AUSTRALIA.—All politicians are looking forward with strong interest to the events of the next few days, when the Parliamentary verdict upon the O'Shanassy ministry will be given. Hitherto, since the sudden and unexpected overthrow of the Haines's administration which we chronicled in our last summary, almost all political topics have been purely prospective. Speculations have been rife as to the reception that Mr O'Shannassy will meet with, and indications have been abundant that the country has no faith in him as the head of the present cabinet, but whether he will be tolerated for the present still remains to be decided and found that question the political feeling of the time accumulates.

A numerously attended public meeting was held in the Protestant Hall, Melbourne, on the 9th instant, when the artisans and mechanics of this city mustered in great force, for the purpose of discussing the immigration scheme of the government, which has received the sanction of the legislative assembly, and awaits that of the council. Resolutions were passed condemnatory of the scheme as unjust in principle, bad in practice, and injurious in its results. It was urged by some of the speakers that there was plenty of labour in the colony; that there were numbers of men upon the gold fields who were able and willing to undertake the work of constructing railways, if the government would give them employment, and it was unjust to the working classes of Victoria to relieve the pressure upon the labour market in England, and glut our own, at the expense of the colonial revenue. The whole proceedings of the meeting were very creditable to the temperate feeling and intelligence of those who took part in it.—*Melbourne Argus.*

THE YACHT AMERICA.—*Porter's Spirit of the Times* says:

The inquiries which have recently been made to us of the whereabout and condition of the celebrated yacht America, with which we so gloriously distanced the combined yacht squadron of Great Britain, in the summer of 1851, are fully answered by the following extract of a recent article in a London journal, on the steam frigate Niagara. The London journal says: "While the monster American frigate is riding so proudly at Tilbury fort, there lies, almost within musket shot of her pennant, in a ship builder's yard, and we deeply regret to say, completely destroyed with dry rot, the beautiful yacht America, that so delighted our yachtsmen in the Solent." Alas! that we should so soon be called upon to record such a destiny to the "skimmer of the seas."

The people of Oswego, Canada, are in a state of great excitement, caused by the discovery of large numbers of pearls in muscle shells. One fourth of the male population of the city are said to be out every day, armed with hoes, rakes, &c., perambulating the country, and fishing with commendable diligence after the clams.

GODEY'S LADY'S BOOK for July has been received. This number commences a new volume, and we advise every body to subscribe at once at the commencement. The number before us contains 100 pages, 56 engravings, and 60 contributors. The fashion plate contains 7 figures, and is more than has ever been given before in a single plate. For many years we have received uninterruptedly Godey's Lady's Book, and can safely pronounce it superior in every respect to any other Book of the Fashions in America.

On Saturday last one of the five men drowned in the Falls about three weeks ago, named Collins, was picked up near where the accident occurred. He was buried on Sunday.

DRAMATIC LYCEUM.—This institution, since its opening, has been most successful. On Monday "Nick of the Woods" was performed before a very full house, and the piece was repeated on the two subsequent nights. Last evening a crowded audience assembled to witness "Rob Roy," which will be performed again this evening. The management is in excellent hands—the utmost decorum is observed in the building, and visitors uniformly express themselves well pleased both with the entertainments and the marked good order which prevails.

The past, present and future of Atlantic Ocean Steam Navigation, is the title of a pamphlet now before us. It was read before the Fredericton Athenæum on the 15th ult. by T. L. Vernon Smith, C. E. We have not as yet had time to look over it, but will at some future time give attention to the important subject.

GOVERNMENT APPOINTMENTS.—The Lieutenant Governor has been pleased to appoint provisionally—the Honorable James Brown to be Surveyor General: the Honorable John Mercer Johnson, junior, to be Post Master General: the Honorable Charles Watters to be Solicitor General: the Hon. William Henry Steeves to be Chief Commissioner of the Board of Works, and the Honorable James Brown and the Hon. Samuel Leonard Tilley to be Members of the Board of Works in this Province.

We would remind our readers that a sermon will be preached at Trinity Church next Sunday evening, by the Rev. Dr. Williamson, before the Church of England Young Men's Society of this City, and a collection taken up in behalf of the Sabrevois mission.

The Rev. Charles P. Bliss was inducted into the Rectory of the Parish of Sprinfield, King's County, on the 29th ult., by the Rev E. Scovil. One of the Church Wardens, Isaac Crawford Esq., assisted at the ceremony.

☞ 12th JULY CELEBRATION.—This day falling on Sunday, will be celebrated on Monday the 13th, when a Steamer will leave Indian Town for the Jemseg at 6 o'clock in the morning. A procession will be formed, which will proceed to the Church, where a sermon will be delivered before the body. This will make an agreeable river excursion.

☞ We are indebted to Colonel Favor, and Valentine's Express for late American papers.

CONCERT.—The Concert of the Germain Street Baptist Church Choir on Tuesday evening, though not equal to other Concerts by the same performers, was a great success, and entitles this excellent and talented Choir to the palm—so far as public Concerts by our own Provincial Performers is concerned. Some of the pieces were very deservedly and loudly encored, and gracefully repeated. Great praise is justly due to Mr. John Chaloner the spirited leader. We rejoice to learn that the Concert will be repeated.—*Fem. Tel.*

NOTICE.

THE undersigned in returning thanks for the very liberal support he has received from his town and Country friends and the Public generally, since he has been engaged in business on King Square, begs to inform that it is his intention to close his business until about the 1st Nov., to enable him to collect a large amount of debts due to him in City and Country, and about that time he will be prepared to re-open his Store with an entire new Stock of Groceries and other Goods necessary for a country and town trade—wholesale and retail. His object in taking this step is that in going to the country to collect what is due him he would neglect his business in town.

☞ All persons indebted to him are requested to call at his old Stand and settle their accounts either by Cash or Notes of Hand without further trouble, as the Books will be found there.

L. MITCHELL,
July 10. North side King Square.

St. John, N. B., 16th May, 1857.

Harris & Allan

INVITE especial attention to the New Screw STEERING GEER manufactured by them, which can be seen at their Establishment. They confidently recommend to all Ship Owners and Masters, as the best Ship-Steerer now in use. It works easier, and more promptly than the common tiller with ropes and blocks, and can be worked easily by one man in the heaviest gale. By an ingenious arrangement, a gradually increased power over the Rudder is obtained, which prevents sudden jirks, so well known to nautical men with the common gear. Its action is direct, prompt, and is not liable to get out of order. For strength and durability it is superior to any other apparatus that has yet been applied, and will be sold considerable lower than they can be imported.
