## Register Ahead of Time Where You Can

THERE is good sound advice in the old saying—"Come early and avoid the rush." Come early to the registration booth on Registration Day—but better still—register before Registration Day, if you can.

It is going to tax the powers of deputy registrars to the utmost to handle the crowds on June 22nd. Realizing that to be so, many of these deputies are arranging to take beforehand the registration of any persons who care to present themselves.

The Board urges you to read the papers carefully for news items in regard to prior registration in your locality, and to take advantage of any facilities offered in that connection. Enquire of your employer as to the arrangements in effect for advance registration at the place where you work. He can readily make such arrangements, if he has not already done so.

## REMEMBER

That registration ahead of time is valid registration—it is complying fully with the law.

That by so registering you will almost certainly be saving yourself great inconvenience on Registration Day.

That every registration taken beforehand is so much of the job done—so much of the load lifted from the overburdened registrar—so much congestion avoided.

Study your own convenience, aid the Volunteer Deputy, obey the law, and serve Canada, by registering early in the week if you can, or, in any event, early on The Day.

Issued by authority of

Canada Registration Board
