeting from his fellow Nobles on the other side of the line, a line that makes no distinction between members. It was refreshing for him to come from New York to the Province of New Brunswick and find that old Anglo-Saxon welcome of the kind that warmed the heart.

This noble order of Shriners, he said, had two hospitals in full operation. Here the unfortunate crippled children were taken in and cured.

By many outsiders, the Shriners were looked on as a body of men who were only out for a good time, but this was not so. While the Nobles enjoyed

themselves, they had other work to do in helping their fellow men, by building hospitals and in many other ways. A hospital is being erected in Montreal by the Shrine, and the Potentate asked if the Nobles of New Brunswick could not give the people of this province some instance to show that the Nobles were not selfish. They should do something worth while, in the name of the Shrine, towards helping the unfortunate, and they would be the better for it.

After C. M. Dunbar, of Providence, R. I., had made a brief and humorous address, the party joined hands and brought a very pleasant gathering to a close with the singing of Auld Lang Syne.

A large number of Nobles marched to the Union Depot and gave a rousing farewell to the Imperial Potentate and party, who left on the Boston Express for Lewiston, Me., where they will meet the Nobles of that city.

approved and accepted and arrangements were made for his induction at some date to be fixed by the moderator to suit the convenience of the congregation. Those who will assist at Mr. Wall's induction will be Rev. W. W. Malcolm, Rev. W. M. Fraser, of St. Andrews, and Rev. A. W. Ross, of Milltown.

SOCIAL SERVICE
COUNCIL HERE

Preparations are being made for the annual meeting of the Social Service Council of New Brunswick, which is to be held in St. John on Sept. 10. Its funds consist of such contributions as may be made by the units of which it is composed or by friends.

The New Brunswick Council has invited the Dominion Social Service Council to hold its annual meeting in St. John in January, 1924. Among the eminent speakers who will address the Dominion annual meeting will be Dr. Sherwood Eddy and Miss Julia Lathrop.

NEW PASTOR FOR
WAVEIG CHURCH

A special meeting of the St. John Presbytery was held yesterday afternoon in St. Andrew's church room with the Moderator, Rev. W. W. Malcolm, of St. Stephen, presiding. The meeting was called to deal with matters in connection with the induction of Rev. J. S. Bonnell, the new minister of St. Andrew's church, which took place in the evening and also to deal with the call extended to Rev. Victor Wall by the congregation of the Waveig church. The call to Mr. Wall was

Tenders for the crib work at Indian town were opened yesterday at the meeting of the city council and showed a wide divergence in price, the highest being more than two and a half times as great as the lowest. Tenders were also received for line material for the crib distribution system. The matter of repairs to the road from Cooper's Corner to Kane's corner was under discussion but no decision was arrived at.

Appeals from their 1922 assessment were received from the Imperial Oil Co. and the McLaughlin Motor Co. and were referred to the mayor to arrange for a hearing.

A communication from J. B. Harkin, asking that the council deed the site of the proposed monument to the site of the landing of the Loyalists and asking if it would be possible to obtain a suitable boulder near here, was referred to the mayor. Commissioner Fink remarked that he thought the Dominion government might trust the city to take care of the monument after they had accepted the offer to have it erected.

his request for an abatement in the price of the house purchased from the city housing board and recommended that no abatement be made and the claim not recognized; carried.

On motion of Commissioner Bullock, seconded by Commissioner Thornton, Commissioner Wigmore was appointed to represent the city at the annual convention of the New England Water Works Association, which meets at Burlington, Vt., on September 15.

For Drydock Opening.

Commissioner Fink said it had been alleged to his attention that the official opening of the Drydock would take place on October 23 and it had been suggested that before that time some repairs be made to the road from Cooper's Corner to Kane's Corner. He said F. M. Ross, manager of the St. John Drydock and Shipbuilding Co., had offered to supply the broken stone and land it at the street, free. The proposal to do something with this road was supported by Commissioners Bullock, Wigmore and Thornton, after suggesting that Douglas Avenue and Waterloo street also needed some attention. Commissioner Fink said he would have the road engineer prepare an estimate of the cost.

Commissioner Bullock reported on the complaint of H. K. Bamford and
