503 Public Building

October 30th, 1941.

Copy for the information of Indian Affairs Branch, Ottawa.

Dear Sir:

Confirming my conversation of today's date I enclose herewith copy of letter which is being sent to Dr. T. F. Murray, Agent, Sarsse Indian Reserve in regard to the right of way for a road, gas line, water line and surface rights required for Major Oil Investments Ltd. No. 11 well on projected Legal Subdivision 12 of Section 9 in Township 23, Range 4, West of the 4th Meridian, Sarsse Indian Reserve and which I trust is in accordance with your understanding of this morning.

Mr. Schultz has just handed me three white prints showing the survey of the well site as made by R. V. Heathcott, Dominion Land Surveyor, and dated the 27th day of October 1941, one of which you will note is being sent to the Agent.

Yours very truly,

F. M. Steel
