## POLICE CAPTURE AN ALLEGED FIRE BUG

**In John O'Brien, Arrested Last Evening, They Think they Have Man Responsible for York Point Fires.**

During the past three months there have been a number of incendiary fires in the York Point district, and as a result more than \$10,000 of damage has been done. The R. P. and W. F. Starr coal sheds, with Gibson and Co.'s coal sheds, have been damaged, while the I. C. R. warehouse was damaged to the extent of several thousands of dollars. The alarms in this district have been frequent and all have been traced to a fire bug.

Last night there was an alarm from box 8, and a fire was found in the basement of a North street house owned by John F. Gleason, and occupied by Mrs. Cornelius McCarthy, and Mrs. James Walsh. The fire was a plain case of incendiarism, as it was in a section of the basement room for the storage of firewood and boxes. A stream from chemical No. 2 soon put out the fire and the damage was slight.

Robert Crawford, an ex-policeman, has been doing night duty in the district for some weeks looking for the fire bug and after the alarm that was sent in last night he and Policeman Wittman arrested John O'Brien, aged 19 years, and he is charged with being drunk, also on suspicion of setting fire to the Gleason building. The police and fire insurance companies have been working hard on the York Point cases, and this case will be watched with interest.

A resolution was submitted from the lot owners of Fernhill cemetery in regard to the proposed extension of the Street Railway to the rear entrance of the cemetery.

Following is the resolution:

"The Lot Owners of the Fernhill Cemetery wish to express their disapproval of the action of the municipal council in declining to permit the Street Railway Co. to extend their line to the rear entrance of the cemetery unless they also extend it to the front entrance."

"This condition they regard as an unreasonable one which the Street Railway Co. could not be expected to comply with, and therefore the Lot Owners of the cemetery request that the condition be withdrawn by the municipal council, otherwise the Lot Owners of the cemetery will suffer a great inconvenience."
