Modern Methods

In an endeavor to assist the public to know and see the new American ideas in Spring Footwear, we are having an opening on the 18th, 19th and 20th of February, and we are taking this opportunity to acquaint the public with the newest shapes and color combinations.

These three days will be especially devoted to fitting any and all persons who wish to acquaint themselves as to the correct size and width they should wear.

To ascertain the condition of a pupil's eyesight, and if a child is found to have defective vision, to be suffering from headache or other evidence of eyestrain, the parent or guardian should be immediately notified in order that it may have the proper attention. We make a specialty of such cases. If medical treatment is necessary, we do not treat, but cheerfully advise.
