MADE LOVE IN KING SQUARE BEFORE CROWD

Novel Sight This Morning. But it was in Making of Motion Picture.

Good progress was made yesterday in the filming of Blue Waters. Excellent work was done at Cham Harbour, and today the company was engaged in filming scenes in King Square. Not many scenes are to be "shot" in the city, though some pictures will be taken about the General Public Hospital and around the docks.

The filming of scenes this morning in King Square proved to be a novel attraction for a large number of spectators. The hero and heroine were seated on one of the benches near the band stand, and while the former held the hand of his sweetheart and pleaded his cause the latter sat demurely listening and at the same time feeding a large number of pigeons that flew to her lap and about her feet.

MORE NEW HIGH RECORDS MADE WALL STREET

Bullish Demonstrations in Special Feature Opening of Market.

New York, Oct. 14. — (10:30.) — A series of bullish demonstrations in special stocks which carried more than half a dozen to new high records for the year featured the opening of today's market. There was a broadening demand for Mexican oils, sulphur stocks and railroad shares, particularly the preferred issues. Mexican Petroleum and the pan-American issue established new peak prices on gains of one to two points.

Expectations of a resumption of dividends was held responsible for the rise in the stocks of the United States Steel moved up a point. International Paper also improved.

New York, Oct. 14.—The unwieldy dimension of the short interest and elimination of recent weak spots furnished the basis for a comprehensive rise in prices in today's brief session. The encouraging resume of trade conditions by the weekly reviews and the redress with which the market absorbed all offerings induced increased activity on the part of various stocks. Several new high records for the year were established by some of the larger issues, notably U. S. Steel, General Electric, American Can and U. S. Alcohol. The subsequent reaction of 7 points in Mexican Petroleum and 5 1/2 in Standard Oil of New Jersey caused some unsettlement in final dealings.

The closing was irregular. Sales approximated 700,000 shares.

Dull in Montreal.

GREEK TROOPS LEAVING THRACE

Arrival of Allied Forces Makes Task Easier.

Might Have Been Hard to Restrain Soldiers, Who Wanted to Fight Turks—Agreement Has Good Effect on Moslem Feeling.

(Canadian Press Cable.)

Adrianople, Oct. 14.—Evacuation of the Greek troops from Eastern Thrace, under the terms of the armistice, was due to begin today. The Greek officers are making an effort to maintain discipline among their troops, so as to carry out the evacuation without disturbing incidents.

The sentiment in favor of resistance has been largely modified by the announcement of the pending arrival of 6,000 allied troops, as the Greeks obviously are unwilling to oppose the allies, although they might have made a determined stand against Turkish soldiers.

French and Italian detachments are expected to arrive at Sinek tomorrow. Three British battalions will arrive at Rodosto.

The Greek and Turkish populations each blame the other for the numerous instances of rifling of freight trains and robberies of refugees.

Constantinople, Oct. 14.—The formal acceptance by the Greeks of the Mudania armistice agreement was transmitted to all the signatory powers this afternoon by George Simopoulos, the Greek high commissioner in Constantinople.

Adrianople, Oct. 14.—The Greek third army corps refused to obey orders to evacuate Thrace.

One thousand of the Greek government has instructed its high commissioner at Constantinople to sign an armistice with the Turks, Greece being under the necessity of yielding to the force of circumstances.

London, Oct. 14.—It is understood that telegrams received in official quarters in London indicates that an excellent effect has been produced on Moslem feeling among the Mohammedans in India, Persia and Afghanistan as a result of the Near Eastern agreement.

Constantinople, Oct. 14.—The Turkish Nationalists have declined to grant permission to Dr. Fritof Nansen to visit Anatolia, whether Dr. Nansen had been planning to go for a conference with Mustafa Kemal Pasha on behalf of the League of Nations regarding the safety of the Christian minorities and the care of refugees.

Moslem Refugees.

Mitylene, Oct. 14.—A new flood of refugees is expected early next week from the cities of Southern Anatolia. This district was controlled by the Turkish Nationalists throughout the war with the Greeks, and the Christian and Moslem populations lived in close proximity without serious friction.

Now, however, all the women, children and old men have been given seven days to leave the country while the men of military age are to be taken into the interior by the Turks. Adalia and Makri are the most important coast towns affected.

This move is taken to indicate the Turks' intention of removing the minority populations from all parts of the country.

ACCUSED OF WOOLING NURSE WITH PISTOL

Bride Charges Her Husband With Forcing Her to Marry Him Under Threat of Death.

Nyack, N. Y., Oct. 14.—Arthur C. Tanner, 20, a student of Grand View, was held in \$5,000 bail by Judge M. B. Patterson on a charge of assault with intent to kill for forcing Mary C. Nelson, 24, nurse, to marry him under threat of death.

"Will you run away with me and marry me?" he is reported to have said as he pressed a revolver to her breast as they sat on the porch at her home.

"Of course, I will," was her quick response.

The same method, it is alleged, was used by Tanner to induce the nurse to go with him to the town clerk's office on Oct. 8 for a license.

They were married and were married by the Rev. Gardner Howland.

Last night Mrs. Tanner notified Sheriff George L. Brown that he had again threatened her. The sheriff and three deputies arrested the youth. He was armed with a pistol for which he had no permit. Mrs. Tanner is a graduate nurse and she was employed by the Aetna Insurance Company. She gained considerable fame one year ago by swimming across the Hudson River, a distance of three and one-half miles. It is said she will ask that the marriage be annulled.

Why Not Use the Mail?

A story that dates to the eighteenth century is as follows: Dr. Johnson once met the village postman trudging along the dusty road on a hot summer afternoon. The postman observed that he had still a mile to walk just to deliver one newspaper.

"My goodness!" exclaimed the sympathetic doctor, "I'd never go all that distance for such a trifle. Why don't you send it by post?"

GLEASON'S BILL PUT IN AT \$23,900

Banker Stillman's Counsel Declares it Exorbitant—Court Takes Matter Under Advisement.

White Plains, N. Y., Oct. 14.—Supreme Court Justice Morschauser yesterday took under advisement the form of a judgment in the Stillman divorce case, submitted by counsel for Mrs. Anne U. Stillman, the victor.

The order as presented followed the decision of Referee Daniel J. Gleason in affirming the legitimacy of Mrs. Stillman's youngest child, Guy, and denying James A. Stillman, wealthy banker, a divorce. He also reserved decision on the matter of fees for Mr. Gleason and for John E. Mack, guardian ad litem of Baby Guy.

Mr. Gleason submitted a bill for \$23,900, saying that he had devoted 148 days to hearing and consideration of the case. It had been stipulated, he said that he was to receive \$150 a day. Mr. Mack did not submit a bill, leaving it for the court to fix his compensation.

Mr. Gleason's bill was criticized by Outbridge Horsey, of counsel for Mr. Stillman, who declared that it covered "an unreasonable period of time" and that it was "exorbitant in amount."

Actual trial, he declared, consumed only thirty days and he contended that thirty days more for consideration should have been ample.

Justice Morschauser denied an application of Mr. Brennan for additional allowances to Mrs. Stillman as counsel fees, declaring that the \$47,000 awarded her for her lawyers was "extraordinary."

JUDGE BARRY IS RECOVERING

Potomac Poisoning, Say Doctors—Boys Must Not Go Shooting.

(Special to The Times.)

Frederick, N. B., Oct. 14.—Judge Barry, who was taken ill at Richibucto road on Monday, is recovering. He is now at his home on Monday. His wife joined him at Richibucto on Friday. The police confiscated the guns which he had greatly improved. Physicians diagnosed the trouble as ptomaine poisoning.

Sylvester A. Belyea has sold his residence in Charlotte street to Ashley Estabrooks.

About twenty members of the Dramatic Order of Knights of Khorsaan resident in Frederick will go to St. Stephen's Adia Temple ceremonial on the 20th.

THREE BOYS SHOOT UP A CROWD

"Indians," With Rifles Stolen at Coney Island, Fire Many Shots, But Hit No One.

New York, Oct. 14.—Office workers and other persons who were on the Fourth Avenue subway station at Fifty-ninth street, Brooklyn, were subjected to a fusillade of rifle bullets for fifteen minutes one afternoon this week. Lead whistled, guns cracked and peaceful residents of Bay Ridge gave a vivid play of "tenderfoot" dodging.

The Far West was transported temporarily to Fourth Avenue.

No one in the crowd could tell where the shots came from or who was the object of the mysterious attack. The fact that no one was wounded didn't spoil the pleasure of three Musketeers, 10, 12 and 13 years old, before whose delighted eyes many "noble Redskins" died, even if they didn't bite the asphalt.

Agitated voices on the telephone reported the gun play to the Fourth Avenue police station. Detectives John Osnati and John Fitzsimmons hurried to the scene and found three boys at strategic points along Fourth Avenue, blazing away with rifles. The detectives crept up Indian fashion behind the hostile rangers. Two of them were caught at their posts, the third after a chase by Fitzsimmons. At the Fourth Avenue station the three—Richard Lyman, 14, of 141 Twenty-third street; John Abitabi, 13, and Salvatore Santelli, 10, both of 102, all of Brooklyn—told their story amid tears.

Richard had received 15 cents from his mother with which to buy wood. On the way to the store he met his two chums. Fifteen cents didn't mean much to them—it meant a trip to Coney Island. They stole a rifle on the Fourth Avenue subway, got off at Coney and strolled down the deserted streets of the summer playground. They stopped in front of a boarded-up shooting gallery. Wild West scenes were depicted on the boardings. They loosened the hamp and fired a ride on the Fourth Avenue subway, with three .32-calibre rifles and a supply of ammunition.

After a little target practice on the beach, where they said, they were not molested, they took the subway home and stopped at Fifty-ninth street. They were Indians, they said, and were after palefaces.

The thing that troubled Richard most in the station was how he was going to get 15 cents' worth of wood. The three were held for arraignment in Children's Court today.

M'AUFLAY OF WINDSOR WINS THE ROAD RACE

Halifax, N. S., Oct. 14.—Victor M'AUFLAY, Windsor, won the Herald and Mail's ten mile road race today in the fast time of fifty-four minutes twenty-nine and two fifths seconds, believed to be a record for the course. Larry Jackson, Imperial, was second, his time being fifty-five minutes six seconds. May Ballie of Westville was third in fifty-eight minutes, fifty-nine seconds.

Jimmy Martin of Imperial got fifth place and James Hawbolt, Westville, sixth. Others finished in the following order: James Turnbull, Springhill, tenth; Norman Turnbull, Springhill, thirteenth; Alfred Rogers, Dartmouth, was fifteenth.
