curred in February of this year, when her being deliberately robbed.

The producer is not gaining anything through these huge combinations, rather the reverse. It would be ridiculous to contend that the three firms merged in order to deceive the public, which is being deliberately robbed.

The producer is not gaining anything through these huge combinations, rather the reverse. It would be ridiculous to contend that the three firms merged in order to deceive the public, which is being deliberately robbed.

The producer is not gaining anything through these huge combinations, rather the reverse. It would be ridiculous to contend that the three firms merged in order to deceive the public, which is being deliberately robbed. the above enterprise have done so with ack any view to benefiting anybody but themack selves. Their object is undeniably the
m. controlling of the market, however diffislk the their the perpet that largeletive It is just in this respect that legislative attempts to restrict the formation or operation of trusts fall so discouragingly. The business is conducted behind closed doors and the finances are so deftry

manipulated that it is next to impossible to discover the evidence which is neceso sary to ensure conviction.

But there is at least one course that is always open to a determined government of which is in earnest in opposing trade combinations, and that is a removal of

tartff protection. At all events the old plea, which has a certain amount of justification, of fostering and encouraging infant industries is ridiculously inapplicable to these heavily capitalized corporations, and there is no longer any reasonable grounds upon which to base the retention of tariff protection. So long as that remains these concerns will continue to build up huge profits at the expense of the general community, and it is high time that part of these profits, which comes from the enhanced price caused by the tariff, is allowed to remain in the pockets of the consumers.-Saska-

toon Phoenix. In the presence of a large attendance at the Selby public baths, F. A. Unwin, Sheffield, the English back-

DEVELOPMENT LEAGUE.

Annual Meeting Will Be Held in Victoria Next Month.

The annual meeting of the Vancou-the way of effective work for ver Island Development League will be ous bodies in this manner.

Up to the present about seven hundred have qualified on the householder and license holder civic franchise, which countant in an English town is prepared to join a small industrial con-

and Frank Ward, the stenographer. The commission has travelled about 2,000 finalles, vis.ting several cities in British columbia, and having made some inquiries over the border. The members of the commissions speak very highly of the manner in which the arrangements for expeditiously carrying out their itierary ger, David Williams, with the import of the commission will not be made in till after the remaining three sessions in held.

The WHITE SISTER.

Ing of the salmon pack this year, stated that it was in every way successful that it was in every way successful that it was in every way successful all along the northern coast.

The success of the Williams Theorem registration, those persons holding lain under agreements of sale having still to register and pay the road tax. Practically any British subject on age, who qualifies by paying the road tax and making the necessary declaration can secure a vote at the next civic election, which promises from present indications to be specially interesting.

THE WHITE SISTER.

he considered, and some definite policy adopted for carrying them out. The advantages of co-operation and united action are set out in the letter, and he elleves that much might be done in the way of effective work for the vari-

held in Victoria next month, and the secretary is in correspondence as to the fixing of the date. The majority of the McGaffey, who has been invited to atmeeting, ewing to the greater convenience of fransportation.

Two interesting letters reached the Viotoria branch of the league this morning One man writes from Benoul.

Transval, proposing to below the capital for the tend, approves of the scheme, but suggests the meeting should be called in Viotoria where the climate will be better for a big gathering than that of Winnipeg in the heart of winter.
